GLENORA PARK STUD.

THE WELL-KNOWN THOROUGHBRED SIRE, SOULT,

By St. Simon—Beauharnais, by Sea Saw—Josephine, by Irish Birdcatcher—Inheritas.

Soult proved himself a good performer in England, and what is better has proved himself one of the most successful horses ever imported to the colonies.

This season Soult's stock have won over fifty-five races, and no less a number than twenty seconds are down to their credit, to which attach over \$5,500 in stakes.

The following are a few of the races won by the descendants of Soult this season:—Avondale Stakes, Cordon Rouge, Avondale Guineas, WAIRIKI, Hawke's Bay J.C., Hastings Stakes, SANS PEUR, A.R.C. Guineas, Birthday Handicap, Great Northern Derby (in record time, 2.37), Auckland Summer Cup, Autumn Handicap (one mile and a-half, 9.5, time 2.37, easily); WAIRIKI.

Until the last season or two Soult has been quite neglected by breeders. A careful perusal of his winning stock will show they were nearly all bred at Glenora Park, clearly showing that he had very few thoroughbred mares outside his owner's.

Owners of mares who wish to patronise Soult this season are reminded that he will only serve a limited number outside his owners. His list is rapidly filling, and booking for the following season.

Mares will be landed from steamer or train and re-shipped. Grazing, 2s 6d per week.

Every care taken, but no responsibility incurred.

TERMS—Twenty Guinea Single Mare, reduction for two or more.

For further particulars apply to

W. WALTERS, Glenora Park, Papakura.
