THE GREATEST REMEDY EVER INTRODUCED.

FOR SPRAINS IT IS THE CURE. Read the following from Mr. J. W. Gray, Clarence-street, Ponsonby.—Dear Sirs,—I am sending you my honest experience. I was suffering from an attack of Lumbago, very severely, and ONE APPLICATION CURED ME; again I had a VERY HEAVY FALL, and "Ye Bishop's Bottle" worked wonders, in fact it cured me at once.

We have all to thank you very much for the gift you made when you presented the Stratford route party with a Bishop's Bottle. This was the only medicine the party had on the journey, and we applied it to every complaint—to sore throat, swollen lips, toothache, and even as an antidote to the stinging of the poisonous onga-onga, and in all cases we were surprised at its efficaciousness. When I was very ill, after being stung with this poisonous nettle, I got great relief from Bishop's Bottle. I may say, when we finished with the medicine, we hung the bottle up on a tree as a memento to future parties of our exploration in this country, and there the bottle will hang for many a day as a standing advertisement to all who pass that way.

DEAR SIR,—Whilst travelling over the proposed route from Oparuru to Stratford, the party used the contents of 'Ye Bishop's Bottle' for many ailments. We found it gave quick relief to the pain caused by the sting of the poisonous onga-onga, and I personally obtained great benefit from its use.

I have much pleasure in testifying to the great benefit derived by me from using the Bishop's Bottle. I have suffered severely for a long time from rheumatic gout, but the one bottle I got from you gave me almost instant relief, and you are at liberty to use this testimony as you may think fit.

DEAR SIR,—I have much pleasure in giving my testimony to the efficiency of your medicine, called 'Ye Bishop's Bottle,' for the instantaneous cure of toothache; as, after suffering for a fortnight, it cured me as if by magic in a few seconds.

THE Unfailing Maori Remedy,

TAKARO CURES

Cuts, Mange, Ulcers, Sore Teats, Saddle Galls, Cracked Heels, Sprains, Swellings, Greasy Heels, Over-reaches, Swollen Udders, &c., Sores and Wounds of every description on HORSES, CATTLE AND DOGS.

TAKARO is prepared both as an OINTMENT and a LOTION. Flies will not approach any part to which the Lotion has been applied.

On account of its peculiar taste, animals will not lick Takaro from the wound.

In every case in which Takaro has been used, the cure has been so speedy and so complete that the proprietors feel fully justified in recommending it as the BEST REMEDY OF ITS KIND YET DISCOVERED. Its value has been thoroughly proved by leading HORSE-OWNERS, TRAINERS, TRAMWAY MANAGERS, CARRIERS

and others, who all speak in the highest terms of its wonderful healing properties, as evidenced by the following letters selected from a number of

TESTIMONIALS.

From Messrs Delamain and Co., Hink Stables, Christchurch, by special appointment to His Excellency the Governor. Christchurch, July 18th, 1892.

DEAR SIRS,—We have tried your mixture, Takaro, and have found it the best remedy we have yet used for Chapped Heels and Mud Fever among horses. We have no hesitation in recommending its use for either of the above purposes. DELAMAIN AND CO.

From Mr J. Thomson, Manager New Brighton Tram Stables. Christchurch, June 8th, 1892.

SIRS,—I have used your Takaro on a horse in our stables which had, as I thought, incurable Greasy Heels, but on applying your Lotion and Ointment for eight days I was very much gratified to find that I had been mistaken, as I have got a permanent cure. J. THOMSON.

From Mr W. Kerr, Christchurch, one of the most successful trainers of trotting horses in New Zealand. New Brighton, June 11th, 1892.

SIRS,—I have much pleasure in testifying to the efficiency of your Takaro Lotion and Ointment as a sure cure for Cracked Heels and other Sores on horses. I had one horse under training which was very bad with cracked heels, and I could not get him cured, although I tried two or three different treatments. Happening to hear of your Takaro, I tried it and got him all right in a week. I should advise all men who use horses to keep it in the stable. W. KERR.

From Mr Charles Kerr, Christchurch, the successful trainer of trotting horses. New Brighton, June 10th, 1892.

SIRS,—I have used your Takaro, and have much pleasure in testifying to its efficiency. I am sure it is the best preparation in the market for Cracked Heels which we trainers are very much troubled with. CHARLES KERR.

From Mr W. J. Blake, Christchurch. Christchurch, June 19th, 1892.

SIRS,—I have used your preparation, Takaro, and I will say it is the best thing I have ever seen for Cracked Heels; and also for Saddle and other Sores on horses. W. J. BLAKE.

From Mr H. Piper, Upper Riccarton, near Christchurch, the well-known and successful trainer. Upper Riccarton, 11th June, 1892.

SIRS,—I have great pleasure in testifying to the good results gained by using Takaro as a soothing and healing ointment. For all sorts of wounds on horses it cannot be equalled. H. PIPER.

Christchurch, June 4th, 1892.

SIRS,—I have used Takaro, both Lotion and Ointment, on several horses in training for Cracked Heels and Grease, and I find it an excellent preparation, completely curing them in a few days. JAMES MUNRO.

From Mr Thomas Free, Christchurch, owner of the trotting stallion, Young Irvington. Christchurch, June 1st, 1892.

PATTERSON'S HORSE RELIEF is the Best in the World, and can be used with confidence as an outward application. It is a well-tried Remedy, and as the hundreds of Testimonials can show, has proved itself worthy of its name.

What wonderful time we're living in, and almost past belief, Are the marvellous cures effected by PATTERSON'S HORSE RELIEF.

For Influenza and Sore Throats, Sore Shoulders and Sore Backs.

'Tis good alike for Racing Stud, Draught Horses or common Hacks;

Chapped Heels, Rheumatics, Cuts and Wounds —for Blistering Horses too—

It must be seen to be believed the good that it will do.

Of all the preparations made this is the very chief, Nought can compare throughout the world with Patterson's Horse Relief.

'Twill cure Mud Fever in the Horse, Sore Udders of the Cow,

Ringworm in Calves, or any hurt that happens to Bow-wow.

Some men profess to tame the horse like Rarey or Bellew.

But PATTERSON can keep him sound—that's more than they can do.

The Horse, although he cannot speak, will thank him with his neigh,

The Cow will moo, the Calf will bleat, the Donkey he will bray;

Dogs lick the hands and frisk about—see how they wag their tails,

Because they are cured—for PATTERSON'S RELIEF it never fails.
