We Have Won the Fight For Supremacy in the Typewriter World.

THERE was a reason, of course. We saved the typist's time, i.e., made her more valuable and efficient in the service of her employer, the chief factor in this being the device which of all the REMINGTON exclusive labour-lifting devices was sufficient to place our machine a decade in front of any other make of typewriter on the market, namely, THE REMINGTON SELF-STARTER.

It will go down in Typewriter History.

THAT every labour-lifting device on any make of typewriter was First on the Remington. Of course, we have imitators, but that is the sincerest form of flattery.

NOW IT IS 10 TO 1

CHANCES that your daughter will have to use this machine when she sets out on her business career.

THEREFORE it would be wise to have her tutored where she will obtain the very best tuition in the manifold uses of the
