

ANNUAL BLOODSTOCK SALES.

The annual sale of bloodstock was held by the New Zealand Loan and Mercantile Agency Company (Mr. H. O. Nolan officiating as auctioneer) on Monday. There was a large attendance. Some fair prices were obtained for well-grown and good-conditioned lots, but a number coming under that category were disposed of for a very long way below their value, and some splendid bargains must have been secured during the afternoon. For lots that had not been well done the prices were low, and it was fortunate, no doubt, that a large number had not been extensively engaged. Several would have sold to greater advantage had they been entered for more of the classic events. The following are the sales:--

The successes of some horsemen at recent meetings have been noticeably good. B. Deeley did well at the A.R.C. summer meeting, and still retains his lead for the season.
