

STYLE!

THE Crossley Organisation is a combination of three types of skill—the design-
ing, manufacturing, and the commercial.

Those who live in the many workshops of the huge Crossley factory take more than a passing interest in affairs. They are all skilled in their work. They have been trained by the Crossley policy to take a broad view and strive for greater engineering efficiency every day.

Those who design Crossley cars are real artists in line, colour, and comfort—in the attainment of the luxurious.

Those who sell Crossley cars are imbued with the spirit of service. They know they are selling a product of public utility which will perform all that is guaranteed of it and provide satisfaction to the purchaser.

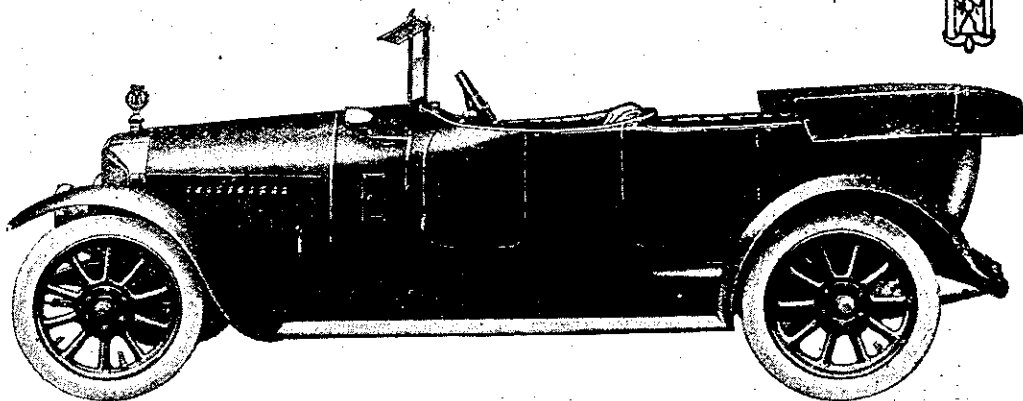

Their combined efforts make Crossley "Style," which provides a car of distinction. You will be delighted with the new Crossley.

TAUMARUNUI RACING CLUB.

ANNUAL MEETING.

GLENOPAL WINS CUP.

The Taumarunui Racing Club held their annual meeting on Saturday in fine though not altogether pleasant weather, a strong gale being in evidence, the dust raised therefrom constituting a source of nuisance to the club's patrons. McMahon, chief stipendiary steward, was present, and during the afternoon a number of cases of careless riding and interference were inquired into, a warning being deemed sufficient in each instance. R. Preston, rider of Pre-eminent in the Owhango Handicap, was severely cautioned for crossing, while interference was the complaint laid against J. O'Shea, H. Young and R.
