

Lord Rhondda has set down the maximum amount of tea for each person at one and a-half ounces per week. Of sugar he allows half a pound, and of margarine a quarter. An English paper raises the question: "Is tea a necessity?" and says that almost a mutiny arose in the Government offices, where thousands of women are employed, at the threat that the tea which has illuminated the afternoon's weariness shall be abolished. "As a practical fact," says the writer, "the brain works so much more freely and rapidly after a cup of tea that the time in taking it is by no means wasted."

A Lady writes: "I have tried many different kinds of so-called rain-proof tulle which are supposed to be 'just as good' as 'Dynamo,' but I have never found one so crisp and fresh in appearance or that wears anything like so long. The lasting powers of 'Dynamo' are simply wonderful."

Only the makers of "Dynamo" Rainproof Tulle know the secret of its wonderful durability. If you are buying Tulle for millinery or for use as Scarves—so fashionable now—you should be particularly careful to see that you get the genuine "Dynamo" Rainproof Tulle.

"Dynamo" is better in appearance, more pleasing in effect, and far more economical because of its lasting durability.

"Dynamo" is not only rainproof. It is sunproof. It is colour-fast. It is fadeless. It is free from stickiness. When wet you simply shake it to and fro in the air for a few moments till it is dry, when it will immediately regain all its original freshness and charm.

Dynamo RAINPROOF Tulle

The best Milliners always use "Dynamo" Rainproof Tulle. The best Stores sell it by the yard. Ask for it by name and decline to be put off with so-called "just-as-good" kinds, which only cause annoyance and extra expense.

36 ins. wide. In black and white and all fashionable shades.
SOLD AT ALL PRICES.

If any difficulty in obtaining send P.O. stating quantity, colour, and price per yard to "Dynamo" Enquiry Dept., Carlton House, York Street, Sydney.
