C.A.V. ACCUMULATORS

Perfect in Every Detail

Strength : Efficiency : Reliability

Manufactured by the Firm renowned throughout the World as the pioneers in the making of Car Lighting and Starting Batteries.

"The first man to make an accumulator that would really stand the racket of the early motors was C. A. Vandervell. He succeeded because he is one of those rare individuals who have an infinite capacity for taking pains."—Extract from "The Motor Trader."

Motorists in general and American Car Owners in particular are invited to write for particulars of the British Battery that will put an end to their Lighting and Starting Troubles.
