

Palmer--Comfort and Economy

The Oversizes of Palmer Tyres, and their unique construction lessen shock from rough roads and provide a remarkable ease in running. The Palmer Patent Cords which are the basis of Palmer Cord Tyres make them things of intense vitality and resilience—are in fact the "nerves" of the tyre—ensuring absence of internal friction, freedom from bursts, a saving of 10 per cent. of petrol, and far longer life on the road.

Palmer Cord Tyres are made for Motor Cars of all weights. Motor Cycles and Aeroplanes.

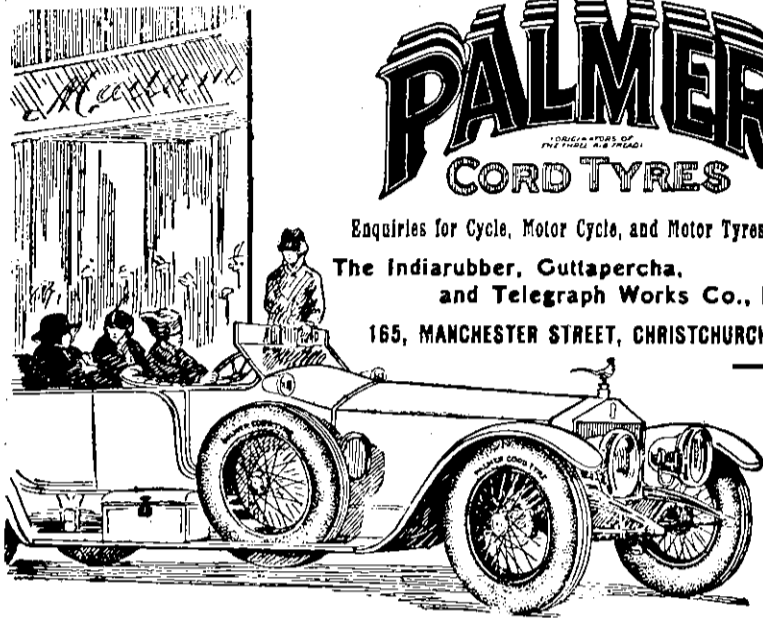

Palmer Fabric reinforces the lower-priced Motor Cycle Tyres, all Palmer Cycle Tyres, and the Tyres for Auto-Wheels.
