THE STUD.

THE THOROUGHBRED STALLION.

BEN GODFREY,

Will Stand this Season at ROYAL OAK, ONEHUNGA.

Table listing pedigree of Ben Godfrey, including sires like Stockwell, Pocahontas, Teddington, and daughters like Marigold, Thormanby, Hurricane, etc.

BEN GODFREY is a beautiful bay horse by St Leger dam Welcome Katie, by Musket; granddam, Dundee's Katie, by Dundee; great granddam, Rambling Katie. BEN GODFREY is ten years old, perfectly sound, and proved himself one of the fastest horses on the turf. He comes from the stoutest blood possible. TERMS: 25 5s. For full particulars apply to FRED. STENNING Royal Oak, Onehunga.

THE IMPORTED THOROUGHBRED STALLION

SOULT,

Will stand this season at GLENLORA PARK STUD FARM, PAPA KURA (NEAR AUCKLAND).

SOULT is one of three St Simon stallions in New Zealand, and will serve a limited number of mares during the forthcoming season. His pedigree must impress owners of mares having the stout Musket blood in their veins. The celebrated English mare La Fleche, recently sold for 12,000 guineas, gave an example of the value of the St Simon-Musket cross. SOULT, amongst numerous races, won the Lane Stakes of 500sovs, Liverpool Stewards' Stakes of 500sovs, Ovingdon Stakes of 250sovs, The Match (at Newmarket) of 900sovs, and Brighton Plate of 150sovs. In these races he beat some of the best running in England, viz—Worcester (City and Suburban Handicap), Sylvanus, Fatherless (winner of Great Metropolitan), Simony, Son of o' Gun, El Diablo, Perigord, Miss Butterwick (Oaks winner), Gang Awa (Goodwood Cup winner), Marston, Portrush, and several others, and was a good performer at all distances. St Simon, the sire of Soult, is at the head of winning sires in England, and the few sons of St Simon at the stud in England—St Serf, Haat Brion, and Adieu—have proved themselves winner-producers. In fact, St Serf is second on the list of winning sires, his sire holding premier position. St Simon, the champion of England, being the sire of Soult, and this must impress upon owners of thoroughbred mares the advisability of making an early application for this valuable young and fashionable stallion's services. Beauharnais, dam of Soult, won several races at Newmarket, and is also dam of Barbella, Wild Beauty, The Beau, and Hortense, all winners. Her sire, Sea Saw, won twelve races, and her grandsire, Buccaneer, won fifteen races. Josephine, her granddam, was also a great winner. Inheritas, her great granddam, won forty-seven races, thus conclusively proving the great running strains on the sire and dam's side in Soult's pedigree. SOULT, sire of Lady Avon, winner of the Avondale Stakes, 1899, beating Beddington, Val Rosa, and nine others. Owners of Musket blood mares should secure the service of this horse, as Bobadil is by a St Simon horse out of a Nordenfeldt mare. St Simon bred horses have sired the crack two-year-olds in Australia.

Table listing pedigree of Soult, including sires like Voltaire, Mrs Ridgway, Flying Dutchman, Harkaway, Pocahontas, and daughters like Marjory, Protection, Sir Hercules, etc.

THE STUD.

Terms—10 guineas single mares; 8 guineas two or more mares. Grazing, 2s 6d per week. Every care taken, but no responsibility.

SWORDFISH II.

By Hotchkiss, out of Fishgirl by Yattendon—Fanny Fisher by Fisherman. From the above pedigrees it will be seen that Swordfish II. combines the best racing blood in the Australasian colonies—viz., the Musket, Yattendon, and Fisherman strains. Swordfish II. won the Wanganui Jubilee Cup, one mile and three-quarters, carrying 8st 9lb in 3min 4 1/2-sec, a New Zealand record; Egmont Cup, Atkinson Memorial Stakes, and several other races. He is a dark brown horse standing 16 hands 1 inch. He has a splendid temper, and is extremely quiet. Terms—£12 12s for a single mare; £10 10s for two or more mares the property of the same owner. Grazing, 2s 6d per week. Every care taken, but no responsibility. For further particulars apply to WM. WALTERS, Glenlora Park, Papakura.

SYLVIA PARK STUD

THE UNDERMENTIONED THOROUGHBRED STALLION WILL STAND AT SYLVIA PARK THIS SEASON.

Table listing various stallions at Sylvia Park Stud, including Stockwell, Edith, Plum Pudding, Judy Go, Lord of the Isles, Miss Ann, Thormanby, Woodbine, Newminster, The Slave, Orlando, Torment, Harkaway, Pocahontas, West Austr'n, and Maria.

SEATON DELAVAL has proved himself beyond doubt an exceptional success at the Stud. Every one of his progeny that have started, with one exception, have been returned winners. He produced in the first two years that he was at the Stud the following Winners:—Miss Delaval (winner of C.J.C. Derby, Great Northern Derby and New Zealand St Leger), Rosella (a big winner), Hastings, Jim Kean, Leticia, Blue Paul, Belfast, Spark, Beddington (one of the best performed two-year olds of the season), Val Rosa (winner of A.R.C. Welcome Stakes and other races), Paul Seaton. Melton, the sire of Seaton Delaval, is now considered one of the most fashionable sires in England. Terms for Approved Mares: 80 guineas for Single Mare; 25 guineas for two or more Mares, the property of one owner. Grazing at Sylvia Park by arrangement. All care taken but no responsibility accepted. L. D. NATHAN AND CO., Shortland Street.

TO STAND THIS SEASON AT

DEVONPORT, CUIRASSIER, BY MUSKET—FRAILTY,

Full-brother to Trenton, champion sire of Australia sold for 7000 guineas, and stands in England at 200 guineas with list full. Last year Cuirassier was second on the list of winning sires, and this year fifth, with very few representatives. TERMS: 15 guineas. First-class grazing and water very care, but no responsibility.

Waterloo,

This well-known Stallion, bred by Thomas Morrin, one of the few remaining direct descendants of the great Musket, will stand the Season at Cambria Park, Papatoitai. With few opportunities he has got several good horses, the latest successful performer being The Needle. As a racehorse he showed himself to be one of the fastest horses in the colony by carrying a 10lb penalty and beating that great mare Mitrailleuse at weight for age, over her favourite distance of six furlongs. He was never beaten, but on one occasion got left at the post, and took no part in the race. Will serve a limited number of approved mares at 25 5s.

REDCLIFFE

Architects should specify REDCLIFFE CROWN Brand Galvanised Corrugated Iron. There is none better manufactured. Lighter sheets of other brands must be thinner, and will not last as long or give the same satisfaction. Contractors should not be misled by erroneous statements, such as are advertised by rival importers.

GALVANISED

REDCLIFFE is the cheapest first-class Iron in the market. The sheets are wider, thus a larger surface can be covered with REDCLIFFE than with other brands. BY CYCLOS.

THE AUCKLAND CYCLE ROADS LEAGUE.

Messrs P. A. Vaile, J. A. Cooper, and A. A. Davies, acting for the League, and the chairman of the Epsom Road Board, Mr Samuel Hesketh, on behalf of the Board, have settled upon a set of conditions upon which members of the Auckland Cycle Roads' League are allowed to ride on the Epsom Footpaths. The various conditions and rules are as follows:—(1) The league is responsible for careful riding and good conduct of members; (2) members cycling on Epsom footpaths must wear league's badge and carry printed card of rules supplied by club; (3) every member must ring his bell 20yds from a pedestrian; (4) members meeting or overtaking pedestrians or passing street corners must slow down at a distance of 20yds to a speed not exceeding five miles an hour or dismount; (5) scorching is prohibited; (6) the time during which cycling on footpaths is allowed is from sunrise to sunset; (7) members causing annoyance or injury to pedestrians shall be dealt with by the league, which pledges itself to assist the Board in prosecuting offending members and indemnify it against expenses; (8) league at its own expense to post notices of the conditions in conspicuous places throughout the district; (9) the privilege may be modified or revoked at any time if complaints are made by the residents or pedestrians. It should be noted that the concession extends only to members of the league, wearing the league's badge, and cyclists who are not members, or who, being members, use the footpaths when not wearing the badge, are liable to prosecution. League members can now enjoy a smooth run from Newmarket to Greenwood's corner. Needless to say, the league is delighted at the manner in which the Epsom Road Board has met it, and hopes to obtain on similar terms further concessions ere long. The privilege granted practically puts every member of the league availing himself of it on his honour to assist the Board in every way to maintain order and the rights of pedestrians.

The hon secretary of the Auckland Cycle Roads' League received, last week, a telegram from Mr Geo Fowlds, M.H.R., as follows:—"Government will introduce Bill in the Council, if passed, there will take charge in the House." This finally sets at rest any doubt that may exist as to the intention of the Government in connection with this measure, and, as there is practically no opposition to the Bill throughout the colony, cyclists may look forward to being able to provide themselves with good tracks at no distant date.

At Manchester on July 14, Platt-Betts lowered the one-mile flying paced cinder track record to 1min 47.2-5sec. The previous record was 1min 54.3-5sec.

There is a knack in hill-climbing, which takes some little time to acquire. The figures some riders cut even on the level would mark them as very bad hill-climbers, although it must be added that very few, cyclists retain their gracefulness of riding when a stiff incline is tackled. Many riders wobble unreasonably when ascending a hill, which not only increases the labour of the task, but also renders them sources of danger to any one descending. To secure the best results of one's efforts in hill-climbing, the pressure on the pedals must be even and steady; an inclination forward renders the work somewhat easier, inasmuch as it keeps the weight of the body falling forward, which in its turn, is utilised to increase the pressure on the pedals. No swaying of the body from side to side should be indulged in, as it increases the labour of propulsion, and adds greatly to a riders unsightliness.

AUCKLAND AMATEUR ATHLETIC CLUB'S ANNUAL MEETING.

The Auckland Amateur Athletic Club held their twenty-third annual meeting at the Amateur Sports' Club rooms on Friday evening last. There was a good attendance of members, Mr S. Thorne George (President) occupied the chair.

The Committee's annual report, read by the secretary (Mr Ohlson), while congratulating members on the successful racing at the Spring and Autumn Carnivals, expressed regret that, owing to adverse circumstances, these meetings resulted in financial loss. The accompanying statements, however, showed the Club to be in a sound position, and, with the apparent increased interest in amateur racing, the ensuing season was expected to prove a profitable one. At the N.Z.A.A. Association's Championship Meeting, held at Wellington on February last, the Club was represented by Messrs Smith, Laurie, Madill and Dickey, and these, though forming numerically a small team, succeeded in securing the Championship Banner—a performance which must be considered highly creditable. George Smith won the 100yds and 250yds Flat and the 120yds and 440yds Hurdles, and, as the heats and finals of all championships were decided on one day, this result must rank as one of very considerable merit. C. C. Laurie won the Pole Vault and High Jump; J. Dickey secured 2nd prize in both the One and Three-mile Walks; while W. H. Madill was successful in the Hammer and Shot events. Messrs Laurie and Madill succeeded in gaining Standard badges. At the Australasian Championship Meeting, held at Queensland on November 9th, 1899, New Zealand won the Australasian Championship, being represented by a team of five, four of whom, Smith, Madill, McAffer and Te Paa, were members of the Auckland A.A. and O. Club. Smith won the 440yds Hurdles, McAffer the One Mile Walk, Te Paa the Pole Vault, Madill, the Hammer event and Malthus (South Canterbury) the Three-mile Run, individually, and as a team, thus worthily maintaining the honour of the colony they represented. At the Spring Carnival, F. Ewen, by his victories in the Two-mile and Five-mile Bicycle Handicaps, succeeded in winning the Club's Victor Ludorum for Cycling, while, at the Autumn Carnival, H. A. D. Anderson, after a tie with H. G. Bell, by his victory in a 600yds test subsequently held, secured the Victor Ludorum for pedestrian events. Upon the programme of the Spring Carnival was placed a Two-mile Bicycle Alliance Championship, which produced entries from Christchurch, Waikato and Auckland, and resulted in a win for H. H. Brookes (A.A.A. and O.O.), with H. Coates (Waikato A.A. and O.O.) second. The 100yds Schools' Championship, run at the Spring Meeting, was won by G. A. Ilbert (Auckland College and Grammar School). The Annual Bicycle Road Race of the Club was held on May 24th, G. W. Spragg securing first prize, with O. Henning second. The thanks of the Club were due to Messrs W. Tonks, G. B. Ritchie and E. Lees (Delegate to the N.Z.A.A.), and also to its delegates on the N.Z. Cycling Alliance.

The balance-sheet showed assets £261 5s 10d, including £116 9s 11d in the hands of the trustees; the liabilities were nil. The receipts for the year were £544 11s 8d, and the expenditure left a credit balance of £24 15s 11d, notwithstanding that there had been a loss of £73 5s 2d on the Autumn, and £3 0s 6d on the Spring Meeting. Apart from the expenses of these two meetings, the Club had subscribed £25 towards the expenses of the New Zealand team, sent a team South at a cost of £22 4s 6d, and donated £10 10s to the "More Men" Fund.

The Chairman, in moving the adoption of the report and accounts, congratulated the Club on the achievements of their members at the Australian and New Zealand meetings. Those were records of which they ought to feel extremely proud. Financially, the Club was in an exceedingly good position, although there had been a loss on last season's meetings. He trusted they would do better this year.

The election of officers resulted as follows:— Patron, Lord Banbury; Vice-Patrons, Messrs J. H. B. Coates, John Marshall and S. Thorne George; President, Mr C. E. MacCormick; vice-presidents, Messrs Leo Myers, George Dunnett and F. W. Edwards; hon secretary, Mr F. J. Ohlson; hon treasurer, Mr C. E. Palmer; auditor, Mr W. R. Holmes; committee, Messrs S. W. Somerfield, O. Hesketh, J. Farquhar, W. H. Martin, A. A. Davis, W. Dickey, W. Mercer, W. H. Toy, Alex Williamson, E. R. Dacre, W. W. Pilkington, W. H. Cooke and George Henning; delegates to the Cyclists' Alliance, Messrs MacCormick and Ohlson; delegates to the N.Z.A.A.A., Messrs Lees, Ritchie and Tonks.

The secretary of the Auckland Cycling Club wrote asking the Club to combine with them in an opening run to Potter's Paddock on October 6th, afterwards playing a friendly game of football, one club against the other, teams to be composed of bona fide cyclists, not necessarily racing men. The letter was referred to the Committee to deal with.

Mr C. E. Palmer moved:—"That the delegate of this Club to the N.Z. Cyclists' Alliance be instructed to vote for an amalgamation with the N.Z. League of Wheelmen on the terms submitted by the sub-committee of the N.Z.A.A.A. last year, with the exception of clause 6 ('That for the time being, up to some period to be decided upon, the control of the amateur section be exercised from Auckland')."

This motion was carried unanimously.

The usual honorariums of £10 10s to the secretary and £5 5s to the treasurer were voted. Mr MacCormick, the out-going treasurer, stated that he would return his honorarium to the Club in the shape of a trophy for the next Spring Meeting, an announcement which was received with loud applause.

Mr MacCormick moved, and Mr Cooke seconded: "That it be a recommendation to the Committee to take steps to alter the constitution of the Club so as to admit professional cyclists." Mr MacCormick said he did not imply that he was in favour of admitting cash cyclists, he only wanted to get the feeling of the Club on the matter.

After a long discussion the motion was negatived by a large majority.

Votes of thanks were accorded to the retiring President and out-going officers.

ROBERTS V WEISS FOR £500 ASIDE.

The following are the Articles of Agreement entered into between John Roberts, of London, on the one part, and Frederick H. Weiss, of Sydney, on the other part, for a match at Billiards, for a stake of £1000 (£500 aside), the said match to be played in two sections, viz: one in Sydney, and the other section in Melbourne, under conditions hereinafter cited and mutually agreed upon:—

The Principals to the Agreement agree to meet in a Billiard Match, 21,000 up, with Bonzoline Balls, the said John Roberts conceding the said Frederick Weiss 7000 points start in 21,000 points up, for a Stake of £1000 Three hundred pounds each (£600 in all) being deposited in the custody of the Stakeholder on Wednesday, September 5, 1900, and the balance of the stake-money £200 each (making £1000 in all) must be in the hands of the Stakeholder not later than Wednesday, September 19, 1900. With the mutual consent of the players, the stake-money may be increased to £1000 (£1000 aside).

All moneys accruing from admission and other receipts shall be apportioned as follows:—The said John Roberts to receive two-thirds, and the said F. H. Weiss to receive one-third of the gross proceeds, such third to be first charged on the takings for admission.

That the whole of the takings for admission, etc., must be placed daily to the credit of an account in some bank to be mutually agreed upon. One party to these articles to appoint check-takers, and the other party to appoint cash-takers.

That both parties agree to the match being played in two sections, viz: Six days in Sydney (commencing on the 10th October, 1900), and the remainder of the match in Melbourne, commencing in that city on the 18th of October.

The said match to be played under the latest Revised Rules of the Billiard Association of Great Britain, with the following limitation:—

That "corner" or "jambed" cannons be barred by a baulk line extending seven inches from cushion to cushion at the four corner pockets, and that only two consecutive cannons be allowed inside such "protected area."

That the match be played with Bonzoline Balls—a complete new set of such balls being supplied. Such set of balls to be agreed upon mutually by the players, and in the event of their being unable to agree, the referee to decide.

That the table be ironed between each session to the satisfaction of the referee.

That the match be played upon "Standard" tables, and according to the measurements of the templates of the Billiard Association. The table in Sydney to be supplied by Messrs Heiron and Smith, and in Melbourne by Messrs Alcock and Co.

That the markers be appointed by mutual consent.

That the balls where the games are to be played in be agreed upon by mutual consent.

That both parties hereby agree to Mr Phil Glenister to act as referee for the match, and in the event of his being unable to officiate at any time during such match they hereby agree to his appointing a substitute.

That the Sydney Referee be the Stakeholder.

Both parties to these articles agree that in the case of any question cropping up not provided for in these articles, they will only agree by mutual consent.

That in the event of either party to these articles failing to comply with the above-enumerated conditions, the one so at fault shall forfeit all right to all moneys deposited with the Stakeholder.

That each session last two hours—from 3 to 5 o'clock in the afternoon and 8 to 10 o'clock in the evening.

THE ASSOCIATION CHAMPIONSHIP TOURNAMENT.

AUCKLAND EASILY DEFEAT WELLINGTON.

The Association Championship tournament commenced on Thursday afternoon last at Potter's Paddock, when Auckland met and defeated Wellington by six goals to one. The weather kept fine until noon, when it gave signs of breaking, and as the time for play approached steady rain set in, and this continued during the greater part of the afternoon. The attendance was not very large, but those present seemed enthusiastic in the game, and they were rewarded for their journey by a very good game considering the unfavourable circumstances under which it was played. Mr W. Heather, who officiated as referee, gave every satisfaction, as also did Messrs Smytheman and Kactt, line umpires for Wellington and Auckland respectively. The personnel of the two teams were as follows:—

Auckland, from the kick-off, quickly worked the ball down into Wellington's quarters, and had things pretty well as they liked until Clarke again cut in and brought play back to the home team's territory, where Bellamy saved a possible score with a good bit of play. On the resumption of play Wellington resumed the attack, and Paton attempted to head a good centre through the posts, but failed, and V. Heather getting possession of the ball, sent it well into neutral territory, and his fellow forwards took the ball close to the visitors' goal, but in their eagerness to score kicked over. V. Heather shortly afterwards threw away a good chance by shooting instead of centreing the ball, and shortly afterwards Smith and Richards spoilt each other by both trying to take the ball at once. A little later Auckland were awarded a corner, and Sawbridge neatly placed the ball in front of the net, where the Auckland forwards nearly succeeded in scoring. Collins and Wells worked the ball back to the home goal after a fine dribble, but the latter ran the ball over. The home team now livened up, and V. Heather, after beating Godber, shot at goal, but Burns stopped and Gober kicked over. Goldie shortly afterwards had a shot, but the ball struck Swain and crossed the line, and Auckland were awarded a corner. Smart took the kick, but the only result was that the ball was again kicked over the line. Shortly after this C. Heather beat Burns by a beautiful shot, from a pass from Austin Smith, and registered Auckland's first

another goal. (Auckland 4, Wellington 0). From the kick-off Martin sent down a low shot, which grazed the goal, and Smith and Heather Bros, getting the ball, carried play into Wellington's quarters, where Godber kicked into touch. Wellington pulled themselves together, and invaded the home goal, but Southall saved. Goldie took the ball well up the field on the left wing, and essayed a shot at the goal but failed. About 15 minutes from time Austin Smith scored Auckland's fifth goal. (Auckland 5, Wellington 0). Wellington again livened up somewhat, and about ten minutes from time McDonald beat Hayman, and sent in a fine shot, which Southall missed. (Auckland 5, Wellington 1). Play from this out became fast, and Wellington on several occasions took shots at the home goal, but failed. Just on the call of time Richards shot Auckland's sixth goal, and the bell sounding, left Auckland the winners by 6 goals to 1. Wellington seemed to have slightly the best of it at the outset, but the home team asserted their superiority before the game was far advanced, and held it throughout the game. Burns, the Wellington goal-keeper played a really good game, and the shots which he missed were really hard ones to stop.

OTAGO BEAT AUCKLAND.

The final match for the Championship was played at Potter's Paddock on Saturday afternoon last between the Otago and Auckland representatives. The attendance did not come

local forwards rallying gradually worked the ball back, only to loose possession however, and Middlemas gaining it ribbled well towards Auckland's quarters. With a nice centre he put the local goalkeeper on the defensive, and he saved by kicking out. Austin Smith, with a fine dribble, put the Southerners on the defensive, and then passed to C. Heather, who improved matters until he was beaten by Dodd, who kicked into touch. Auckland returned to the attack, and looked decidedly dangerous until the Otago goalkeeper threw out. This gave the visitors an advantage, and they charged down the field until Wright was met. He sent the ball back with a long kick, and it was taken to within a few yards of the Otago goal, where McMillan saved by kicking over the line. Auckland got a corner. Otago cleared, and by combined play, pressed Auckland hard for some minutes, Wright ultimately saving. Morrison, with a good kick, placed play in front of Auckland's goal, but their chance, a rather easy one, was spoilt by the ball being kicked over the line. The Southerners kept up a strong attack on Auckland's goal for some time, until O. Heather took the ball down from mid-field, and passed to his brother, but his kick was not hard enough, and G. McMillan saved. The visitors again put Auckland on the defensive, and J. McMillan essayed a shot from open play, but kicked too easily, and Wright cleared Auckland's lines. The ball travelled well into Otago's territory where Goldie spoilt a good chance by

THE PLAY.

Auckland won the toss, and took advantage of the strong wind which was blowing from the western goal. McDonald set the ball going for the visitors, and Austin Smith and V. Heather started a likely rush, which was, however, doomed to disappointment, as Clarke cut in and spoilt. The blue and whites again rushed down the field, but the ball went over at the corner. Wells, on the resumption of play, got in a fine dribble and kick to centre, which put Auckland on the defensive. Wellington got a corner, but the kick in proved resultless, as the ball was headed over the line. Auckland rushed the visitors' goal, but spoilt by Bellamy kicking over. Collins headed a dangerous rush on the black and white's territory, but slipped when near the goal, and Southall quickly removed the danger. Renai neatly placed a corner for the visitors in front of the home goal, and a scumble ensued, from which the ball crossed the line.

goal, some thirty-five minutes after the kick-off. (Auckland 1, Wellington 0.) A few minutes later V. Heather tried at goal from a nice centre by Richards, but he did not put enough force into his kick, and thus failed to score. V. Heather neatly placed a corner, and the visiting goalkeeper punched out, but Austin Smith promptly headed it through and scored Auckland's second goal. (Auckland 2, Wellington 0). The weather cleared slightly during the second half, and Auckland showed improved form, and had matters pretty well their own way during the whole of the spell. Smart attacks were the general order, and Goldie, Auckland's wing-forward, put in some very good shots at goal. Austin Smith got on a dangerous dribble, and took a shot which Burns just managed to save. The Auckland forwards again attacked, and after several unsuccessful attempts at goal, Richards managed to pilot the ball through. (Auckland 3, Wellington 0). C. Heather made an attempt, but the Wellington goalkeeper saved, and the ball went back to Auckland's territory, where Smith centred, and Goldie essayed at goal. His attempt, however, failed, and Smith gave V. Heather a pretty pass, which the latter sent right in front of Wellington's goal, but the Wellington goal-keeper saved, but this relief was only momentary, for O. Heather returned a very hot shot, which the Wellington goalkeeper missed, and Auckland thus registered

up to expectations, there only being about 1000 people present. The game was a fast and interesting one, and Otago showed superior combination to our local "sockers."

Mr W. Heather gave every satisfaction as referee.

The personnel of the teams was as follows:— Auckland: Goalkeeper, Southall; backs, Wright and Hayman; halves, Sawbridge, Bellamy, and Smart; forwards, V. Heather, O. Heather, A. Smith, V. Richards, and H. Goldie.

Otago: Goalkeeper, W. Lothian; backs, W. Brown, and G. McMillan; halves, S. Middlemas, R. Neigle, G. Dodd; forwards, S. Brown, J. McMillan, D. McMillan, T. Aldridge, and W. Morrison.

Auckland won the toss, and took advantage of the sun. D. McMillan set the ball rolling, and the visitors immediately proceeded to the attack. From some fine dribbling Middlemas kicked the ball well down to the home goal, and Bellamy saved by kicking out. The Southerners still pressed, until Sawbridge relieved by dribbling down into Otago's quarters, but this was only a momentarily relief, for Brown and Middlemas soon brought play back by some fine kicking. The chance was spoilt, however, by kicking over. Otago got a corner, which was spoilt by being kicked too far into the field, and one of the Auckland backs kicked into touch. Dodd essayed a shot, but the ball went wide, and the

kicking too hard. Bellamy took a long shot, but the Southern goalkeeper sent the ball out and the forwards getting possession of it rushed down into the home territory where they had the Aucklanders on the defensive. S. Brown sent in a fine shot, but Southall was equal to the occasion and punched it out. Otago remained on the attack for some minutes, until off-side play by S. Brown gave Auckland a chance to clear their lines. Richards gave O. Heather a good pass, and the latter beating McMillan attempted a shot but failed. A few minutes later half-time was sounded. On the resumption of play the odds looked all in favor of the Southerners as the sun was not right in the local men's eyes. It was not, however, until a few minutes before the call of time that they managed to pilot the ball through the posts and thus win the championship by one goal to nil. They assumed the aggressive from the start, and time and again should have scored only for inaccurate shooting. About the middle of the spell Auckland carried the ball well into Otago's territory from a free-kick, and O. Heather looked as if he had a certain score, but he was too eager and sent the ball over the top of the goal, thus losing Auckland's best chance of the day. Towards the end of the spell Otago made shot after shot at the home goal, but in every instance were beaten by our goalkeeper who was playing a splendid game. He,

however, made a mistake at the end of the game which cost his team the match. A free kick gave Dodd a chance, and he placed the ball right in the mouth of the goal. Southall in endeavouring to punch it out knocked it right into the net and thus Otago scored their only goal. Almost immediately afterwards the bell sounded and the Otago team left the field victorious by one goal to nil.

The Otago team deserved their victory as they showed superior play and combination throughout the match. They should have scored more had they been able to shoot better.

Lothian did not have much to do, but what he was asked to do he did well. G. McMillan and W. Brown are a fine pair of backs who kick and tackle well.

Dodd, Middlemas, and Nagle each did their fair share of the work and fed their forwards well.

J. McMillan, D. McMillan, and S. Brown were, perhaps, the pick of the visitors forwards, but there is little to choose amongst any of them all being real good players.

Southall, the goalkeeper for Auckland, had plenty of work to do, and did it creditably until he made the slip at the end of the game, which cost Auckland the match.

Wright was not as good in his kicking as usual, and his companion back, Hayman, showed very poor tackling abilities.

Bellamy and Saubridge were the best of the halves, Smart, their colleague, was a bit slow, and seems to have a good deal yet to learn before he can rank as a first-class rep-man.

The forwards deserve very little praise for their lack of combination, and especially after their display against Wellington on Thursday last.

WANGANUI V TARANAKI.

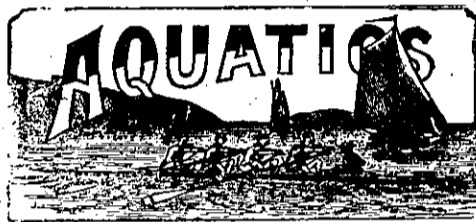

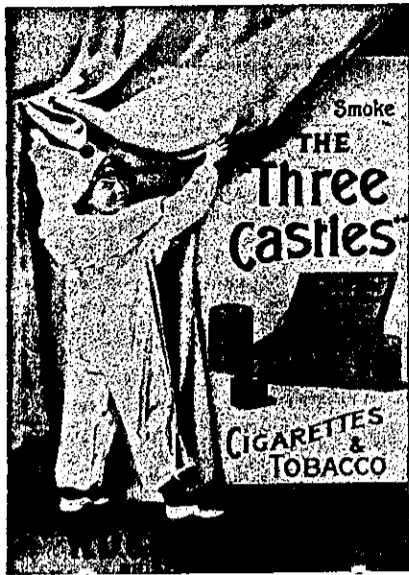

WIN FOR WANGANUI BY 8 POINTS TO 5.

The return match between the Wanganui and Taranaki reps. was played at Hawera on Wednesday, September 19, when the Wanganui representatives won by eight points to five. The weather was fine, and the ground was in capital order. Taranaki won the toss, and took advantage of the strong wind which was blowing. The game was not a good exposition of football, and the spectators were very partial. After some two or three attempts on Taranaki's part to score, A. Hunter managed to evade the invincible Takarangi and scored. Hardgrave kicked a fine goal, which made the score five to nil some five minutes after the start of the game. Near the end of the first spell a passing run was started by Morgan, who sent the ball on to Shannon, who transferred to Tregear, and the latter dropped a pretty goal. This left a margin of only one point on the call of half-time. Soon after the kick-off in the second spell Wanganui were forced, and Walsh, one of the Taranaki wings, was ordered off the field for striking Montgomery. About half way through the spell Steedman and Robinson took play into Taranaki's 25 by a fine passing run, and Shannon got a mark. This gave Takarangi a shot at the goal, and the Maori landed a fine goal. This placed Wanganui three points in the lead, and the score remained at this until the call of time.

The play throughout was a long way below representative form. Taranaki had to play several emergencies. Young was poked to play full-back, but had to play forward, whilst Alf Bayly, who has not played before this season, was prevailed on to don the jersey once more and play full-back. Morgan and J. McLean played in the place of Hamlin and O'Dowda.

Mr Emmett, of Masterton, referred in the Taranaki-Wanganui match, but some of his decisions did not suit a certain portion of the spectators, who showed a very unsportsmanlike manner in hooting, and when he cried Walsh off the hooting was intense. After the game was over he was followed up by a hooting and yelling crowd, who

went as far as to pelt him with mud and stones. It is only fair to state that the Taranaki players and officials were thoroughly disgusted with this contemptible conduct, which, as far as our experience here in Auckland goes, beats everything ever witnessed on a football field before, and it is to be sincerely hoped that such conduct will never be witnessed again.

The annual meeting of the Auckland Yacht Club was held in the Harbour Board Offices on the 19th inst. There was a fair attendance. The commodore, Mr John Wiseman, presided. The report and balance-sheet were read and adopted, showing the Club to be in a flourishing condition. The balance-sheet showed that the receipts amounted to £260 12s 11d (including balance from last year of £83 9s 2d). The expenditure was £78 8s 4d, leaving a balance in hand of £182 4s 7d. The assets of the Club (including cash) were set down at £211 5s 6d, with no liabilities. The balance-sheet was also adopted. Election of officers: Commodore, Mr John Wiseman; vice-commodore, Mr C. P. Murdoch; rear-commodore, Mr W. Jagger; treasurer, Mr R. S. Reynolds; secretary, Mr G. H. Bellamy; assistant-secretary, Mr O. E. Battley; auditors, Messrs J. C. Webster and E. Davis; measurers, Captain Gibbs and Mr A. Buchanan; committee, Messrs H. Haines, F. Wilson, A. Buchanan, J. C. Hardie, P. F. Battley, C. B. Stone, J. W. Wink, G. V. Edgcombe, and R. R. Masfield. The number of members now on the roll is 174. The annual subscription was fixed at £1 1s. In accordance with the revised rules of the Club, the matter of fixing an entrance fee was left in the hands of the General Committee. The secretary explained that it had been decided by the Committee to take two rooms in Palmerston Buildings, and fit them up as Clubrooms for the use of members of the Club. The recommendation of the Committee that two new classes of yachts be placed on the Club's race programme for the ensuing season, viz., 24-footers and 18-footers (linear rating), was carried. Hearty votes of thanks were passed to the outgoing

officers and Committee, to the Harbour Board, and the press.

Messrs Logan Bros. launched the two yachts they have just completed to the order of two Sydney yachtsmen last week. When floated it was noticeable how neatly they trimmed to the designed water line, much to the satisfaction of the builders and spectators. They are built under what is known as the "fast cruiser" class, similar to the Aoma, which was so successful in winning races last season in Sydney waters. Both yachts are built on exactly the same lines. The dimensions are as follows:—30 foot L.R., 40 feet overall, 27 feet on the water line, 5 feet 6 inches draft of water, 7 feet 9 inches beam. They are of kauri, diagonal built, with 2½ tons of lead on the keel. The spars are of American spruce pine. The deck fittings, including cabin skylight, companion, forecutter, etc., are of teak. The rigging screws and other fittings are of brass. The fittings in the cabins are executed in the latest style, the wood work being panels of polished New Zealand woods, viz., mottled kauri, rimu, and puriri, and upholstered in pautascote cushions, which material is a new departure in yacht fittings, being specially adapted for standing the wet and damp air. "Heather" is the name chosen by Dr Gordon Craig for his yacht, whilst the other, that built for Mr S. Dempster, has been christened "Petrel." Both yachts were shipped to Sydney by the s.s. Waihora on Monday last. The general appearance of the boats reflects great credit on the skill and workmanship of the builders, and we wish them every success in the Australian waters.

In the 500yds contest at Glasgow J. A. Jarvis, amateur champion, conceding 30sec, beat Lindberg, the Australian, by 40yds. Time, 6min 45sec.

The Parnell Sailing Club held a meeting last week to consider the question of sail measurement, etc. It was decided that in future the sail area of "patiks" be 200ft and under, and that all centreboards be of one design and one size. Sails are also to be stamped officially by the Club. It was also decided that the Club races be sailed on the following dates:—November 17, December 15, January 26, and March 5.

Mr A. T. Pittar, the owner of Auckland's crack yacht Rainbow, has decided to pay Lyttelton a visit for the champion yacht race in January. He has secured an amateur crew, who will accompany him for the cruise. It is proposed to leave Auckland at the end of November, and visit way ports, timing the yacht to reach Lyttelton about a week before the race. It is also probable that the Auckland ten-rater Thelma, owned by Jagger Bros, will make the journey to Lyttelton.

A public meeting was held in the Waitemata Hotel, on September 21st, to consider the question of the Anniversary Regatta. There was only a moderate attendance, and Mr W. C. Somers was elected to the chair. Mr G. O. Dacre explained that he called the meeting as secretary of the last regatta, held in 1899, and thought it was a great pity that the regatta should be allowed to fall through. The Chairman said the whole trouble in the past had been the collecting of funds to carry out the regatta. After discussing ways and means it was resolved, "That in the opinion of this meeting it is desirable to carry out the Anniversary Regatta on January 29, 1901." The following committee were elected, with power to add to their number.—Messrs Arthur H. Nathan, W. C. Somers, R. Masfield, C. P. Murdoch, D. Gouk, J. O. Webster, C. B. Stone, E. H. Montgomery, W. Wilkinson, C. C. Dacre, Thompson, Pr Matland, Captains Nearing, Streater, Duder, and Parker. Mr O. C. Dacre was appointed secretary pro tem. It was also resolved, "That the Auckland Yacht Club, the Parnell and North Shore Sailing Clubs, the Ponsonby yachtsmen, and the various rowing clubs be written to, and asked to send two delegates each to set on the committee of the Anniversary Regatta of 1901." The appointment of officers was left over until the next meeting, which is to be held on October 4, by which time replies are expected to be received from the yacht and rowing clubs.

The members of the Auckland Yacht Club do not appear to be very keen on a regatta this season. If the members of the sailing clubs and boat owners do not take any interest in the matter we can hardly expect the public to support them. I am certainly of the same opinion as the Commodore of the Yacht Club, when he stated at the Annual Meeting last week that it was a disgrace that a place like Auckland should allow their annual regatta to fall through. The matter was discussed at their meeting, and it was finally decided not to take any steps regarding the matter, also declining to appoint delegates to confer with a general meeting on the subject. Are we to infer from their action that they are waiting for the public to take it up, and make all arrangements for them, or is the mother club to be shown the lead by the suburban clubs? We cannot think that, with all the advantages of our beautiful harbour and our splendid fleet of boats, equal to any in the colonies, yachtsmen, with the help of the rowing clubs and the support of the public, the Auckland Yacht Club will allow so old a fixture to die out.

The North Shore Rowing Club held their annual meeting last week. The annual report stated that the Club had had a very successful year, the balance-sheet showing the assets to be £22 19s over liabilities. The following officers were elected for the ensuing season:—Captain, Mr W. Swinnerton (re-elected); deputy-captain, Mr J. B. Gould; hon treasurer, Mr F. L. Davis (re-elected); hon secretary, Mr C. S. Cave (re-elected); committee, Messrs F. Burgess, H. Mann, J. Sullivan, D. Richardson, and F. Best.

A cablegram states that the amateur swimming championship of 220yds at Birmingham was a splendid contest. In the final heat F. Lane, the Australian, led J. H. Derbyshire, but the latter, by a great effort, managed to make a dead heat. Time, 2min 34 4-5sec.

F. BOYCE and W. FRANKLIN beg to announce that they have taken over the business lately carried on by Mr C. E. Mackie. They are prepared to Supply Lime-light for Theatricals, Tableaux, etc., also Lantern Views and Operators for Lectures and Entertainments. B. and F. have been for several years in the employ of C.E.M., and hope by strict attention to business to merit a fair share of local and travelling companies' work. P.O. Box 459.

IN reference to the above, I have much pleasure in recommending MESSRS BOYCE and FRANKLIN to my late patrons and the general public. They have been in my employ for a number of years, and I feel assured that any engagement entrusted to them will be carried out with every satisfaction.

"Paul Pry" will be glad to hear from those managers of theatrical companies touring New Zealand who desire that the public shall know the movements of the companies. Any information as to dates, etc., will be acknowledged in these columns, as well as any other items of interest to the theatrical world. All letters should be addressed—"Paul Pry," SPORTING AND DRAMATIC REVIEW, Vulcan Lane, Auckland.

At the Choral Hall last night (Wednesday) Mr and Mrs Hamilton Hodges gave their third Grand Song Recital. The following was the programme to be put before the audience:—Cavatina, "Largo al Factotum" ("Il Barbiere"), Rossini; aria, "Elizabeth's Greeting to the Hall, of Song" ("Tannhauser"), Wagner; romanza, "Wolfram Alone" ("Tannhauser"), Wagner; scene and prayer, "Softly Sighs" ("Der Freischutz"), Weber; piano solo, "Rhapsodie Hongroise, No. 2", Liszt; songs (a), "My Soul is Dark" (b), "Evening Song", Schumann; song, "Night Hymn at Sea," Goring Thomas; recitative, "What Here" ("Ernani"), Verdi; cavatina, "Hapless Silva" ("Ernani"), Verdi; recitative, "This Outrage" ("Ernani"), Verdi; cabaletta, "Ah! Till to Lave a Shameful Stain" ("Ernani"), Verdi; recitative, "Midnight Approaches" ("Ernani"), Verdi; cavatina, "Ernani, Fly with Me" ("Ernani"), Verdi; duet, "What Hear I?" ("Il Trovatore," Act IV), Verdi.

Mr Herbert Ashton, writing to the Sydney Referee from San Francisco, on August 7, says:—"Just a line from an Australian to let you know how we are. Miss Maggie Moore has kept you posted theatrically, so I will tell you about myself. Since we disbanded I have joined the 'New Frawley Company' at the Grand Opera House. I opened in 'The Great Ruby,' then 'The Red Lamp,' in which I played General Marakoff. We are now playing 'The Middleman,' 'Tribby' and 'The Silver King' to follow. It is a splendid company, with Wilton Lackaye, the original Svengali, at the head. Mr Roberts is also in the company. And now—I have joined the noble band of Benedictis. Married on Wednesday, August 1, to Miss Lily Branscombe, who also came to America with Miss Maggie Moore. My wife joins the Frawley Company shortly. I tried to keep it quiet, but it leaked out on the morning of the wedding. It is twelve months to-day since we left New Zealand for America."

Mr Donald Macdonald's lectures at the Odd-fellows' Hall, Wanganui, were very well patronised. The Opera House was otherwise engaged, so Mr Geach had to take the Oddfellows' Hall. To accommodate the overflow attendance seats were placed upon the stage.

Mr Charles Voss, when on a recent visit to Wellington, engaged several new artists for the Popular Concerts he is running at the Wanganui Opera House.

Miss Lottie Collins, the famous variety artiste, who made a fortune out of the music hall song "Ta-ra-boom-de-ay" sailed from London on 81st ult., under engagement to Mr Harry Rickards, to appear at the Bijou Theatre, Melbourne, and also in Sydney.

Next Wednesday, October 3, the Auckland Catholic Literary Society will produce an entirely

new and original comediotta by Mr Henry Gray, entitled "Daisy of 'Ours'" at St Benedict's Hal. Mr Gray wrote "The Wreck of the Saucy Puss," which the Society produced a short time ago.

Miss Marie Tempest has a wonderful stage kiss. It is remarkably like the real thing, but it isn't. She gathers her stage lover's face in her dainty hands, draws it towards her, and the audience hears a kiss which is indescribably charming. She does it this way. She places her thumb nails to her lips, and kisses the space between them! And so the poor actors get none.

Though no definite announcement has been received of Mr Musgrove's plans, it is known that he will re-open the Princess's Theatre next month with English opera, beginning with Gounod's "Faust." There is talk also of "Lohengrin" and "Tannhauser." Among names mentioned as included in the company are Miss Lillian Coomber, a soprano who has made appearances with the Carl Rosa Opera Company, and Mr Max Eugene, a baritone who has been singing for some time in the United States.

A generation has passed since Mr G. W. Moore and Mr Burgess entered into partnership and St James's Hall became famous for its Christy Minstrel entertainments. The Moore and Burgess Minstrels became a national institution. They advertised that "they never appeared out of London" consequently they were the first entertainers to be visited by the countryman out on a holiday. After Mr Burgess died, his partner turned the concern into a company, and, unrestrained by eager counsels, introduced music hall artistes, some of them ladies, to appear in the second part of the entertainment. Then the traditional policy of the troupe was altered by the establishment of a provincial company, which not only has never paid for itself, but also has prevented people coming to the London performance. The multiplication of other places of amusement, and the inevitable going down of the nigger minstrel "before the advance of civilisation," has brought disaster to the company, and now it has drifted into the Bankruptcy Court.

Our Christchurch theatrical correspondent writes: The Dix boom at the Opera House still continues. "Houseful" is the placarded announcement nightly in the vestibules. And, mind you, a full house at this theatre means at least a couple of thousand people. Jas. Bain has departed, with sundry other favourites, for the unedid Dix's. Of course he is missed. There are not many variety stars like Bain knocking about this side the line. The new company includes Davy, with his giant marionettes, vocalists, knockabouts, and dancers. Single turns, too. Reggie Horace, the boy soprano, has a voice like a silver flute. His song, "Dreaming as She Sleeps," fetches 'em every time. Trixie Lemar is a good serio-comic, and Bob Hall, as a comedian is 18-carat and stamped on every link. No time to notice anybody else this trip, but you can take it from me that the show goes with a bang all the way through. Fuller's show is also going well. Will Watkins made a welcome re appearance the other night, and got encored any number of times. He's a great favourite here. To-night (Saturday), Horace Bent, the veteran burnt-corkist, is announced to appear. By-the-by, I hear the Fullers have taken the Choral Hall for the Jubilee season, and will thus at that time, have two shows running in this dusty metropolis. — On Monday Wyld and Freedman's War Biograph opens at the Royal. Rumour says it's the best thing of the kind on the track. More concerning it anon.—McDonald, war correspondent and lecturer, is likely to bob up serenely here very shortly. But I haven't met Edwin Geach yet. —Ben Fuller is spending a heap of money on

his Dunedin theatre, the Alhambra. Effecting quite a transformation, I hear.

The Agricultural Hall has been nightly filled by large attendances since the last issue of the REVIEW. Mr Fred Bluett, whose picture appears in our columns this week, has become very popular in the short time he has been here, and night after night his tunes have been encored with great enthusiasm. Professor Norris, the accomplished roller skater, has gained many friends for his skillful work on the skates. He is very tricky, very neat, and extremely graceful, while his comic skating is really funny. Salvino, the expert juggler, is very smart. Miss Eva Wilson, Miss Thorne, and the other members of the company, are all high in favour. The new Biograph war-films are really excellent, and the public appreciates them very highly. Last night Mr Jack Williams, a comedian and vocalist from the Tivoli, made his first appear-

ance. New talent is promised for next week, for John Fuller believes in keeping things booming.

The Auckland Liedertafel will give the third concert of the season at the Choral Hall, on Friday, October 5th.

The Flying Jordans appear at the Agricultural Hall on Monday next. They have been extremely well received at the other Fuller shows.

A group picture of the talented Corrick Family appears in this issue. During their visit to Auckland the Corricks have delighted the people with their clever and entertaining musical programme.

Owing to the late arrival of the Mararos the McAdoo Minstrels had to postpone their opening programme from Tuesday to Wednesday evening.

Miss Olive Lenton, the latest addition to Mr Dix's Gaiety Company, has a most pleasing and graceful stage presence, dresses her part well, and sings sweetly. The audience greets her appearance with the utmost enthusiasm. Saturday night must have surely been a record house, for truly not another man, woman, or child could have found seating accommodation, and hardly standing room. The whole performance goes with such vim, and every item is so excellent as to surprise those in the audience who visit this company for the first time. Messrs Adson, Craydon, and Holland give in the present programme a first-class triple clog dance, and the Leslies are more funny and more clever than ever. Mr Steve Adson scores a great success with his "Love Song," introducing amusing verses of local interest, and the audience were loth to let him off the stage. The management, I understand, have engaged a number of new artists with good reputations on the other side. One of these, Mr Sam Gale, a character vocalist, made his first appearance here on Tuesday evening.

The Auckland Banjo, Guitar, and Mandolin Club gave one of their well-known enjoyable concerts on Tuesday, September 18. The Opera House was well filled, and all the items were enthusiastically received. The gem of the Club pieces was the patrol "Darkies," which was carefully and sweetly rendered. It is selections of this class which serve to make these concerts popular. The vocal contributions were fairly successful, and the march by young ladies in khaki, introducing the song "For Queen and Empire," was heartily received. Mr Percy Denton took the audience by storm with his humorous items, being re-called again and again. Mr Arthur Towsey as usual made an efficient conductor.

DEVONPORT MAYORAL ELECTION.
TO THE ELECTORS OF DEVONPORT.
 LADIES AND GENTLEMEN—
 In response to the pressing request of a large and influential deputation, and also of numerous Electors, I have decided to offer myself as a Candidate for Election as Mayor of the above Borough.
 If elected, I will perform the responsible duties pertaining to the office to the best of my ability, and will use my best endeavours to prudently administer the Municipal Business, and further the improvement and advancement of the Borough.
 Yours respectfully,
EWEN WM. ALISON.

TO ALFRED KIDD, Esq.
 Auckland, September 11, 1900.
 Dear Sir,—
 We, the undersigned Citizens of Auckland, in view of the excellent services rendered by you as a member of the City Council for many years past, and also from your long and valued experience in all matters pertaining to Municipal affairs, respectfully request that you will allow yourself to be nominated for the office of Mayor of the City for the coming year, as we have every confidence that you are the one most qualified to occupy that position at the present time.
 We are,
 Yours faithfully,
 Etc., etc., etc

TO THE CITIZENS OF AUCKLAND SIGNING THE REQUISITION.
 Gentlemen,—
 While thanking you very cordially and sincerely for the above flattering recognition of any public services I may have rendered, I regret to say that in view of my own business requirements, and of the fact that a gentleman outside the Council is at present being requisitioned on behalf of the Ratepayers' Association to contest the Mayoralty, I must reluctantly decline to accept any nomination which would involve the citizens in a contest for the position.

The citizens of Auckland have, during the past few days, experienced a few surprises in connection with the appointment of the next head of the municipality. When it was definitely announced that Mr David Goldie would not seek re-election, Mr Alfred Kidd was asked by a few friends whether he would stand if a requisition from the citizens was presented to him. Mr Kidd consented after a letter from Mr J. H. Upton, declining to stand, had appeared in print. The latter presently changed his mind, and a requisition was signed by his friends and supporters. Hearing of this, Mr Kidd at once withdrew from the contest, and another Richmond—in the person of Mr James Stichbury—appeared upon the field. Now we know that after all, Mr Upton will not continue the election, and that he has withdrawn from the contest. He decided not to stand when the requisition was presented to him at the Harbour Board Offices on Wednesday. That being so, we think the way for the citizens lies clear. Their duty is to place Mr Kidd in the civic chair without a dissentient voice. In making this statement, we take it for granted that neither Mr Stichbury or any other candidate would oppose Mr Kidd if his standing were absolutely certain. Let us see what Mr Kidd has done for the City of Auckland. For sixteen years he has been a hard working member of the City Council, and for ten years he has been a member of the Streets and Waterworks Committees. If ever a man did his level best to further everything that tended to the improvement of the city, and the comfort of its inhabitants, then Councillor Kidd is the man. Betterment has been his watchword, and none can say that his efforts have been unsuccessful.

THE PREJUDICE AGAINST SPIRITS.

AUTHORITIES differ as to the antiquity of the manufacture of Distilled Spirits. The disciples of the teetotal cult very often try to turn the edge of the Bible weapon, which cuts at their theories root and branch, by setting up the covering theory, that ardent Spirits were unknown at the dates of the sacred writings and in the time of the founding of the Christian Faith. Therefore, they say, neither the permission, if any, nor the example, if any, of Christ being a consumer of alcoholic beverages, avail anything, as permitting the consumption of Distilled Spirits. On the other hand those who contend for the great antiquity of the art of producing spirits, or rather separating them from the liquids in which they existed at weaker strengths, maintain that this art was practiced among the ancient Egyptians, as proved by sculptures picturing the apparatus used, the proving of which would relegate the origin of distillation or concentration of the alcoholic constituents of beverages to a remote antiquity, which carries us back to a period long before the sacred writings of the Jews were penned.

It might, however, be mentioned that, apart from concentration by age or other process of the strength of wine, and apart from distillation, there were other processes known, which enabled the Ancients to arrive more quickly at the stage, which the cabman in *Punch* called "ferrader," and arrival at which he failed to find, by means of those liquors especially favoured by the French Treaty of 1860. So that "strong drink" was an even more inclusive term than it is now, even were distilled spirits non-existent in the times of Biblical history.

People are apt to lose sight of the fact, that any process by which the watery particles are, by evaporation or other process, separated from the alcohol, rendering that alcohol of greater strength, is in practical effect, and its essential features, distilling. Even now no commercial spirit is absolute alcohol, which is, stated in proof strength, slightly over 75.0 o.p., so that even 68.0 o.p. spirits of wine has some water mixed with it, while Scotch Whisky for example, at 11.0 o.p. when bonded, lacks over 64 degrees, by which it is short of the full strength of pure alcohol.

Prima facie there does not seem any logical reason why the gentleman who reposes under the kindly shadow of the hospitable mahogany, overcome by the 40 degrees of alcohol in Vintage Port, should have been charged by the revenue less for the instrument of his excess, than the humbler inebriate who has fuddled

himself into unconsciousness on whisky dispensed to him by the retailer at 20 u.p. (or 80 proof degrees), and consumed with a dilution of half water. Indeed, for revenue purposes, the alcoholic test pure and simple, must commend itself to the practical and logical mind, were there not other factors influencing and tempting Legislators into paths which are not those of pure reason. There is no doubt that there is a prejudice against spirits on account of its potentialities, which is a very suitable word to indicate of what the potency of spirit is capable. That capability is hardly ever tested, though most—indeed, because most—are quite aware of the possibilities which reside in alcohol only slightly diluted. We venture to assert that spirits in this country are consumed at a strength which averages not greatly over the average strength of the whole of the wines consumed by our population. It is, however, as we just said, its known potentiality, of being drunk at great strength, which creates the prejudice against the former liquor. It is also certain that owing to the popularity of spirits in the humbler station of the population, it has come to be regarded as of baser nature than wine. This phase of the prejudice is becoming obsolete now that whisky has become the drink quite as much of the higher as of the lower classes, but the article is still eyed askance by many, and the old-fashioned wine-drinker votes it a Philistine and heathen beverage. We have come across in the book, which instructed our readers last month as to the past capabilities of London as a wine-producing centre, a passage which discloses a considerable depth of prejudice on the part of worthy Thomas Pennant. Speaking of Lambeth in 1790, he writes:—

"In this parish are the vast distilleries, till of late the property of Sir Joseph Mawby. There are seldom less than two thousand hogs constantly grunting at this place, which are kept entirely on the grains. I lament to see the maxim of private vices being public benefits so strongly exemplified in the produce of the duty on *Stygian* liquors. From July 5th, 1785, to July 5th, 1786, it yielded £450,000. And I have been told of a single distiller who contributed to that sum £54,000." We amused our readers last month with the naive applause, by the chronicler quoted, of the "admirable mimicking" in Lambeth of the wines produced in the wine districts of Europe, and other grape growing countries. Carried away by his prejudices against spirits, Pennant, in his desire to play upon the root syllable *Stygian*, and the abodes of the pigs who were fed on the grains, brands the consumers as indulging in "private vices," because of the bare fact of their consumption of distilled spirits.

When we ascend into the region of genuine opinion formation, as against the mere prejudice which people so often substitute for the former nobler result of proper deductions from well ascertained facts, we find ourselves confronted with such a set of facts as deal conclusively with the pet prejudice in question.

We find the Northern nations and the Northern portion of nations, consuming spirits by force of preferential "natural selection"—if we may appropriate somewhat wrongfully a well-known Darwinism—and whether they be nations or fractions of nations standing in front of their fellows other things being equal. For instance, the whisky consuming Scotchman and Irishman cannot be said to be intellectually behind the Englishman, whose consumption of spirits is lower than that of his Caledonian and Hibernian neighbours.

If we turn to France, whose consumption of spirits per head more than equals our own, we find that the most solid and stable-minded section of that country are those who, dwelling in the northern portion of that country, consume the

greatest quantity of spirits, as Dr Lunier in his comparative map has shown.

It must not be thought that we are here mixing up cause and effect, we are only pointing out that when Legislators, backed up by teetotalers, and, indeed, applauded to a certain extent by a section of our own trade, avail themselves of this combined advantage to put a "morality tax," as the late Mr F. W. Cosens, the well-known sherry shipper, used to call it, on spirits, they should be able to fortify their position by facts, and not to avail themselves of the prejudices of two entirely conflicting classes to saddle a certain article with huge taxation.

In saying this we must remind our readers that the original object of the Association, now called the United Kingdom Alliance for the Total Suppression of the Liquor Traffic, was to suppress the sale of "Ardent Spirits," as they called the article. We also find the Gothenburg system applies to spirits only, leaving the sale of Beer entirely free.

We come, therefore, back to our original explanation of the prejudice which has resulted in such opprobrium, and its consequent taxation, viz:—The potentialities of spirits to make people drunk sooner than less highly alcoholised beverages. In this matter of alcohol consumption the more immediate the potentialities of intoxication, the greater restraint is necessary on the part of the consumer, lest he overstep the bounds of moderation. The teetotalers' remedy is to prohibit, or to try to prohibit, the article which may intoxicate, being sold as a beverage. Common sense suggests the formation of character by voluntary restraint of appetite. In the light of the latter principle, we look abroad on the present race-forces of the world, or glance back into the past of individuals and nations and are inclined to think there is more than appears on the surface in the well-known saying of the celebrated Dr Johnson: "Claret for boys, Port for men, Brandy for heroes."—*Ridley's Wine and Spirit Trade Circular.*

TRADE TOPICS.

The new Licensing Bill which was introduced into the House on Thursday last, gave rise to a very animated discussion.

The great Hatherly distillery, situated just outside of Pretoria, and which enjoyed the monopoly for the whisky trade in the Transvaal, was in active operation when the British troops occupied Pretoria.

In the New Zealand Gazette of August 30th and September 13th, the registration of the word "Boss" and the initials "B.O.B.S." appear as registered by The Campbell, Ehrenfried Company, Limited. The two trade marks to apply to wines, spirits, and cordials, etc.

Mr Seddon stated, when introducing the new Licensing Bill, that the existing conditions were such that a remedy must be applied. It was never too late to do good, and if it took a month to pass this Bill, he would ask members to give him their attention for that time.

Although for some two years past the government of Rarotonga has prohibited the natives from obtaining in any manner any wine, beer, or spirituous liquors, it is not of much avail. The natives have taken to secretly brewing large quantities of orange beer in the valleys and bush. They also make an intoxicating beverage out of the coconut trees, which they call "roro."

Mr Hone Heke, M.H.R. favours the introduction of licensed houses for the sale of liquor in the Maori country. Speaking on the subject in the House one afternoon last week, he asked what were the privileges of the English-speaking race? "Long beers," interjected Mr Pirani, who holds opposite views to Mr Heke's. "Yes," added Mr Heke, "Beer has really been the milk that has nourished the English race, and led to its present greatness." "What about whisky?" interrogated another member. "Whisky," said Mr Heke, "was also a liquid, but it was attached to the Scotch race." "And the Irish," added yet another member, amidst some good-natured banter.

No treating of customers was the dictum of the Wanganui Licensing Bench at the last quarterly meeting. A transfer of a wholesale license from M. McLean to T. B. Williams was applied for. Mr Barnicoat appeared for the applicant. This application was in connection with the business formerly known as "Keith's," and it was intended that the two younger brothers of Mr T. B. Williams should run the business. Mr Williams said that, though young, his two brothers had had considerable experience, and were steady and reliable, and the business would be conducted under his supervision. The license was granted on condition that Mr T. B. Williams superintends the business, and that no customers are treated to drinks on the premises. It was intimated that this would be a condition in connection with all wholesale licenses granted by the Committee, and that where the condition was not observed the license would not be renewed.

Dr Bernard Myers, of Auckland, was among those who received their diploma of M.D. on Saturday week at Edinburgh, he having passed with honours. Among the numerous audience present were his mother and brother, Mr Arthur Myers, of Auckland, who had the pleasure of witnessing the interesting ceremony. I hear that the wedding of Dr Myers is to take place on the 29th inst. Mr Arthur Myers, managing director of the Campbell Ehrenfried Co, Ltd, has been touring in Scotland, flying from London to the Highlands soon after the great heat wave set in, and he found the difference in the temperature very great and beneficial. Next he goes to Ireland for about a fortnight, and purposes visiting Dublin, Belfast, Killarney, etc, returning then to London.

An exemplification of the manner in which prohibition prohibits in the cities of the State of Maine, is given in the book published by Messrs Joseph Rowntree and Arthur Sherwell, entitled "The Temperance Problem and Social Reform." In that work are published numerous pictures of the bars of sly-grog shops, several of which employ numbers of barman, and make no pretence of secrecy. Mr Sherwell explains that the proprietors are rounded up and fined once a year, and as the fines go to the authorities, this answers instead of a license. Several maps are published with the book in question, showing the situation of the sly-grog shops in the different towns. In some places there are streets full of them. Though they are designated "sly-grog shops," there does not seem to be much slyness about them. The visitor opens a door leading from the street steps into the bar, and orders his liquor in quite as free and open a manner as if he were in a highly-civilised community, where there was no embargo on the reasonable gratification of taste and appetite.

The Wairoa Bell says anent the additions to the Mangawhare Hotel, that an old resident returning to the Wairoa and putting up at the above hotel, would almost fancy himself in a new building, as so many changes have been effected during the last few months. Mr F. J. Little found the old building totally inadequate to meet the requirements of the rapidly increasing business that is growing in the district. The hotel is now admirably suited for a commercial and family house, as by the arrangement of dining, separate sitting-rooms, and entrance doors at the extreme southern end of the building, all the bustle of the bars is confined to one portion of the hotel, and the private rooms are kept in comparative quietness, to the great comfort of the guests. The upstairs balcony has an uninterrupted promenade of 160ft, and commands a view of the river scenery, from the peak at Toka Toka south, to the Tangihua and Tutamoe ranges north, with many miles stretch of river itself, the whole view being one of beauty. The large dining-room, which is 39ft x 17ft 3in, is capable of seating a large number of guests. Mr and Mrs F. J. Little, will, no doubt, command a large share of the increasing business on the river, both of them being well-known, and deservedly popular with the general public.

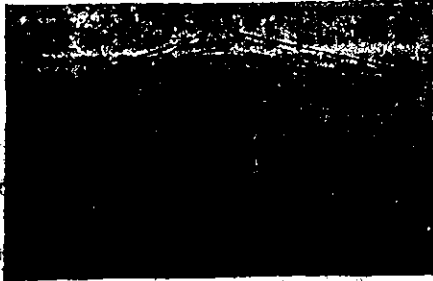

The hearing of the King Country sly-grog informations took place last week before Mr H. W. Northcroft, S.M., and all the cases were dealt with by noon. Thirty-one informations were laid, and 19 convictions recorded. His Worship dealt severely with some old offenders, who only last Court day appeared before him on similar charges and promised to discontinue the business. The total fines inflicted amounted £397 5s. An old offender named Alexander Campbell, of Pororo-tarao, was fined £122 8s. Following are the particulars of the sentences:—Wm Thornton, fined £27 7s 9d, in default of payment two months' hard labour; Wm Noble, fined £32 7s 9d, in default of payment two months' hard labour; Alexander Campbell, fined £122 8s, the amount to be paid forthwith, in default 12 months' hard labour; C. Holland, fined £29 1s 9s, in default three months' hard labour; J. Ormsby, fined £44 0d 9d, in default three months' hard labour; D. Nolan, a youth, was fined £13 1s 9d, in default 21 days' hard labour; Puna te Waaka, fined £46 5s, in default three months' hard labour; D. O'Brien, fined £28 4s, in default two months' hard labour; Bert Parker, fined £17 7s 9d, in default one month's hard labour; Ngatai, fined £18 19s 3d, in default one month's hard labour; Mahuri, fined £18 19s 3d, in default one month's hard labour. In most of the cases time was allowed wherein to pay the fines. All the sentences run consecutively. His Worship stated that he would leave all the warrants of commitment signed, to be used by the police immediately the time allowed had expired, and default made.

A somewhat novel point cropped up at the last sitting of The Manawatu Licensing Bench. Mr Cohen appeared on behalf of the licensee in respect to an application for a license for a house to be built. Mr F. Wanklyn submitted plans for the proposed new structure, the old one having been burnt down. These were approved of by the committee, subject to the addition of a balcony and fire escapes. Instructed by Messrs Skerrett and Wylie (of Wellington), Mr Cohen applied for an informal expression of opinion from the committee as to whether they would grant a license for above hotel if it were built on a new site, namely, the corner of Clyde and Main Streets. Mr Innes, of Palmerston North, appeared for certain objectors, and Mr Lyon appeared for the Rev. Mr Duncan and the Presbyterian Church Trustees of Foxton. Both solicitors urged objections to the application, on the grounds that statutory formalities had not been complied with. Mr Lyon for his clients, objected on the further ground that the proposed site was opposite the Presbyterian Church. Mr Cohen in reply, urged that an expression of opinion should be given by the Bench before the applicant should incur the considerable expense of erecting a hotel on the proposed site. The Committee, after retirement, intimated that it would not be inclined to entertain any application for removal to the proposed new site, and that the main ground for the decision was the proximity of the proposed new site to the Presbyterian Church in Foxton.
