REDCLIFFE

Architects should specify **REDCLIFFE CROWN Brand Galvanised Corrugated Iron.** These are the best manufactured. Lighter sheets of other brands are not so thin, and will not last as long or give the same satisfaction. Competitors should not be misled by erroneous statements, such as are advertised by rival importers.

GALVANISED

REDCLIFFE is the cheapest first-class Iron in the market. The sheets are wider than any other brand, and longer sheets can be covered with **REDCLIFFE** than with other brands. **REDCLIFFE** has been more largely imported into New Zealand during the last 25 years than any other brand, and experience proves that every sheet will be found perfect.
