RADIOL TREATMENT reduces swellings, cures strained and puffy joints, prevents Filled Legs, by stimulating the venous and lymphatic tissues, and removing the inflammatory exudates by radiation. NO BLISTER ENFORCED REST, OR REMOVAL OF THE HAIR NECESSARY. RADIOL is a nerve sedative and fines down a worn Horse's Legs to a remarkable degree. The pain of Lameness disappears under its influence.

3 Grand Prix. 6 Gold Medals. RADIOL LEG WASH is the only specific for Sore Backs, because it reduces the swelling, alleviates the pain and heals the abrasion.

An intelligent use of the "Radiol Leg Wash" counteracts that daily wear and ear of the legs unavoidable with the horse in constant work, whether training, racing, or on the road. One flask of "RADIOL" will make a gallon of valuable Leg Wash.

"The Field," June 16th, 1913:—"We have been able to test some trial bottles of 'Radiol' in cases of Windgalls, Splints, and Puffy Swellings, and have found 'Radiol' to be very beneficial, and we have also found it useful as a leg wash for polo ponies after a day's play. Ask your Chemist for 'RADIOL.' Wholesale from Sharland and Co., or Kempthorne, Prosser and Co. Made in England by THE RADIOL COMPANY.
