

WITH THE ITALIAN ARMY DURING THE SUCCESSFUL CAMPAIGN AGAINST THE AUSTRIAN

AN ITALIAN FIGHTER ENJOYING A SHAVE—The Italian soldier is a clean fighter in more than one sense, and our illustration, taken in the Alps by a British photographer with the Italian Army, shows a good-looking Italian enjoying his morning shave before parade in the mountain pass.

HARD FIGHTING IN THE TRENINO—The Italians have been heavily engaged and hard fighting still continues. The illustration shows Italian infantry in the Trentino region.

ITALIAN DESPATCH RIDER WEARS PUTTEES—An Italian despatch rider with his mule receives welcome refreshment from the hostess of the village inn. He wears khaki puttees, the very latest imitation of his British comrade.

WITH THE ITALIAN ARMY IN THE ISONO REGION—A well-built bunker during heavy bombardment. It is an underground home that the Allied well envy.
