To MR PARKER,

DEAR SIR,

I want to tell you how EXCELLENT I find your "Hair Tonic." The various changes of climate I have experienced in travelling these past few months had a most distressing effect on my hair, but after using your tonic for one week only, I find my hair recovering all its previous LUSTRE and STRENGTH. Allow me to thank you for your DISCOVERY.

Faithfully,

NELL E. STEWART.

You get "out of sorts," and you put it down to the weather. You feel depressed and nervous, and blame the influenza for that. You soon get tired and languid, and fancy your work is too much for you.

You know very well that you are "run down"—nerves unstrung, appetite poor.

Where is the sense in going on like that? How fit are you to ward off the scores of diseases that are waiting to attack weakened men and women?

ECCLES'

PHOSPHOR-TON

The Great Nerve and Brain Food

FOR LOSS OF APPETITE, ENERGY, AND VIGOUR.

We are not going to urge you to take some quack remedy that pretends to cure every trouble known to physicians, but, for a Brain, Nerve, and Muscle Stimulant and Food, very honestly do we recommend ECCLES' PHOSPHOR-TON.

It is the very thing you want, for it contains those elements which are needed to form and build up the wasted tissues of an enfeebled system.

Its composition is the result of study and experiment, and Phosphor-ton is acknowledged to be the Ideal Tonic and Restorative.

Now don't shilly-shally another day. You want a Restorative—here's a real one.

Prices, too, are moderate—32 doses for 2/6; 64 doses for 4/6; 128 doses for 6/6.

All Chemists and Storekeepers stock Phosphor-ton, or can procure it from their merchants.
