

A Smart Hat Style.

Quite one of the Smartest and most Distinctive Shapes we have received for some time is the "MALLORY," as shown in the accompanying sketch.

Produced in a very fine quality felt in Fawn, Beaver and Grey Shadings, it has contrasting band and 2½ in. brim in brown, green or black.

It is light and serviceable, and its distinctive appearance at once appeals to Smart Dressers.

An early inspection whilst the size and colour ranges are complete will be appreciated.
