From Mr. J. Bray, Manager Invercargill Tramway Company.

Stas, --Having used Takaro as a remedial for cuts, bruises, etc., I have much pleasure in testifying to its efficacy; in fact I consider it the best preparation that has yet come under my notice. J. BRAY.

From Measrs. D. and J. Bacon, of the Queen's Livery Stables, Dunedin, by appointment to Lord Onslow.

Dunedin, July 20, 1892. We have much pleasure in certifying that we have used your Takaro Ointment and Lotion, and find it to be one of the best preparations we have ever used for wounds, cuts and bruises, and greasy heels on horses. When properly applied it tosts very quickly. It is an invaluable appli-cation for fresh flesh wounds, as flies will not approach the part to which it has been applied. We can confidently recommend Takaro to anyone owning horses and cattle. D. & J. BACON.

From Messus. Smith and McKewan, Tramway Stables, Dunedin (employing more than 300 horses).

Dunedin, March 31, 1892. BIRS,-We have much pleasure in certifying to the merits of the New Zealand Ointment and Lotion named Takaro, which we have used on our horses. It is an ex-cellent ointment for sore shoulders, healing the wound in a wonderful man-er. We have tried it and the Lotion for greasy heels, and found them to do all that is claimed. We strongly advise horse owners to try them, as without doubt they are the best remedies we have tried. SMITH & MCKEWAN.

ONCE TRIED ALWAYS USED

Dunedin, July 22, 1892. BIRS,—I have much pleasure in testifying to the good qualities of your Takaro Ointment and Lotion. I will instance two cases which will give you some idea of their value. One was a bruised hed. Half the heel was knocked off by a log of timber. This was cured in a very short time with your Ointment and Lotion. The next case was a very obstinate one of Sallenders with considerable swelling and discharge. A diuretic ball, and a week's treatment with the Takaro Lotion and Ointment removed both the discharge and the swelling. The gratifying feature to my mind is that in both case the horses were able to do their work all the time, a thing which I could scarcely have believed had I not had them under my own observation. I have much pleasure in recommending your remedies to horse owners, as I think themin valuable. James GIBSON.

From Messrs. James Dathie & Co., the well-known Rail-way and General Carriers, and Contractors to the New Zealand Government. Durodin, July 12, 1892 Dunedin, July 12, 1892.

SIRS,—It gives us much pleasure to testify to the ex-cellence of your Takaro Lotion and Ointment. We have used both in our stables for Gressy Heels, Wounds, etc., and have always found it act most satisfactorily, and we shall have much pleasure in recommending it to all horse proprietors. JAMES DUTHIE & Co. proprietors.
