EQUINOINT

MAKES LAME HORSES SOUND

Equinoint

The new scientific Remedy for Lameness in horses! Cures without pain or blemish.

"Gentle n, Your "Equinoint" absorbent has worked wonders for me. I tried it on two animals and I am pleased to say that both are now sound. One was a broken down Polo pony, that was actually useless, and a course of "Equinoint" treatment has made her Legs perfectly sound again.

The other was a Cart horse with strained tendons (hind leg), and your "Equinoint" has made him as good as ever he was.

Yours truly, —"

EQUINOINT

Original and absolutely infallible! The great Scientific Remedy for Lameness in Horses.

"EQUINOINT" Treatment has entirely superseded the painful and unnatural practice of "firing." The expert opinion of prominent Horse owners in all parts of the world is irresistibly in favour of "EQUINOINT" when Legs give trouble.

"Messrs. Young & Collins, Ltd., Wanganui.

Dear Sirs— I have just wired you to post me another tin of "Equinoint," and I hope you will have done so before this reaches you. Your "Equinoint" is a real good thing, a splendid remedy for all kinds of troubles with Racehorse's Legs. I have used it on "Cornelian" for a Sprung Tendon with marvellous results, on "Bercola" for enlarged hock with equal advantage, and on other Horses in my stable with great success. Trusting your "Equinoint" will have a big sale for it is a splendid thing to have in a Stable.

Yours faithfully, —"
