A FLYING VISIT

to your friend far out from the township can best be undertaken with an A.C. Light Car—for many reasons. It can be relied upon to make the journey there and back successfully, no matter what the state of the roads or how formidable the hills. By which we mean not only safely, but at a speed which many a higher-powered car would fail to show. The A.C. is efficient, comfortable, simple and economical—the lady driver's ideal.

Government work precludes us from supplying cars at present. May we book your order for post-war delivery?
