(1) ALFREDO VALENTI, (2) ELSIE TREWEEK, (3) CARL FORMES, (4) VITTORIO LOIS, APPEARING AT HIS MAJESTY'S THEATRE, AUCKLAND, UNDER THE J. C. WILLIAMSON DIRECTION, IN AN EXTENSIVE REPERTOIRE.

At last has come the official pronouncement that H.R.H. the Prince of Wales is to arrive in Auckland (the first port of call in New Zealand) on April 17, on board the warship Renown. What a day it will be in the Queen City of the Dominion can well be conjectured, always providing that the weather is fine. What a day there will be at Ellerslie on Monday, April 19, when the flags are flying in hon-our of the great occasion and we are paying a tribute of respect and showing our loyalty to and love for the young man of the hour, who is destined to become our future king. The people of Auckland—and from one end of the Dominion to the other -can be depended upon to play their part well, and the sporting section of the community will rise to the situation in a whole-hearted manner, do their best, and regret that they on their best, and regret that they could not do more in the limited time available and with so few scheduled racing functions permissible. It is only natural that the executives of every racing and trotting institution in the Dominion in a position to do in the Dominion in a position to do justice to such an occasion would only be too happy to respond. They have to recognise the impossibility of arranging the programmes of our Royal visitors. That is a matter left to higher organisations, and it is well that it should be so. In deciding that there should be two race meetings—one in each island of the Dominion the Government and those in authority with them have done what they conceive to be best. That in deciding upon Ellerslie in the North Island, and Riccarton in the South Island, as the places where these meetings should be held, the responsibile heads have unquestionably done the correct thing. We say this with all due deference to Dr. Thacker, who is a great stickler for the trotting and pacing sport, but who as Mayor of the City of Christchurch, in his civic capacity, might well have been expected, on an occasion of this character, to have refrained from exhibiting his enthusiasm and partiality for one form of sport more than another, and making suggestions as ridiculous as they were in bad taste.

Unfortunately, Dr. Thacker, good supporter of various branches of sport as we have known him to be for many years past, lets himself go when he does not take the same view point as other people in high places. Like the immortal Jorrocks, who looked upon life wasted that had not been spent in hunting, the Mayor of Christchurch places trotting interests there and the community associated with it, before racing and those who have controlled its destinies in Canterbury, and he does them an injustice. When it was first known that this Royal visit was to take place, we suggested that there might be a big trotting meeting as one of the functions, and we sympathise with our Canterbury friends, who have brought the American form of sport to its high estate, in not having the opportunity of showing H.R.H. the Prince of Wales what we are capable of in that particular branch of sport, but we deprecate such feeling as Dr. Thacker has exhibited of attempting to play one sport against another as he has done. It is not sportsmanlike. With the royal programme limited to one day's racing in Auckland and one in Canterbury could the claims of the premier and the two oldest clubs in each island have been passed by? The Canterbury Jockey Club is, indeed, the oldest in New Zealand, and has always given evidence of being able to cope with the necessities of notable occasions in a manner worthy of them, and we are quite in accord with what the Minister of Internal Affairs and the Government have been pleased to recommend under the circumstances. We are quite sure that the coming meetings, left in the hands of the Auckland Racing Club and Canterbury Jockey Club to arrange, will be all that it is possible to make of them.

In the above connection, the Auckland Racing Club executive committee lost no time in meeting and acceeding to the request of the Minister in authority, and as a result have put in a fine programme of half a dozen races, quite sufficient for the afternoon, and as £4000 has been allotted and each department of racing

provided for, owners are not likely to be found complaining about the bill-of-fare. It is an excellent one. For the leading event, the Prince of Wales Handicap, the distance (one mile and a-quarter) is a popular one, and the prize money amounts to 1300 sovs. The Naumai Hurdle Handicap is worth 500sovs, and as Naumai means welcome, the owners of good jumping horses will welcome it on the programme, also the Royal Steeplechase of 600sovs, run over the Ellerslie hill, long famed as one of the prettiest steeplechase routes to be found anywhere in the world. It is just possible that there may not be as many of the best 'chasers in the Dominion as could be desired ready to take part, but it is wonderful where the jumpers are brought to light from well on in the autumn. The two-year-olds have not been

and be at least equal to the best of There are some its predecessors. very good short-coursed horses engaged, and the Flying Handicap, the Jackson Stakes, Cup, two-year-old races and races in which horses eligible for the hack class are en-gaged should all be interesting. The defection of Karo from the Wanganui Cup was not surprising. It was only in that race that the weight adjuster had the privilege of re-handicapping winners since the weights appeared. The next appearance of imported Arrowsmith after his success last week over five furlongs, carrying 9.13, and his previous week's success at Hamilton with 9.5, was expected to be in the Flying Handicap at Wanganui, in which he has 9.11, including penalty. That race should be run fast. People talk of the going there as false, but the fact that some of

overlooked, the Kairere Handicap of 500sovs having been provided for the juveniles, of which we have not many ready or of class, though we may have visitors. The Renown Handicap of 600sovs, run over six furlongs, and the Massey Handicap of 500sovs, for horses that have not won over 150sovs in one stake or 400sovs in the aggregate, complete the programme. It follows as in the natural order of things that there will be good nominations for such good prizes, but the fact that the Prince of Wales is to be entertained at the old and favourite tryst, Ellerslie, will cause owners to respond in a way that will surprise even the most enthusiastic and optimistic of followers of the sport of kings and princes. Ellerslie will smile her best on that day beyond all doubt, and Ellerslie's best is something to enthuse and reflect over, and we may be sure that after the "Royal" meeting (which will attract many hundreds who have never graced the scene before and others who have never been patrons of the racecourse), Ellerslie will have made fresh converts and have further increased in popularity.

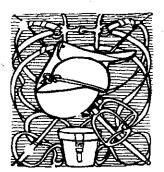

The autumn meetings are upon us as we write, and the most important of the Wanganui meetings is voted the one which takes place the last week in February. The indications are favourable for the success of this week's fixture, which promises to bring together many of the best horses in commission at the present time

the races run on the course have been record achievements does not heighten the belief that there is anything amiss with it, and there is probably no semi-circular mile course any faster in the Dominion. In the short races—there is nothing under six furlongs for other than two-year-olds—the horses that can begin well take a lot of beating. The horses set down to take part are a representative lot taking them all round, and on that account more than ordinary interest attaches to the meeting.

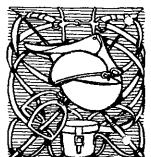

The Te Aroha meeting commences on Saturday, the day the Wanganui J.C. meeting concludes. Mr. F. Edwards issued the weights on Monday morning, and the acceptances are not due until too late for this issue. The object of delaying the weights so long has been in order to give the weight adjuster the chance of seeing the form at Waipa or working thereon, and therefore doing more satisfactory work. The trouble with these meetings coming so close is that the form is not always reliable, and cannot be accepted sometimes as such. The meeting is so popular that it will draw a lot of people by the ordinary and by the special trains on the days of the fixture, and it seems practically certain that the horses will be on hand in plenty to make good racing assured.

At the Waipa meeting, brought off on Saturday, and for which some people were predicting poor results generally because the Otahuhu Trotting Club's meeting was being commenced on the same day, proved very successful. Fewer city people travelled to the country meeting than would have been the case if there had been no meeting held in Auckland, but neither meeting suffered to any appreciable extent through the clashing. There were large attendances at both, and totalisator speculation was as brisk as ever. The Otahuhu Trotting Club put £35,400 through the totalisator, which is an increase of £10,132 10s, over the opening day last year, and the Waipa Racing Club's totalisator workers handled £23,734 10s., as against £16,195 10s. last year, the increase of the Otahuhu Trotting Club.

Apropos of the form shown at one meeting and another of the country clubs, it takes handicappers who are present all their time to follow it, and as they sometimes have to rely on very meagre reports, and as the full particulars of overweights carried rarely appear in the daily papers there is danger in accepting the running as what would have resulted if allotted imposts had been carried. The carrying of overweights is becoming a scandal. Such overweights as are put up at country meetings, it is absolutely certain, would form the subject of enquiry if owners sent horsemen to ride for them in the same way at the metropolitan fixtures. No greater argument for the raising of the minimum weights in all country races was ever presented at a country meeting than at the Waipa meeting. There were 79 starters during the afternoon, counting a number that ran twice, and no fewer than 34 times the handicapper's work was altered through riders being put up overweight or claiming the apprentices' allowance. True, in some instances the overweight was but a few pounds, and in others the riders entitled to the 5lb. allowance could not take all they would have done if they could have ridden under. but when it comes to putting up horseman during many afternoon riding from 8lb. to 50lb. over, then it can be claimed that "the dizzy limit" has been reached. There were twenty-starters in the Orakau Hack Handicap, and with a minimum of 6.10 only one lad took 1lb. allowance and eleven others rode overweight up to 50lb. They were all on the 6.10 mark, and starting with Solomon, who had 1lb. allowed, the lightest he could scale was 6.9. Then came Downing and Nightingale at 6.11, each 1lb. overweight; Walsh 6.13, or 3lb. over; McTavish 7.0, or 4lb. over; Conquest 7.4, or 8lb. over; Dennison 7.7, or 11lb. over; McCurdy 7.8, or 12lb. over; Gollop 8.1, or 19lb. over; R. Manson 8.5, or 23lb. over; J. O'Shea 8.8, or 26lb. over; and Glover 10.4, or 50lb. over. Was ever anything more absurd? Is there never to be a limit to the amount of extra poundage horse owners are allowed to put up overweight, and when will clubs instruct their handicappers or fix minimums that will prevent the recurrence of such alterations of their work? The system of handicapping while such conditions are allowed is a farce. The horses given the lightest imposts with the obvious intention of trying to give them a chance get no chance at all, as riders cannot be got for them at the weights allotted, which the weight adjusters must know is likely to be the case. Of the five horses left in the Cup three had overweights of 21b., 4½1b. and 111b. respectively, and the winner, Corregidor, carried his handicap weight, while Lady Energy had 111b. over. The cases referred to were bad enough, but in the Waipa Maiden Handicap, with 24 starters and a 7.5 minimum, the overweights worked out in ten instances at 31b. twice, 81b., 10lb., 12lb., 13lb., 16lb., 17lb., 21lb. and 31lb., and to crown all three apprentices received 5lb. each allowance in the same race. The winner and the third horse carried their allotted imposts, the second one carrying 8lb. over. We wonder whether our turf legislators ever give any thought to the subject, and how much longer they intend matters to go along in the old groove. Clubs should substitute medium-weight welters so as to avoid the absurdities referred to.

MATAMATA RACING CLUB.

ANNUAL MEETING.

The Matamata Racing Club have decided upon March 27 as the date for their annual meeting, and have drawn up a programme of seven events, which for a non-totalisator fixture are sufficiently remunerative to attract good entries. Last year's meeting proved a big success, so that the officials of the Matamata R.C. have good reason to view the approaching fixture in a highly-favourable light. That the club is determined to cater for its patrons in the best manner possible the recent purchase of a property for £8000 clearly demonstrated. Such action is deserving of wide support from followers of racing, and must eventually That next bring its own reward. month's meeting will provide the club's patrons with an interesting and enjoyable afternoon's sport is certain, and a large number of enthusiasts contemplate making the trip to the gathering by motor car.

The principal event, the Matamata Cup Handicap, 11/4 miles, carries with it a £50 stake, in addition to a cup valued at 15gns, presented by Messrs. Finnerty and Darby, and a good entry may safely be counted on. The other events on the programme are as follows:-Ladies' Bracelet Hanlicap, one mile, for horses owned within a thirty-mile radius of Matamata, to be the property of owner at

least three months prior to the meeting and to be ridden by gentlemen riders, bracelets to the value of 20, 5 and 3gns. being presented for the first, second and third horses respectively; Hinuera Handicap, of 20sovs., hack conditions, six furlongs; Waharoa Welter, of 20sovs., seven furlongs, minimum weight 8.7; Turangaomoana Handicap, of 25sovs., six furlongs, for horses that have not won more than 20sovs, at time of starting; Taihoa Hack Handicap, of 20sovs., hack conditions, seven fur-longs; and the Peria Maiden Handicap, of 20sovs., five furlongs, for horses that have not won an advertised race at the time of starting.

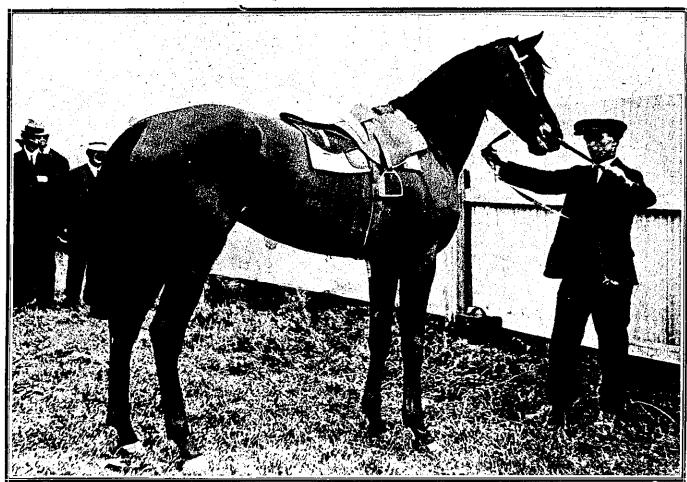

Nominations, accompanied by nomination fees, must be made to the secretary, Mr. A. G. Yardley, Matamata, not later than Monday, March 15, at 5 p.m.

Boxes, as far as possible, will be provided for visiting horses.

ers of juveniles is the Oringi Handicap, of 180sovs., five furlongs, for two-year-olds. The Ladies' Handicap, of 110sovs., 11/2 miles, in which the lady nominators of the placed horses will receive gold bracelet watches valued at 55, 35 and 20sovs. respectively, will constitute a special feature of the afternoon's racing. The horses are to be ridden by gentlemen riders, while the minimum weight is 10.7. The Hack Handicap, of 165sovs... 1¼ miles: Purimu Hack Handicap, of 165sovs., six furlongs; Hatuma Hack Handicap, of 180sovs., five furlongs; and the Maiden Race, of 140sovs., seven furlongs, weight for age, for horses that have never won a race at the time of entry, complete a firstclass programme.

Nominations for all events are due with the secretary, Mr. W. G. Nightingale, P.O. Box 118, Waipukurau, on Monday, March 8, at 8 p.m.

ing provided for foot passengers and for motorists. Twenty-three chain of fencing, all of nine feet corrugated iron on reinforced concrete posts, have been erected. The totalisator house has been shifted back and rebuilt on a much larger scale, providing seven more selling windows and five more pay-outs, making a total of 22 selling windows and 13 pay-outs. The frontal portion, containing the totalisator itself, jutts out so as to keep the crowd well back, thus avoiding crowding about the windows. Up-todate conveniences, all in concrete, are fed from a raised water tower, also in concrete, which is capable of holding 2000 gallons. The accommodation house for trainers and jockeys has been considerably enlarged, extra sleeping rooms, an enlarged dining room and a smoke room being added. All the rooms are well lighted and well ventilated, and the sleeping accommodation (which provides for

Arrowsmith's first win in the Dominion was registered at the Woodville meeting on December 10, when he accounted for the Flying Hack Handicap (six furlongs). He then won the Fitzherbert Handicap (six furlongs) at Awapuni on Boxing Day; ran fourth in the Telegraph Handicap (six furlongs) at Trentham on Wellington Cup Day; won the Cambridge Handicap (six furlongs) on the opening day at Hamilton; while his latest success was in the Shorts Handicap (five furlongs) at Woodville on Thursday last.

WAIPUKURAU JOCKEY CLUB.

ANNUAL MEETING.

With the Easter race meeting less than six weeks off, owners and trainers will shortly be making their plans and preparation with a view of being represented at one or more of the important fixtures which are to take place at this particularly busy racing period. The principal attraction in Hawkes Bay at Easter time will be The principal attraction in the Waipukurau Jockey Clubs annual meeting, which is to be held on the club's course on Easter Monday (April 5). The forthcoming gathering eclipses any previous meeting held by the Waipukurau J.C. in point of the value of the stake money offered, the club having allotted the sum of £1410 for the eight events which are to claim attention. The liberality and enterprise of the club will assuredly be the means of inducing a large number of North Island owners to nominate their horses for this old-established and widely-popular turf fixture. Chief interest will be centred in the Waipukurau Handicap, of 260sovs., 14 miles, for which a good entry may be safely anticipated. The Flying Handicap, of 210sovs., six furlongs, can be depended upon to induce a good class of sprinters, while an event that will be welcomed by own-

IMPROVEMENTS AND INCREASED STAKES.

That the Rangitikei Racing Club is fully alive to the present boom in racing and the consequent demand for increased accommodation, both as regards stands, totalisator facilities and lawn space, a visit to the splendid course at Bulls will quickly convince the most critical. The club's programme of improvements (delayed owing to the war) is now being energetically proceeded with, and a most comprehensive scheme it is. This includes the shifting back of the present grandstand, the installation of a new stewards' stand and totalisator house, the installation of a watertower with conveniences, septic tanks. etc., and considerable additions to the accommodation provided for visiting trainers, jockeys and horses.

Of course, all these things take time, but visitors to the club's annual race meeting on March 24 and 25 will be agreeably surprised with the progress made. The "inside" enclosure has been enlarged to about four times its previous size, giving ample room for the increased attendances expected, as well as for the ever-increasing numbers of motor cars requiring safe paddocking.

The lawn entrances now butt on the main road, separate entrance be-

persons) is most comfortable. Eighteen more loose-boxes have been erected, making 66 in all, and the boxes are large, roomy, well ventil-

ated, and on high, dry ground. The total scheme of improvements will entail the expenditure of about £10,000, and the club is indebted to Mr. J. M. Johnston, secretary of the Manawatu Racing Club, for the comprehensive plans for laying out the grounds and the disposition of the buildings. The plans of the buildings have been prepared by Messrs. Robinhood and Baker, the well-known Palmerston architects. This season £3500 is being spent, the chief items of expenditure being: accommodation £1030, conveniences £600, and totalisator house £600.

Stakes for the coming meeting have been increased all round. This year's Cup is worth 500sovs, as against 400 sovs last season.

Excellent nominations were received for the meeting on Saturday last, and the appearance of the first day's weights, which are due on Monday. March 8, is eagerly awaited by turf enthusiasts.

Trainers taking horses to Te Aroha this week for the annual racing fixture are advised to bring straw with them if possible, as it has been almost unprocurable so far in the thermal township.

WELLINGTON.

'anganui Jockey Club's Autumn Meeting—Addition to N. Williams' Wanganui String—Lepanto Changes Hands— Swanee River's Successes in South Island—Master Strowan in Steady Work at Foxton.

WELLINGTON, Monday. The autumn meeting of the Wanga-nui Jockey Club, which takes place on Thursday and Saturday next, is engaging considerable attention in local sporting circles. Quite a number of Wellington racing enthusiasts are making the trip, and everything points to a very successful gathering. Meetings held at Wanganui are always placed in high esteem, and this week's fixture promises to be no exception to the general rule.

Khartoum is shaping so well under Percy Coffey's care as to suggest that the gelding should be seen under favourable circumstances in the hurdling events at Wanganui. By the way, since being purchased by Mr. "Ben." Bennett, Khartoum has shaped exceedingly well, for out of 12 starts the gelding has only been unplaced on one occasion, the horse's performances being highly creditable to those attending to his welfare.

Bold Boy, Erin's Isle and Pretty Bobby are doing well under Percy Coffey's guidance. The two latter are expected to make a creditable showing in their contests at Wanganui this

The mare, who is being trained by "Roley" Hatch, made her first appearance in her new owner's colours at Woodville last week, where she acted as runner-up to Goldstream in the Hack Hurdles. Lepanto gives every promise of turn-

ing out useful.

T. Hurley, who was formerly associated with J. Y. McCracken, has taken the position of head lad with J. Brown, at Hawera. Hurley is well endowed with racing knowledge, and he should fare well in his new sur-roundings. By the way, Brown has a capital team in work, amongst the number being Marble Bar and Polemic, both of whom can gallop to some

purpose.
P. McBrearty, who is attached to D. McCauley's stable at Foxton, rode an exceedingly good race when he piloted Vigolo to victory in the Hack Hurdles at Woodville. The lad is gifted with some capital riding ability, and should fare well in hurdling events during the present season.

A popular win at Woodville was that of Goldstream in the Hack Hurdles, who put up a fine performance by running second on the opening day and winning on the second. marks Goldstream's third success over the small sticks, he having previously won this season at Marton and Fox-The brown horse is owned and trained by the veteran Porirua trainer, J. this week schooling Seadown, who will form one of J. W. Lowe's jumping team this winter. McSweeney is riding exceedingly well, and should be well up in the lists for winning riders at the end of the season.

Reparoa ran like a duffer at Woodville. Hurdle racing is evidently not the gelding's forte, and probably the five-year-old will again be relegated to the flat.

J. ("Paddy" McLaughlin is busy at Trentham with Fortune Teller (Bezonian-Sea Queen), who is shaping very well in her training exercises. This two-year-old gives every promise of making a decided acquisition

to the racing ranks. The two wins scored by Swanee River at the Dunedin and North Otago meetings should be highly gratifying to the local sportsmen, Messrs. Dwan Bros., who bred the mare. Swanee River is held on lease by Mr. Ebb Simpson, and is trained by him with the assistance of his wife. Swanee River is always turned out in capital trim, which reflects high credit on the care and attention bestowed on her' by Mrs. Simpson, who attends to

the major portion of the training.

T. George, the Awapuni trainer, is shortly taking a holiday trip to Australia, and will be away for a few months.

E. W. Watson, at Awapuni, has Bir-(Birkenhead—Martlet) fast com-up to concert pitch. The twoing up to concert pitch. The two-year-old should soon be getting his name amongst the winners.

Hytinas has been turned out, and it will be some time before Mr. F. Jensen's filly is asked to race again.

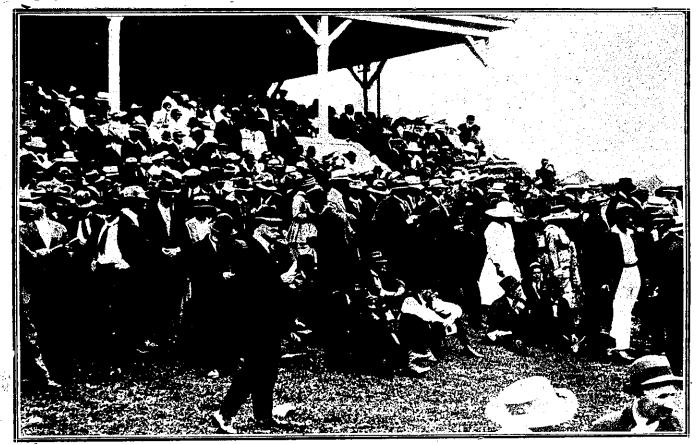

Snub appears to be nicely handicapped in the Wanganui Cup with 7.13, and the distance should suit Mr. Kemball's gelding, as he is always galloping on well at the finish of his races. Another member of W. Hawthorne's team, in Hymestra, now that he has shown he is back to form, should show up well in the Jackson Stakes on Saturday.

should be catching the judge's eye in the near future.

Better Luck, the aptly-named gelding in A. Jackson's Feilding stable, showed fair form over hurdles at Woodville. The four-year-old gives every promise of developing into a decent hurdler.

Master Strowan is in steady work under F. J. Carmont's watchful eye at Foxton. The champion bears no ill effects from his past experiences over country, and will be on hand to keep his opponents busy in steeplechasing events during the coming winter.

Student (Harrow-Catchfly) is coming on nicely under E. Penman's guidance at Otaki, while Detroit is also shaping well. The former will be amongst the runners at the Rangitikei meeting.

The principal winning owners at the Dunedin Jockey Club's Cup meeting were: F. S. Easton £1470, Sir G. Clifford £690, J. B. Reid £610, A. Mc-Donald £525, W. Stone £495, E. Simpson £315, F. S. Rutherford £290, C. Hazlett £260, G. B. Starky £230, Rutherford £290, C. ven and White £210, T. Toomey £210, E. Russell £160, G. L. Rutherford £150, A. Murdoch £140, P. Delargy £140, H. A. Knight £140, O. R. Wise £140.

Chaeronia made her first appearance in her new owner's (Mr. G. Fulton) colours in the Warrington Handicap on the concluding day of the Dunedin Jockey Club's autumn meeting. She was ridden by S. Walls, and was made a warm favourite, but failed to show a glimpse of the form displayed in her previous effort on the concluding day of the Wellington Racing Club's summer meeting, when she led her field home in the Wallaceville Welter Handicap.

The dividend was of small dimensions, so those who supported Mr. McDonald's mare at Christchurch and on the first day of Dunedin would still be a little on the wrong side.

Dainty Step has come on a lot since going to Trentham to be trained, and won her two races at Woodville in an easy manner. W. Fenwick, who for some years was clerk of the course at the Wairarapa meeting, still owns Dainty Step, and is sure to win more money before the season ends. When trained at Tauherenikau the daughter of Lucullus-Adoption always showed

Arrowsmith carried his 9.13 on the second day of the Woodville meeting in a manner which made the opposition look very weak, and there is no doubt that the Tauherenikaunow his form. The same stable was third in the big race with Kilrush.

Masterton-trained horses did not show to much advantage at the Woodville meeting, the only place-getters being Multaine and Timidity, third positions going to them on the opening day. The failure of Red Ribbon and Torfreda is hard to account for. as both were nicely handicapped, the latter appearing to have a really good chance after her two seconds at Hamilton. Mr. McDonald's mare does not seem to gallop with her usual freedom, and has not quite got over the accident she met with at Riccarton during the Cup meeting. Red Ribbon looks well to the eye, but puts no dash into her races, and Mr. Dorset's mare may still be suffering from the effects of the fall she had on the concluding day of the A.R.C. summer carnival at Ellerslie, although no outward signs are apparent.

ed the mare as if the race was alreadyunder his care. As a painstaking and careful trainer, the late Mr. Nicholls had a way of his own, and had a great affection for the thoroughbred. During his two years' residence in Masterton several winners have been turned out by him, and the condition of the horses was often favourably commented upon. The late Mr. Nicholls was 59 years of age at the time of his death. The funeral took place at Masterton on Thursday last, and was largely attended, sportsmen being present from all parts of the district.

Matters Quiet at Riccarton-Amythas May be Seen Out at Ellerslie and Trentham — Notes on the North Otago R.C.'s Fixture—Preparations for Prince of Wales' Visit,

CHRISTCHURCH, Monday. There was very little work at Riccarton during the past week, as many horses and trainers were away at the North Otago meeting.

Cutts Bros. are keeping charges going in view of the Easter meetings, but none of them have been asked to do much. This stable will not be represented at the Wanganui meeting.

R. J. Mason and G. M. Aynsley have small teams in work, light tasks being their portion.

Amythas and the other members of F. D. Jones' team are back at headquarters looking none the worse for their exertions at Wingatui. At present all of them are on the easy list, but will soon be set going again.
Amythas looks in the best of health, and his trainer is anxious to throw

down the gauge of battle with him to Surveyor in the A.R.C. and W.R.C. St. Legers. At any distance over a mile Amythas would carry the extreme confidence of all those who saw, his efforts at Wingatui.

Two Riccarton-trained novices in Spyglass and Warform made their jumping debuts in the Autumn Hurdles at Oamaru. Both showed Hurdles at Oamaru. greenness, but Spyglass' display was of a rather encouraging order.

Belgian King showed to still further advantage by putting down a strong field in the Pukeuri Handicap, much of his success being due to the vigorous manner in which he was ridden by J. Campbell. He is trained by his owner, Mr. T. Twomey, at Methyen.

Swanee River put up her best race to date in winning the North Otago Cup. She was always well placed, and though Sunart threw out a strong challenge at the distance the northerner always had his measure.

Had Grim Joke got as good a passage as Proceeder in the Trial Plate he would probably have reversed positions with the winner.

Bondage made her reappearance at the Oamaru meeting, looking on the jolly side. She ran a fair race in getting third place, and should not be long in winning a race.

Eleus was again unlucky in the North Otago Cup. He got away very badly, but was galloping better than anything over the last furlong.
When the horses were at the post

for the Flying Handicap Sundance played up and got rid of her rider, G. Pickens, who was rendered unconsci-The services of L. Hagerty were then secured, but as he had to put up two stone overweight it was no wonder that Sundance was never sighted.

For using insulting language to the stewards of the North Otago Jockey Club, trainer R. Ellis was fined £5.

The English-bred Saxby was again heavily supported for the Trial Plate at Oamaru, but he quite failed to show the form demonstrated by him in public.

Now that it has been granted a totalisator permit, the Canterbury Jockey Club is leaving no stone unturned to make its meeting in honour of the Prince of Wales' visit a big success. The meeting will be held on May 7 or 8, and the programme will be issued in the course of a few It is particularly unfortunate days. that the grandstand has not yet been rebuilt, as the temporary stand is a blot on the landscape.

Needless to say, the local trotting authorities were very disappointed in being passed over in favour of the C.J.C. They claim that the royal party can see racing of the best in England, while trotting, as conducted at Addington, would be a revelation to them. In the meantime the trotting project has been practically abandoned.

Jockeys G. and H. Young Appeal Against Suspension — Gamecock Makes His Debut Over Hurdles— The Proposed Royal Race Meeting in Christchurch-Inclusion of Trotting Events on Programme Advo-

(By Tele.-Christchurch Correspondent) The two jockeys George and Harold Young have appealed against the action of the C.J.C. in withdrawing their licenses. Their appeals are to be heard on the 24th inst by the District Committee.

Gamecock made his debut as a jumper in the Pakakaio Hurdles on the second day of the North Otago meeting. He shaped very well for a but dwelt somewhat at every obstacle, thereby spoiling his winning chances. Golden Prince gave a splendid exhibition of jumping, and let anything get Pilgrim was sore, and would not hit

Primum got a very had bump going out of the straight in the Burnside Handicap, which sent him right over to the outside fence. It took a lot out of him.

If ever a starter's patience was tried it was that of A. Woods at the barrier with the Buckley Memorial field. Kilbrogan was not particularly bad himself, but he soon had John Barleycorn, Kilkee and Recorder at his own tactics, and when Wood did let them go it was almost time to start the Nursery Handicap. Need-less to say, there was scarcely any Needtime to bet, and it was the smallest pool of the meeting. Tremena paid nearly a third of a century in the Buckley Memorial Handicap. Roval Star was unlucky both at the start and during the race. At the conclusion of the Buckley Memorial Handicap the stewards held an inquiry into some of the crossing that took place in the race, and censored Tilson for crossing Royal Star.

The Mayor (Dr. Thacker) and Mr. Chas. Louisson have made further appeals to the Minister of Internal Affairs in the direction of getting a totalisator permit for the proposed Royal trotting meeting. So far their inquiries have met with no favourable response, and it looks as if the project will have to be abandoned. It has been suggested that in the event of no trotting permit being forthcoming, the Canterbury Jockey Club should be requested to put two or three high-class trotting events on its special programme, so as to cater for the patrons of both sports.

J. McCombe went north on Saturday with Bon Spec to fulfil engagements at the Wanganui meeting.

Prospects for the Wanganui J.C.'s Meeting — Fancied Cup Candidates —Talamai May Start Favourite— Latest Track Gallops-Notes on Intending Contestants-Marton J.C.'s New Course to be Commenced-Zela Leased to Nelson Sportsman-Wanganui Trotting Club's Meeting.

WANGANUI, Monday.

The weather appears to have set fine again after the recent rain, and the prospects look very bright for the racing and trotting meetings this week. The heavy rainfall experienced last week has improved the tracks greatly, and they should be well-nigh verfect. .

1min. 45 2-5sec., and should be pro-

minent in the Stewards'. Lord Kenilworth left five furlongs behind comfortably on Saturday in 1min. 4sec. He is very well, and is sure to be well backed in the Flying. The Hon. E. W. Alison appears to have a big chance of landing the double with Taiamai and Lord Kenilworth.

Bo-Peep and Active covered a mile together on Saturday in the good time of 1min. 44 3-5sec., Active appearing to have the best of matters at the end. The first half-mile was run under 50sec. Listowel finished in front of Weldone in a half-mile spin, the time being $52\frac{1}{2}$ sec. from a standing start.

Admyra is not yet ready after a bad cold, but she is doing good work. The other morning she ran a halfmile just beating Zela in 51sec. On Saturday she took on Hymestra and finished in front of him at the end of five furlongs run in 1min. 3 2-5sec. It was a good go on her part, and Hymestra was going along nicely at the end.

Kilmoon and Snub are both putting in good work, and should be in capital nick on Thursday.

It is reported that both Oratress and Client are galloping well at For-They will be in to-morrow, when Tilley will also bring Acre, Tame Fox, and Demand. Acre is Acre is likely to be hard to beat in the Fly-

ner will be hard to pick. Santorini, Missgold, Flying Master, and Kilgour are all very fit.

Master Moutoa is not overweighted Explorer is doing in the Hurdles. good work, while Toa Tere is one spoken of as likely to prove himself over the small sticks.

The good stake offered in the Victory Hack Welter will no doubt mean a strong field, but many of those engaged are also in the Petre and Wiritoa Hack. Starland, War Baby and Amberine are three which are nicely placed.

It is reported that Papanui has gone amiss, in which case he will not be seen out here.

Taiamai and Oratress appear to be the two most fancied Cup candidates, but it will be a good betting race. Client has dropped out of favour since the Egmont meeting, but if he goes to the post he may upset calculations. Certainly his form at Hawera was not reassuring, but the going was too hard for him, and he will be better suited here after the recent heavy rains. It is said that he has been doing good work since racing at Hawera. His old pilot, C. Price, intends to retire from the game after the Wanganui meeting, and he will be very keen to win the big event

once more on the son of Elevation.

There is every likelihood of excellent fields contesting the Juvenile Handicap, the Wiritoa Hack, and the Flying, which latter at present looks very hard to pick. Those most talked about appear to be Silver Link, Hymestra, Acre, Lord Kenilworth, and

GROUP OF CANTERBURY SWIMM ERS AND VISITORS, WHO ASSISTED AT THE NEW ZEALAND AMA-TEUR SWIMMING CHAMPIONSHIPS IN AUCKLAND.

Though the acceptances for the Wanganui meeting are not due until to-night. It is evident that there will be large fields, and there may be a record number of starters in the Cup. Already there are ten visiting Cup candidates here, though one or two of these may drop out, and others are coming. So far as quality is concerned, the field will be a splendid the read of the read promises to be a one, and the race promises to be a great one.

It is probable that Taiamai will start favourite, but Oratress, Kilmoon, azique, Ivanova Moutoa are all much fancied.

Taiamai never looked better, and the work she is doing is very satisfactory. If she can see out the mile and three-quarters she will take a power of beating. She covered a mile on Saturday in fine style.

Gazique is coming into favour for the Cup. The aged son of Gazeley certainly looks remarkably well, but the distance may trouble him. He sprinted six furlongs on Saturday very nicely.

Dusky Eve and Melee went a mile together, the latter pleasing most. Melee is a sturdy sort, and should get the distance all right.

Rose Queen did not shape like a Cup winner in a gallop with Zola and Farce over a mile, as Zola was going better than either of his companions after covering most ground. The son of Sweet Simon will be a starter in the Stewards' instead of the Hurdles the first day, but will take on the hurdle race the second day. He ran the mile on Saturday comfortably in

Hill, caretaker of the Ellerslie course. and the Course Committee have been authorised to proceed with the work of formation. Plans for additions to the caretaker's residence are also to be prepared, with the object of providing for forty-four trainers and attendants being accommodated.

The Patronus mare Zela, which has been in W. Rayner's stable for a couple of years, has been leased to a racing man in the Nelson district, and has left for her new home. She will therefore not fulfil her engagements at Wanganui. Though not quite good enough to win up this way she should score a race or two in the Nelson district, where the company will not be quite so good.

It has been stated that the field for the Jackson Stakes next Saturday will probably be reduced to three, but at least six or seven are expected to start, including Silver Link, Acre, Hymestra, and Demand.

It may be taken for granted that the acceptances for the first day of the Wanganui meeting will be large. as Mr. H. Coyle appears to have got in some of his best work in apportioning the weights. In the circumstances big fields should be the order of the day on Thursday, when some splendid racing should be witnessed.

Several of those engaged in the opening event-the Stewards' Handicap-also figure in other races, but horses which should run well, if started, are Rose Wreath, Borealis, and Zola. Active is another which is galloping well on the tracks.

There are such a lot of good hacks in the Petre Handicap that the winStatuette, but quite a lot of money has been taken about Inah, coupled with the best of those in the Cup.

The excellent acceptances received for the first day of the Wanganul Trotting Club's meeting, which opens on Friday, points to the gathering being a great success. There are being a great success. There are eleven left in the Cup, and they include some fine performers, so that a splendid race should be witnessed. There are sixteen in the Kirkwood Handicap, 18 in the Eastbrook Handicap, and in all the other events the will large. horses as Prinzora, William the First, Paul Dufault, Lovelock, Jimmy Richmond, Van Coronado, Speculator, Yim Kin, Prince Akwood, and others racing, it is certain that the sport will be of a high class.

Nightraider, the three-year-old son of Martian-Glenowlet, registered his best performance to date when he acted as runner-up to Amythas in the Dunedin Cup, despite the fact that the latter made a runaway victory of the event. On his form in the Cup, Nightraider appeared likely to take a prominent part in the settlement of the Dunedin Jockey Club Handicap (one mile and a-quarter) on the con-cluding day at Wingatui, but though he put in a good run over the last half of the journey the best he could do was to finish fourth. The Choke-bore colt gives promise of turning out a useful stayer, and may make his presence felt in handicaps from a mile and a-half to two miles next season.

Active Preparations for Gore, Invercargill and Riverton Fixtures-Profitable Hunting More Rabbit Than Training Horses at the Pre-Time-Death of Prominent - Glenwood Changes Sportsman -Hands—Notes on the North Otago Fixture-Lake County R.C. Meeting to be Held This Week.

INVERCARGILL, Monday.

The drought prevailing here for some weeks past having broken, local trainers have been able to gallop their charges regularly during the past week. A number of the most prominent southern horses have yet to return from the Dunedin and Oamaru meetings, but the middle of this week should see them all home again preparing for the Gore, Invercargill and Widespread pro-Riverton fixtures. mises of support have been received from Canterbury and Otago, and the meetings referred to are expected to prove more successful than usual. It is very satisfactory to know that numerous steeplechasers from north will take part at the southern autumn campaign, including the Grand National Steeplechase winner of August last, Lochella, who is expected to race for the first time this year at the Southland Racing Club's autumn gathering.

The majority of Trainer J. Gray's team, including Lady Winston, Partisan, Gunshy, and Admiral Fisher, having been turned out until the spring, the local mentor has passed Wild Night on to the master of Rorke's Drift Lodge. Gray, lived many years in the goldfields fur zone, goes rabbit hunting for a few Several other trainers are months. expected to follow his example. Experienced hunters can make more money out of rabbits than racehorses at the present time—that is, unless they are fortunate enough to have control of several horses of the class of Amythas, Surveyor, and Uncle Ned. During the past season a number of experts with traps earned sums about four figures, hence the attraction for trainers otherwise comfortably cumstanced.

Trainer P. Hogan returned from the Dunedin Jockey Club's autumn meeting suffering from mumps. Complications setting in, Rorke's Drift Lodge has been without his guiding influence over the week past. Hogan was unable to accompany his team to the North Otago meeting, conse-quently W. Robinson had charge of Eleus, Primum, Wild Pilgrim, and Redshire, while at home L. Smith has been superintending the preparation of a mixed team of a dozen gallopers and steeplechasers.

Last week there passed away in Invercargill, at the age of 61 years, one of the veterans of the Otago and Southland turf in the person of Mr. M. McLaren, who in his day trained and rode many galloping and trotting winners. Deceased, who was a native of Milton, was interred in his home

W. Stone's recent purchase, Silver Peak, followed up her success at the Dunedin meeting by taking the Flying Handicap at the North Otago fixture, and incidentally narrowly defeating another Southlander in Eight Bells. Both mares were heavily supported by southern backers.

During the progress of the Oamaru meeting the Invercargill owners Messrs, Grieve Brothers disposed of Glenwood (Glenculloch—Miss Colling-wood) to Mr. Taylor, owner of War-Glenwood jumps fairly well, and should account for a hurdle race

in the near future under a light scale of weights, while he can gallop well in moderate company.

One of the surprises of the North Otago fixture-which, by the way, provided many expected results-was the success of Brooksdale in the hurdle event on the opening day. son of Pallas and Bealey disappointed his connections at Wingatui the previous week, but it was evident that his experiences at the Dunedin J.C. fixture did him good, as he was somewhat short of work when railed away from Invercargill. G. McLean's pupil was a fast horse on the flat in his younger days, but throat troubles intervened. However, that clever veterinary surgeon Mr. H. E. Martin performed a successful operation, with the result that Brooksdale subsequently proved an apt and capable pupil at cross-country and hurdle racing work. He races in the same colours as the sprinter Glensponse, his owner being a well-known and popular resident of the Bluff.

A third Southlander also proved a winner on the opening day at the Oamaru meeting, viz., Sunlit, by Sunny Lake—St. Sophia (dam of Kilhope). The three-year-old filly, who is trained at Gore, races in the nomination of Mr. R. Miller, who ran Eleus and Calauria with profit the last season. Sunlit, who at present appears to be possessed of speed rather than staying power, secured the Al- from these parts a debit balance of

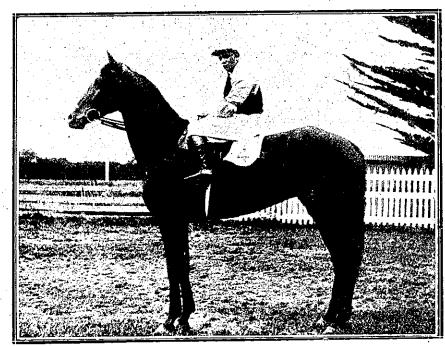

confidence at the Queenstown fixture should he make good.

Eleus did not improve on his Dunedin showing when raced at Oamaru last week, and it is evident that the stout little son of Elysian requires freshening up. He comes back very quick, however. Possessing as he does great recuperative powers, it is very likely that he will win again later in the season, as he is a very sound horse despite his strenuous career during the past two seasons.

Success of Local Representatives at Woodville Meeting -- Napier Park R.C.'s Excellent Nominations for Autumn Fixture-Gold Shot in Regular Work Again-Taunaha Getting Back to Form-Waipawa R.C.'s Improvements to Course.

NAPIER, Monday. Though the local representatives at Woodville meeting last week notched several scores--Caricature, Lovematch, Lingerie, Sasanof, Bag-Gasbag winning for the dad, and "-it would not have been a profitable business backing all of the district-trained horses seen out at the gathering. dersyde Handicap in attractive style. Southern visitors to Camaru were right out of the picture on the second day of the meeting, the best showing being made by Eleus, Primum and Windermere, who barely gained place 'The last-named's defeat in money. the two-year-old event was very costly to stay-at-home supporters. North Otago Jockey Club experienced a very successful gathering despite the fact that rain interfered with the first day's racing. The downfall of moisture was very welcome in the district, however, and was really enjoyed by local residents.

The postponed meeting of the Lake County Jockey Club, which will take place this week, will afford a number of moderate local performers an op-portunity of paying for their upkeep. The disappointing Almoner, who can gallop in private, but will not put his best leg foremost in good company,

£9 would have been shown. However, had Tigrinia won the Juvenile Stakes—and in the opinions of quite a number it appeared as if she had just got there-a different tale would have been told, for the half-sister by Merry Moment to Tigritiya was paying a dividend of close on half a century. Had the youngster on her back kept her steady all the way down the straight she would have caught the judge's eye. She was the first to get around the home bend by a good couple of lengths, and there is not the slightest doubt that she would have secured the victory had her rider not allowed her to wobble about all over the place and run over a lot of unnecessary ground.

The first Friday in the month is the day tabulated for the Hawke's Bay District Committee to hold their monthly meetings upon, but owing to the opening day of the autumn meet-

will have a chance of regaining his ing of the Napier Park Racing Club being held on the first Friday in the Hawke's Bay executive March will hold their monthly meeting on Thursday, March 4.

Excellent nominations were ceived on Friday night by the Napier Park Racing Club for their approaching autumn fixture, the total number taken being slightly in excess of those listed for a similar meeting last year. Amongst those nominated for the Cup is Tressida, who ran second to Battle Song last season, and she is the only one seen out in action in the event last March who this time has been accorded a nomination for the race. Bagdad, who finished outside of a place in the 1919 contest for the McVay Memorial Handicap, is again one of the entrants for that event, and he is the only one who started last season in the McVay Memorial Handicap who this season has been nominated.

Mr. E. J. White, of Porangahau, who for some time past has been an inmate of the hospital at Waipawa suffering from acute rheumatism, which so affected him that he lost the use of his legs, is now well on the way to the recovery of his one-time ruddy health. Hotoke represented Mr. White at Woodville, and he has several others in work who will later on be seen out doing battle. Besides being well-known in the world of sport as an owner and breeder, Mr. White is also honorary secretary of the Porangahau Racing Club, and the popularity of this picnic meeting is mainly due to his energetic efforts.

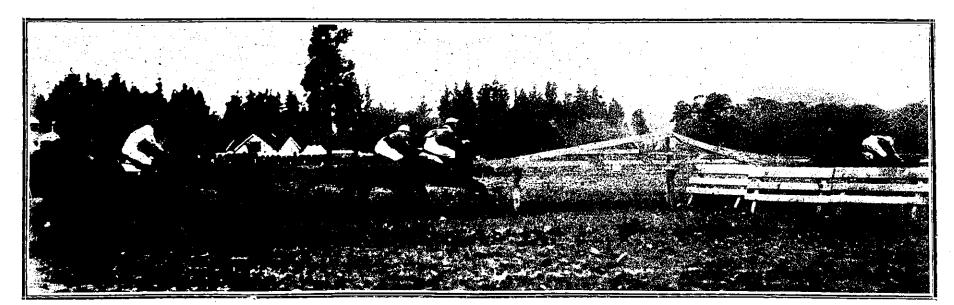

Gold Shot, who has been one of the drone brigade, is once more a visitant to the try-out at Napier Park. owner-trainer, J. Oldfield, is getting him ready for the Waipukurau meet-ing, which in the past has proved a profitable location to him, for in 1917 he won the Hatuma Hack and in the following season ran second to Queen Lizzie in the same event. It may not be generally known that Gold Shot is a vounger full-brother to Gold Treasure, the dam of Amythas.

Amongst the visitors to the Woodville meeting was Mr. W. G. Stead, who assured me that he was now all serene and feeling no after effects from the mishap that occurred to him last month while playing polo.

After the conclusion of the Woodville meeting T. Quinlivan, G. Jones and S. Waddell shifted on to Wanganul with their charges.

Ben Nicholl, who went West last Thursday, was a well-known figure in the world of sport in the Dominion, and amongst followers of the game in Hawke's Bay numbered a host of friends and admirers. When the late Mr. Percy Martin was in control of Mr. S. H. Gollan's horses the deceased was one of his most able assistants, and later on, when Mr. Martin resigned the position, Ben Nicholl was officer in charge of the bearers of the magpie jacket and scarlet cap. For some time during late years he was connected with the late Hon. J. D. Ormond's team, and after quitting the Karamu establishment took service with Mr. W. S. Kemball, of Masterton, in whose employ he was at the time he crossed the bar. A dear old chap was "Ben,' as he was familiarly called, and one who by his sterling qualities made heaps of friends and, what was more, always retained his grip upon them.

Taunaha apparently is getting the better of the trouble that made itself apparent in him during his trip to the Commonwealth, for last Wednesday at Woodville, in the Whariti Hack, he ran a good race, carrying the pack horse load of within a

Mr. H. Hassall, of "Soutra," Hawke's

Bay, has been commissioned by the Government to secure suitable mounts for the Prince of Wales during his visit to Hawke's Bay. Mr. Hassall is well qualified for the task, for besides being a breeder of thorough-breds he is the owner of Mickey Free and Captain Glossop, two well-known winners amongst the hacks in the show rings in various parts of the Dominion, while he also fills the position of master of the Hawke's Bay Hounds, knows how to ride, and is just some judge of a hack.

The Waipawa County Racing Club propose making extensive alterations to the buildings on the course before Various the next meeting is held. proposals for enlarging the grandstand, totalisator house, etc., have been put forward. A small committee has been appointed to consider these matters and report to a meeting to be held at an early date.

TE AROHA JOCKEY CLUB. ANNUAL MEETING.

The Te Aroha Jockey Club will hold their annual meeting on Saturday and Monday next (February 28 and March 1) on their course at Te Aroha, and, judging by the great interest which the gathering has aroused it appears certain that all previous records of the club will be eclipsed at the approaching fixture. Special trains are to be run from Auckland, Onehunga, Taumarunui, Cambridge, Thames, Waihi and intermediate stations to Te Aroha, holiday excursion tickets being issued in connection therewith. The special from Auckland will leave on Saturday morn-Auckland will leave on Saturday morning at 6.45 o'clock, and again on Monday at the same time, returning after each day's races, leaving Te Aroha at

WANGANUI BLOODSTOCK SALES.

Amongst the attractions during the next few days at Wanganui are the bloodstock sales of the Koatanui and the Bushy Park yearlings. Mr. G. M. Currie's lot of nine are to be sold on Friday morning on his estate, about half an hour's run from Wanganui by motor car, and those of Mr. F. Moore at Wyndleburn's stables, Wanganui, on Saturday morning. It is safe to say that the same opportunities have not been presented in Wanganui heretofore for the purchase of thoroughbreds in the yearling stage, and it can be taken for granted that with the improved conditions and the number of prizes and the value of classic races increasing there will be good competition for the prime lots. Amongst the attractions during the

The Ngaruawahia Racing Club will hold its annual non-totalisator meeting on Saturday, March 20, when a varied programme of eight events will receive attention. The chief event is the Ngaruawahia Cup, of 50sovs, one mile and a-quarter, in addition to which three flat races will be held over six furlongs, one over five furlongs, and another over a mile. The Handicap Hurdles, of 20sovs, one mile and a-half, and the Horotiu Trot (saddle), of 20 soys, one mile and a-half, complete the programme. Entries for all events are due with the secretary (Mr. S. Saulbrey), Ngaruawahia, on Monday next (March 1). next (March 1).

Comedy Prince is doing exercise on the lead. His feet had to be pared almost to the quick. The gelding has been shod with a bar shoe.

Mr. F. Stonex has put Solitudo into E. Pope's hands to be prepared for the season. The mare has not lost her pace, and sprinted three furlongs on the No. 3 grass on Tuesday morning in 40 sec.

Whitehall is looking very well at the present time. He was ridden work by a Maori boy on Tuesday morning.

George Irwin has turned out the Hymettus filly he had in training for the rest of the season.

Dunedin is looking big and lusty, having grown into a commanding two-year-old of size and substance.

Marble Star will complete his engagements at the Te Aroha meeting. Garryowen and Royal Irish will be entrained to the same destination on Thursday morning.

Tabasco ran the last four of five furlongs on the grass in 50sec., equal to 1min. 5sec., finishing well.

John Bunny, Gluetanus and Seville set out for a schooling lesson over the big battens. After jumping three fences, the last-named was pulled upon account of the saddle slipping. He flew the last alone.

Rathlin and Forward Lady flew two pony battens, and Rathlin went over four of the big battens alone, giving a good exhibition of clean jumping.

Hypothesis had his initial lesson over the pony hurdles, coached by Forward Lady, and showed promise of being useful at the illegitimate game.

Jacaranda acted as pilot for Blue and Black. The latter showed up promisingly for a novice.

Garryowen did useful toil on the tan, and seemed to revel in his work.

Kauri King appeared to be feeling his feet, and was on a short sprinting mission, pulling up sound.

Llansannor, alone, galloped seven furlongs on the grass.

The post-mortem held on the filly Tessares, who Mr. Hislop had the bad luck to lose, by Dr. Ring disclosed a mass of abscesses on the spleen, and it was apparent that in her critical state the daughter of Demosthenes had no possible hope of a recovery.

Alison's and Asprey's juveniles were sprinted over short courses on the two-year-old rink.

W. H. Patterson, a son of W. Patterson, who formerly practised as a vetat Otahuhu, now has charge of Messrs. Paterson Bros.' stud farm, Rawhiti Road, Greenlane. There are a few good looking Thurnham foals on the estate. The writer preferred the looks and make and shape of the Royal Soult—Cadence colt. This is a good combination of successful blood strains, which should produce a racehorse, and may be worth a "nod" when put into the sale ring. The foals by Thurnham from Lira and Analogue respectively are shapely juveniles, while the Little Mabel filly is good to look at, although on the small side.

Lira, Oveta, Spinster and Pell were all served by the imported horse Thurnham. Messrs. Paterson are erecting a cottage for the stud groom, and intend to procure some fresh matrons for the stud.

AUSTRALIAN JOCKEY CLUB.

AUTUMN MEETING.

The programme of the Australian Jockey Club for their autumn meetting, which takes place on April 3, 5, 7 and 10, appears in this issue. Entries have closed for the Doncaster Sires Produce Stakes, A.J.C. St. Leger. Champagne Stakes and Sydney Cup, but there are important races still open, for which the entries are to be taken on or before March 8, the secretary of the Wellington Racing Club (Mr. A. E. Whyte) being empowered to take New Zealand nominations therefor. The races are varied and are richly endowed, hurdle and steeplechase horses, as well as two-year-olds and the best of the weight-for-age class, being well provided for; indeed, the autumn programme of the Australian Jockey Club is unsurpassed in the southern hemisphere. We call especial attention of owners to the rich bill-of-fare.

Parisian Diamond is again in work and should be about ready by the time the winter racing season starts.

Cymer (Elysian--Cyirma), who won both hurdle races at the Poverty Bay Turf Club's meeting is a full brother to Cyrisian, winner of the 1918 Avondale Guineas.

TURF TOPICS.

Amongst the team trained by W. Kirk at Woodville for Mr. W. H. Gaisford is Jolly Cove, a four-year-old half brother by Rokeby to Bindle.

Hymestra scored his first success over a mile course when he won the Hawera Stakes on the second day of the Egmont meeting.

On the concluding day of the Egmont meeting, under Rule 3, part 30, of the Rules of Racing, the owners of Egmont Park and Empyrean were fined the sum of £5 for not notifying the secretary that the horses were to be bracketed for the Inaha Hack Flat.

On several oc-Saturday morning. casions this season Canyon showed signs of lameness after working. The cause of the trouble was found to be in the feet, and the difficulty has been got over by having her specially shod.

Trotting owners will be interested to learn that the three-year-old bay filly Milda Pointer, by Logan Pointer -Milda, is offered for sale. speedy performer, who in seven starts has only been once unplaced, is guaranteed sound and quiet, and should prove a worthy investment. A bay colt, 17 months old, full-brother to Milda Pointer, is also offered for sale. He is well grown and has been broken to lead with hopples, and being a good trotter looks like developing into a champion. Price and any further particulars required can be obtained from Mr. A. C. Watson. Temuka.

The well-known Masterton lightweight, R. S. Bagby, headed the list of winning horsemen at the Dunedin Jockey Club's Cup meeting with four victories (Belgian King, Silver Peak, Swanee River and Rose Wreath). J. Campbell was next on the list with three winning rides (Amythas twice and Mandrake). Other riders to salute the judge were: T. Ruthven, J. Andrews, S. McDonald, F. C. Porter, T. Humphries, A. McMullan, I. Tilson, E. L. Rowlands and T. L. Reid.

J. Ayres took Dainty Step, Hallow-

vonia and Astinome to the Woodville meeting, where the trio showed up prominently in their respective engagements. The four-yearold daughter of Lucullus-Adoption was a staunch favourite on both occasions, and as a result of her double win will have to put up a 10lb. penalty in her engagement in the Petre Hack Handicap on the opening day of the Wanganui J.C.'s autumn meeting this Thursday, which brings her weight up to 9st. Hallowvonia ran second in the Whariti Hack Handicap (seven furlongs) on the first day at Woodville, and was placed third in her engagement in the Settlers' Handicap (one mile and 170 yards) on the second day. J. Ayres' third string, Astinome, acted as runner-up to Sasanof in the open sprint, the Telephone Handicap (five furlongs) on the opening day at Woodville, and

occupied a similar position to Arrowsmith in the Shorts Handicap (five furlongs) on the concluding day. form shown by the trio named augurs well for their prospects in their Wanganui engagements this week.

In connection with the forthcoming race meetings at Thames and Paeroa, those who contemplate making the trip to either or both these fixtures should note that special boat arrangements have been made by the Northern Steamship Company. For the convenience of racegoers from Auckland who intend being present at the Thames J.C.'s annual meeting on Saturday and Monday, March 6 and 8, the p.s. Whakatere will leave Auckland on Friday, March 5, at 3 p.m., and again on Sunday, March 7, at 4 p.m., returning from the Thames after each day's races. In order to cope with the large number of Aucklanders who wish to attend the Ohinemuri J.C.'s annual meeting on Saturday and Wednesday, March 13 and 17, the Northern S.S. Co. will despatch two steamers, s.s. Taniwha and s.s. Waimarie, from Auckland for Paeroa on Friday, March 12, at 3.30 p.m., while the same two boats will again leave Auckland on Tuesday, March 16, at 7 p.m., in order to enable racegoers to attend the second days racing at Paeroa.

WAIPA RACING CLUB.

ANNUAL MEETING.

CUP WON BY CORREGIDOR.

This meeting was held on Saturday. There was a fairly large attendance from outside parts and districts along The management the train routes. of the meeting left nothing wanting, Mr. J. G. Wynyard (secretary) and his assistants having everything in fairly smooth working order. Two of the fields were large ones, numbering and 20. The totalisator staff handled £23,734 10s., against £16,195 10s. last year. Nearly the whole complexion of some of the handicaps was altered through the inability of owners to get riders at, or in many instances anywhere near, the allotted imposts. The racing was very good and favourites were repeatedly beaten and more often than not out of a place. In the Pirongia Hurdles the favourite, Oakleigh, was squarely beaten by Lady Bruce, both running down the last hurdle, but it looked as if Otara would have scored had he not fallen when leading at the second to last obstacle. The others also made mistakes or fell. The hurdles were of different construction to what are being used on most courses, and the jumping all through was bad.

Prince Charleroi, the favourite, and Ring Lupin, second favourite, were worsted in the Kihikihi Handicap by Lightning and Caballero, who were less supported and fought out a good finish. Old Bluestone was a runner and shaped fairly for part of the distance, and the old grey looked well, and as the going was nice probably suffered nothing from the gallop. He ran in bandages.

Gold Plane was made favourite for the Waipa Maiden, which brought out the Walpa Maiden, which brought out twenty-four runners. Infante was got to the front early by Conquest and won nicely, Broderick, who ran prominently at Hamilton, getting second and Walkorea third. The race was remarkable for the overweights and the wide range between them, showing how impossible it is to get riders at these country meetings even when the minimum is raised 12lb., as was the case in the race referred to.

Corregidor won the Te Awamutu Cup in good style. Arch Salute, apparently sore, in addition did not appear to relish the right-handed way of racing. The win of Mr. Graham's gelding was a popular one. Light-ning was equal to putting up a 7lb. rehandicap, and she won the Flying after a good race with Ohinewairua (the favourite) by a length, Prince Charleroi being unplaced. Glenspire, the hero of so many contests and the veteran of the field in the Paterangi Welter Handicap, presented Golden Petal with over 2st. in weight and beat him handily, Mountain Gold, who had earlier run third in the Cup, being third in this event also. Orakau Handicap, in a field of twenty Nightime and Monocrat, fourth and fifth fancies, ran a dead-heat, the longer-priced Royal Abbey getting third, Octoplete, Bang and Independence, the best supported of the runners, not being prominent. In this race, as in the Maiden, the overweights were remarkable. It seemed like a case of catch-as-catch-can for riders when one went to scale 3st. 81b. over the handicap impost of hismount. Woody Glen, a fresh horse, beat Ohinewairua, Fabriquette and Isingarch in the Ohaupo Handicap in good style, and this brought the meeting to a close."

OTAHUHU TROTTING CLUB.

AUTUMN MEETING.

CUP WON BY PARTNER.

The autumn meeting of the Otahuhu Trotting Club was commenced on Saturday in perfect weather before one of the largest of audiences, and the track was in fast condition. Speculation was very keen, the sum of £35,400 being handled, an increase of £10,132 10s. over last year. Stipendiaries Messrs. H. T. Davey and A. G. Mabee were present. J. T. Paul, driver of Te Awa, alleged that A. Cameron, owner of Albert Patch, had made a statement that he had told his driver (W. J. Paul) to drive over him if he got a chance. The stewards, after taking evidence, deferred further action until Wednesday. W. J. Paul stated that he had instructions to keep clear of Te Awa or he might get blocked.

For the Trial Handicap My Junior, Dentistry and Normica Heir were the best supported. Canberra was, however, first to show out, but was early passed by Mintonette, who broke, and Canberra again went to the front and finally beat Mintonette, after both had broken up again, by a length. Sandy Patch made up some of his handicap and got third, Normica Heir being fourth Backers of Canberra got the dividend of the day.

Piletta was made a sound favourite for the April Handicap, with Mita Bell and Profiteer next in request. Though Profiteer made a gallant attempt in the straight, Piletta never gave him a chance and won by a comfortable margin. The winner was recently purchased in the south by the McKendrick Brothers, and is by imported Petereta. The runner-up, Profiteer, is also a promising three-year-old, by Gold Bell.

In the Alexandra Park Handicap Rita Galindo acted as pacemaker and was leading the last time round, with Bluewood, the favourite, always in a handy position. At the turn into the straight Bluewood and Blackthorn made their runs, but Blackthorn breaking badly allowed Bluewood to win fairly easily from the fast-finishing ancient Kirikiriroa, Rita Galindo being third. Backthorn, who was fourth, covered the distance faster than any of them, but could not do more than make up a part of his handicap.

Partner was favourite for the Otahuhu Cup Handicap, Manuka Park being next best supported, Kewpie and Emperor also coming in for a lot of attention. Shortly after the start, when the field had settled down, Partner was in a good position, and, trotting well, hit the front leaving the straight the last time round. Emperor at the same time being shut out, losing a good deal of ground having to go round his field. Partner, who is by Petereta, was kept going and won nicely, Emperor being cut out of second money near the post by Lord Rose, who, staying on, finished fast up the straight. Steel Bell was fourth, and covered the distance in the same time as Lord Rose, viz., 4min. 36 2-5sec.

Polyanna, who was the only starter on the limit in the Mount Albert Handicap, struck a gait at once, and trotting smartly gave nothing a chance, although Coal Light made a great effort to get to her. Polyanna won nicely at the finish, the third, Camille, being some distance away.

Te Awa, the second favourite,

rushed to the front in the Papakura Handicap and made the pace very fast, Lady Burlington also being prominent for a time. Entering the straight Albert Patch could be seen coming, closely followed by Greta, and in a fine finish Greta, who was a decided favourite, got up and won by a neck. Те Awa being

The President's Handicap was a great race, and from the start a number of horses were well together, the favourite, Emperor, always being in a good position. Gold Girl made up her handicap in good style, although not leaving the mark too well. Entering the straight the last time Emperor took command from Nancy Patch, and Gold Girl could be seen coming fast. In a fine finish Emperor won nicely from Nancy Patch by three-parts of a length, Gold Girl just failing to secure second money.

For the concluding race, the Railway Handicap, Taneatua was soon in front, but was passed by Dorothy Dimple in the back stretch, and she carried on the running till the straight was reached, where Prize Pearl put. in his claim and won nicely at the finish from Dorothy Dimple, Ruanui finishing fast in third place. Taneatua was fourth.

The results were:-

PILES.

NO CASE TOO RECENT-NO CASE TOO CHRONIC.

> "ASK LOASBY ABOUT IT." (Personally or by Letter.)

I can honestly assert in the most positive language that I have absolutely cured hundreds upon hundreds of sufferers from piles of all kinds, either protruding, itching or bleed-No end of my cases have been ing. old chronic cases that have resisted all kinds of treatment until the patient has been told that an operaion was the only cure.

Many dread the surgeon's knife. Besides, it is a serious and unpleasant operation, and no guarantee can be given that they will not return.

treatment consists Loasby's local applications and medicine. I can assure sufferers that in my treatment I use drugs that I have never once known a doctor prescribe for piles. I can show you no end of testimonials from grateful sufferers proving I have completely cured them after they had quite given up hope of ever getting well. I cannot cure every case, but I am sure I have cured 9 out of every 10 patients I have treated.

If you cannot call personally just write me—tell me how long you have had them, whether they bleed, pro-trude, or intensely itchy. Tell me also the state of your general health, and I will send, post free, for 8s. 6d., a fortnight's supply-post free to any address.

I prescribe for all minor troubles when you are not ill enough for the doctor, but still not well.

Just call or write and "Ask Loasby About It."

IS THIS CHEAP?

508 ACRES FREEHOLD.

Situated 11/2 miles from Railway Station, embracing a small warm valley, all having been heavy bush country, now cleared and suitably grassed.

The flats extend the full length of the Farm, and are unusually good land. On these I have seen maize growing ten feet high.

Grazing and fattening is now carried out, although full conveniences for dairying exist. During late years 80 to 100 cows were always milked, and about 150 head of other cattle also carried. During this dairying, butter factory records show that for some years the highest bonuses from factory supplied were paid for cream from this Farm. 300 head of grazing cattle are now

carried on the property.

It is ring-fenced-sheep-proof. Watered by springs and two

creeks. Milking DWELLING, 4 rooms. sheds and Totara slab yards.

PRICE, £15 per acre. Terms, £1750 cash. Balance can be arranged at 6 per cent.

There is no over-drawn description in regard to above. Having a practical knowledge of Farming Conditions, I have no occasion to recommend what does not justify the price asked. This is one of the Cheap Farms, and I invite further enquiry.

1100 Acres

Freehold Land

Situated on the Rangitaiki River, about 12 miles from Te Teko and 25 miles from Whakatane. This property is partly improved and in its present state will carry over 1000 sheep and 300 cattle. It has never been farmed, and is mostly in rough feed. The plough could be put into 600 acres at once. There are nearly 900 acres of rich flats, of which 500 acres are equal to anything in the North Island. Convenient to school. Improvements consist of 3-roomed cottage and about 3 miles fencing. The Rangitaiki river is a natural boundary on one side. Magnificent trout fishing. It would take about £2000 to make this place carry four sheep to the acre and make it worth £30 per acre, with larger prospective value.

PRICE is £15 per Acre • EASY TERMS.

TURF GOSSIP.

RACING IN SOUTH AFRICA.

(From Our Napier Correspondent.)

Mr. C. J. King, who recently returned to the Dominion from his world's trip, a part of which, by the way, was spent in internment in Germany, has given me some interesting sidelights on the way that racing is conducted in other portions of the globe, and more particularly in South Africa, where he was a spectator during the Christmas' holidays at the summer meeting of the Durban Turf Club. His verbal information was backed up by what the lawyers call documentary evidence in the way of local papers, race books, totalisator tickets, admission tickets, and the Racing Calendar of the Jockey Club of South Africa, which he thoughtfully obtained for my perusal. He evidently was out for comparison, for there are several notes of his accompanying the budget drawing deductions between the meetings that he attended in South Africa and the mode of conducting race meetings in the Land of the Moa and Maori, and apparently racecourse officials in the Dominion have not got any points to leeward in the way of management when up against meetings in other parts of the world. In regard to the New Year Day gathering of the Durban Turf Club, he writes: "Management and appointments only fair; attendance about equal to a Hastings or Napier Park meeting, but at the gatherings in the cool season, July, the attendanct is said to be 50 per cent. better. Meetings are held monthly, and also at Easter time. Bookmakers seem to do a good business, but their prices are very cramped, and the tote in the matter of remunerative returns beats the books badly."

So much for the remarks enclosed by Mr. King. Now for the news gathered per medium of the race book by Mr. King. and papers. At the fixture of the Durban Turf Club, held on New Year's Day, there were 2800sovs. distributed in stakes for the afternoon, but then the reality has got to be taken into consideration that there were ten events on the programme, the principal race being the Durban Summer Handicap, of 750sovs., 11/2 miles, for which there were six starters out of eleven figuring on the race book. Under the conditions of this particular meeting the club were on a much better wicket than owners, for one of the conditions attached is to the effect that if there are not six starters in each event the value of the race may be reduced proportionately, or the race may be withdrawn.

As regards the tote investments, here again the Durban Club have got it all over clubs in the Dominion, for in the first race there is a 121/2 per cent. commission deducted, and another rule in connection with the totalisator runs as follows:--"When a winning horse runs unbacked the gross stake (amount invested in the machine, for in Sunny Africa the word 'stake' is used in place of the colonial term 'investment') shall become the property of the club." In New Zealand the rule regarding this matter reads: "If no ticket is taken on the first horse, the dividend will be paid on the second horse only. If no ticket is taken on the first or second horse the amount paid for each ticket will, less the usual commission, be refunded." Patrons of racing in Africa are evidently well milked as regards admission fees, for to the course it costs 2s. 6d. a head, and if the grandstand and paddock are the destination of race frequenters then another 5s. has to be disbursed. The word "paddock" is evidently a misnomer from the colonial point of consideration, for the paddock in Durban attached to the grandstand gives no opportunity for patrons to get in close proximity to the contestants in the enclosure. Should they wish to get where they can closely view the runners, then another 13s. 6d. has to be unloaded, and this admits to the members' enclosure, which contrasts greatly in favour of the way patrons are treated in the Dominion as regards moderate charges for sight-seeing. Certainly racegoers get one cheaper line in Durban, for a race book, well printed, containing a deal of useful information, costs but 6d.

The totalisator is run on the win and place system, the amount invested all being taken at one place, and then the amount invested on a straight-out win deducted from the gross and the balance split up amongst the backers of the one, two, three in each event; place betting taking place when four or five horses run (when the betting shall be onetwo only), and when six or more horses go under the starter's care (the place betting then being one, two, three). They are not so particular in connection with closing the machine as is the case in the Dominion, for a totalisator notice reads that the first bell which rings denotes that the horses are at the post and ready to start, and the second bell, that the horses have started, and that when the latter bell has been rung the shutters of the totalisator will be immediately closed and no further tickets can be purchased. Horses the property of one owner will only be coupled on the win machine and not in place betting, and the totalisator tickets are £1 and 10s, each. tickets issued are flimsy affairs, and quite three times the size of those in use here, the code mark and private indication being perforated, the number of the horse being marked in with a rubber stamp, the number of the race also being perforated. That they could be easily forged there is not the slightest doubt, and it is wonderful that some of the easy moneygetters have not got busy ere this and taught the clubs in Africa that they are a long way behind the times as regards safeguarding the workings of the totalisator. It will come some day, and then no doubt there will be an innovation.

Bookmakers ply their calling at all race meetings in Africa, and at the meeting which I am writing anent there were 43 operating, 18 inside (Gold Ring) and 25 outside (Silver Ring), so it can be seen that there were plenty of avenues for punters to unload. The clubs benefit in two directions by the operations of the layers of odds, for in addition to a regular fee charged they levy a 21/2 per cent. on all of their winnings on the track, and then the bookmakers get a break on backers, for they charge those fortunate enough to back winners 2 per cent, on their winnings, but there is no deduction in those cases of the original stake money—that is to say, presuming a backer took £20 to £10 about his fancy and it succeeded, he (the backer) would only have to pay the 21/2 per cent. on the £20; a bit different to the investments on the machine, for in

that instance 12½ per cent, is deducted from the gross sum handled. It is quite evident that the clubs in Africa protect their patrons in their dealings with the bookmakers, for one of the rules in connection with the regulation of the layers states that no bookmaker or his clerk shall take the odds offered by another bookmaker, thus giving the public the opportunity of having the market to themselves. The only exception to this rule is that bookmakers can have a tilt at one another while the event is in progress, commonly called There is betting "in the running." also a tribunal called the Betting Disputes Committee, which deals with all claims by punters in regard to their dealings with bookmakers where disputes crop up, and bookmakers in both rings are compelled to lay the odds to certain sums, doing away with the practice adopted at many other places of hiding one in the bag for themselves.

Amongst the good ideas that are adopted by the South African executives is that of having a steward appointed for each race, who is in charge for that particular event, his name being published on the race in connection with the affair. other policies adopted by the clubs is that of having secretaries, clerks of courses, clerks of scales, judges, starters and handicappers licensed, and in connection with this matter some of the officials so registered as licensed in the Racing Calendar must be regular "Pooh Bahs," for one of them has been licensed as a secretary, clerk of course, clerk of scales, and handicapper. The space at my disposal prevents me touching upon other matters in regard to the way that race meetings are conducted in other parts of the globe, but in a future period I intend to again touch upon the subject from the information placed so kindly at my disposal by Mr. King.

Whilst giving a horse an exercise gallop at the Victoria Park racecourse. Adelaide, on February 4, Lance Goyder, the well-known trainer, and owner of Queen of War, was thrown. He was taken to hospital, where he died shortly afterwards from fracture of the skull. Goyder had just returned from an unsuccessful trip to Melbourne with Queen of War.

CONSISTENT PERFORMER IN IMPORTANT HANDICAPS IN THE NORTH ISLAND -- MRS. H. M. CAMPBELL'S CH G BAGDAD, 5YRS., BY HYMETTUS—ASIATIC. S. WALLS UP. TRAINED BY S. WADDELL. BAGDAD'S most recent victories consist of the Anniversary Handicap (one mile) at the Wellington R.C.'s summer meeting last month, and the Autumn Handicap (one mile and a distance) on the concluding day of the Woodville J.C.'s autumn meeting on Thursday last.

TURF TOPICS.

Mr. H. W. Davis, of Wellington, has been appointed South Island representative of the New Zealand Jockeys' Association.

Rose Pink broke down prior to the Dunedin meeting, and was in consequence not produced on either day-The daughter of Kilbroney will now get a well-earned spell. During the past three seasons she has won 3057 sovs. in stakes.

The Trentham Gold Cup, the two miles weight-for-age race, has never drawn a large field. In this respect the prospects for this year's race are brighter than usual. Among the probables are Sasanof (last year's winner of the race), Amythas, Karo, Mascot, Vagabond, Snub, Royal Stag, and Bonnie Maid.

After winning the Juvenile Handicap at Warwick Farm, N.S.W., Little Lass, by Paddington, put her head down and bucked her apprentice rider off. She is said to be adept at that game. Her rider had to be carried to the scales to be weighed in. What if he had been killed? There is no provision in the rules for such a contingency.

When Punka acted as runner-up to Melee in the Hamilton Cup it was generally conceded that the daughter of Cooltrim-Drowsy would not be long in rewarding her owner with a win. She was not accepted for on the second day at Hamilton, and her next appearance was in the Woodville Cup on Wednesday last, in which she had the services of H. Grav and ruled a strong favourite. In the race in question Punka was not too well placed in the early stages, but put in a good run at the finish, being close up fourth when the judge's box was reached.

Some really good three-year-olds have enrolled their names as winners of the Dunedin Cup, but the history of the race has never been identified with a better-class horse than Amythas (says "Sentinel" in the "Otago Daily Times"). It is true that he had a fairly weak field against him, but he won galloping away at the end, and it was really a case of Eclipse first and the rest nowhere. To win in record time under 9.1 and yet finish full of running was a most impressive performance that the writer has never seen equalled. Advance was a great three-year-old. He won the Dunedin Cup with 8.7, and put up some good performances at the Auckland autumn meeting, where he won the Easter Handicap with 9.6, the Century Stakes, and the Autumn the Century Stakes, and the Autumn Handicap (one mile and a-half) with 10.5 up. Still, great as he was at that age it is doubtful if he was a better, three-year-old than this year's Dunedin Cup winner. The writer saw Advance run a good few of his races, and held a big respect for the "Black Demon" from the Portrue stable. Sin Demon" from the Porirua stable. Sir Modred was a really good three-yearold, and so was Gipsy King. Passing years may have dimmed ideas as to their prowess, but they were not such smashers as the Demosthenes—Gold Treasure gelding. Gipsy Grand was another great three-year-old (a good big one like Amythas), who was a great galloper, but he fought a good deal, and did not go as kindly as one could wish. Orloff was also a very good performer at that age. He won the Dunedin Cup with 8.13, and won well from a better field than Amythas made look like hacks last week. He afterwards went north, and ran second with 8.10 to Mars' 7.7 in the Wanganui Cup, in which Advance, then a six-year-old, was unplaced with 11.3. Of course, it is giving memory

Mrs Henley, Napier, left by the Rimutaka for England.

Miss Winifred Isitt, Dunedin, has left on a visit to England.

Mr. Buckleton, Bank of New Zealand, and Mrs Buckleton and family, are staying for the present at the Hotel Cecil, Wellington.

Mrs. Paul Studholme and the Misses Studholme have returned to Christchurch, after two months spent in the North Auckland district.

Miss Mildred Emery, of Musselburgh, Otago, has left for Melbourne, where she intends to continue her musical studies at the Conservatorium.

The engagement has been announced of Mrs Hay, widow of Major Bruce Hay, to Mr. H. R. Blomfield, St. Stephen's Avenue, Auckland.

Miss M. Wilkie, cookery instructress at the Southland Technical College, has been appointed lady principal of the Christchurch Technical Girls' Hostel.

Mr. and Mrs Ernest Bloomfield and Miss Margot Bloomfield, Auckland, left by the Maheno for Sydney, whence they join the Osterley for England.

"In Sydney," said the Rev. S. J. Hoban, of the Sydney Mission, at a lecture in Wellington, "the mission provides for business girls well-furnished bedrooms with gas rings, for ten shillings a week. Less elaborately furnished rooms, but with the same conveniences, can be got for seven shillings per week."

"I like old Linkumdoddie," he said.
"I've a kind of pull with him, for I spoke a word in the right quarter about his peerage, and I think he knows it." "Linkumpdoddie," murmured Lady Penelope Wyper, "I'm sure there's no such name in the peerage." "You'll find it in the Profiteerage," Mr. Normand whispered.—"The Island of Sheep," by Cadmus and Harmonia.

In "Kissing Time," J. C. Williamson's latest musical success in Melbourne, there are seven frocks the material in which cost no less than 12 guineas per yard and was specially imported by the firm. It is now unobtainable in any part of the world. Nothing so amazing in the way of a dress display has ever been seen in an Australian theatre, but the effect achieved, the firm says, is worth the money.

A writer in a London paper My hairdresser has been warning me against the habit of wearing my hat indoors, a habit into which so many women are slipping nowadays, largely, perhaps, on account of the restaurant habit and in business because of the improved positions of the feminine sex with their come-inand-out-as-you-please and mid-morning coffee privileges. According to the above authority, however, the habitual wearing of hats all day will quickly ruin the best head of hair, not only causing it to fall out and lose its colour, but to acquire a flat, lank, life-less appearance. There certainly have never been so many hair-worried women as at the present time. The same hairdresser assured me that nerves had a lot to do with the quantity and quality of the hair, playing the same havoc as they do with the complexion. "The worrying woman," he said, "has very rarely a good head of hair, whilst her more easy-going sister retains her vitality and shows it in every hair of her head." Therefore, keep calm, and keep your beauty.

The wedding took place in Nelson, on February 12, of Miss Constance Gertrude Webb, youngest daughter of the late Colonel W. H. Webb, at one time stationed in Wellington, to Mr. Kennedy Alexander Sclanders, eldest son of the late Mr. James Sclanders of Mrs Sclanders, of Nelson. The ceremony was performed by Bishop Mules, assisted by the Dean of Nelson, Dr. Weeks. The bridesmaids were the Misses Sclanders, Githa Hoby, Rhona Webb and Edna Houlker, and the bride was given away by her brother, Major G. R. Holden Webb. Mr. M. E. F Airey, a fallery officer of the bridegroup in fellow officer of the bridegroom in the Eastern Extension Cable Company's service, was best man. After the ceremony a reception was held at the residence of Mr. and Mrs. D. Edwards, Collingwood Street. Prior to leaving New Zealand for the East, which will be in three or four months' time, Mr. and Mrs. Sclanders will make a tour of the Dominion.

A pretty wedding was solemnised at All Saints' Church, Palmerston North, on February 17, when Mr. James Leslie Nash, eldest son of Mr. J. A. Nash, M.P. (Mayor of Palmerston North), and Mrs. Nash, was married to Miss Maude Roberts, daughter of Mr. and Mrs. F. J. Roberts, of Pohangina. Miss Frances Metcalf and Miss Rene Roberts were bridesmaids, and Mr. H. W. Nash was best man.

A new fashion in bridal bouquets was set by Miss Dorothy Sturgis, daughter of Mr. and Mrs. Henry Sturgis and granddaughter of George Meredith, at her marriage to Captain George MacDonald, M.C., of the Gordon Highlanders, and grandson of George MacDonald, the Scottish author, at St. Margaret's, Westminster, London. She carried a large flat Early Victorian posy of white flat Early Victorian posy of white

The wedding took place at the Synagogue, Wellington Terrace, on February 17, of Miss Rosa Van Staveren, daughter of the Rev. and Mrs. Van Staveren, to Mr. Roland Isaacs, only son of Mr. and Mrs Philip Isaacs, The Terrace, Wellington. The ceremony was performed by the Rev. Van Staveren, assisted by the Rev. Pit-kowski. The bride and bridegroom were given away by their respective parents; the bride was attended by Miss Rita Isaacs, of Dunedin, cousin of the bride, as bridesmaid, and her little niece Zara Manoy as a flower girl. The best man was Mr. I. Van Staveren, and the groomsmen Mr. B. Manoy and Mr. B. Van Staveren. The canopy under which the picturesque ceremony takes place was supported by the three little nephews of the bride, Frank, Phil, and Ted Manoy. The bride's dress was of pale pink georgette, beautifully draped over silver tissue, with embroidery of silver and lace, and she wore a tulle veil, fastened with orange blossoms, and carried a bouquet of pale pink carnations with a touch of pale blue. heather, and her bridesmaids' bouquets, in rings of yellow and bronze chrysanthemums, edged with mimosa, were also of that period. The bridesmaids' dresses of bright sapphire blue crepe taffetas, with long veils to match, formed a very effective setting for the bridal gown of white chiffon velvet, and were greatly admired.

The fashion correspondent of "The Times" in Paris states that new fashions are being prepared, which permit a wide variety, high and low necks and waist lines, long and short sleeves, and broad and narrow pleats; but everything is draped. The correspondent, after a study of the models, forecasts the defeat of the attempt to reintroduce the crinoline, adding that wide hips are vanishing, and most models are slight-hipped, with the hip-draperies tight and flat. The most popular material is silk, and a number of new silken fabrics, including a brilliant preparation called "seduïsia."

Dr. W. H. Parkes, C.M.G., C.B.E., and Mrs. Parkes are visiting Dunedin. Dr. Parkes is attending the Medical Conference.

Mrs Arthur Myers intends leaving with her family for England in May. Mr. D. Nathan, of Auckland, will take the Hon. A. and Mrs. Myers' home in Auckland during their absence.

Prior to her departure from Rotorua Miss Hilda Nixon, of the staff of the King George V. Hospital, was presented with a handsome leather bag and a pair of moccasins on behalf of the patients in recognition of her services.

The theory that dark girls are cleverer than fair ones, propounded by a well-known kinema producer, was submitted to a number of scientists who have studied the uestion of coloration. There was general agreement among them that dark people, male and female, are quickwitted and imaginative, while fair people on the whole are more hardheaded but a little slower in mentai response. "Red-haired people," said an anthropologist, "are of a very high average of intelligence, and it is noticeable that red-haired girls quickly marry; there are very few red-haired old maids."

A brilliant and unique occasion at Melbourne Her Majesty's, on February 5, was the official Commonwealth Government performance of "The Sleeping Beauty" pantomime, given by J. C. Williamson, Ltd., in honour of, and in the presence of, General Sir William Birdwood. The theatre was a dazzlingly beautiful spectacle with its electric and floral decorations, and in the dress circle and stalls were gathered a host of distinguished people—vice-regal, political, naval, and military, in addition to the Consuls of the Allies and representatives of public, commercial, and other bodies. The performance was attended by the Governor-General and Lady Helen Ferguson, and the Lieutenant-Governor and Lady Irvine. It was, altogether, a memorable occasion.

Here is a personal impression by a London writer of the Prince of Wales: "One's instant impression of the Prince is that he belongs wholly to the class of young Englishmen who have an in-bred abhorrence of self-display. No Englishman in the land could be freer than he is from "side" or pretence of any sort. His honest open face, and that clear and steady gaze of his, his whole air of clean, hardy youth, tell their own story. The Prince strikes one as a rather delightful mingling of boyishness and maturity. He looks younger than his years, and in many waysthe right ways—he is. His manner has still something of the hesitancy of one who is naturally as shy as he is generous, who is ripening late, and who finds his position in life not without its bewilderments. But of him one can safely prophesy that ex-perience will bring the right touch of assurance without spoiling his charm."

A very brilliant reception was given by the Lord Mayor of Melbourne (Cr. the Hon. J. G. Aikman) and the Lady Mayoress (Mrs. J. L. Stein) in the Melbourne Town Hall on January 23, at which General Sir William Birdwood was the guest of honour. Their Excellencies the Governor-General and Lady Helen Munro Ferguson were present. The Lady Mayoress wore a draped frock of pink satin charmeuse of a rich rose du Barri tone. The deep tunic bodice was of vellum-coloured lace, embossed in gold thread, and there was a sashtrain of the pink. Her Excellency wore an exquisite frock of old gold brocaded ninon, exquisitely draped; at the waist was a deep belt of hydrangea blue tissue and gold. Weblace finished the bodice and formed the short sleeves. An Order sash of purple was worn and the D.B.E. decoration. Beautiful sapphires wereworn with her diamonds, and a diamond circlet was set in the hair.

An extraordinary number of babies were born in London and the other great towns of the United Kingdom during the week ended December 20. According to the returns of the Registrar-General, the number of births was 2676 in London-more than in any corresponding week this century —while 10,368 babies were born in the 96 great towns (including London), which is about 20 or 25 per cent .more than in pre-war years. "An increase of births has always happened after great wars," said a doctor, "but so many men have been killed and disabled in the great world war that we scarcely expected the usual rule to be followed."

The English woman is certainly at her best at night (writes a Sydney lady in the "Sunday Times"). Where the American seems to bother little about evening clothes, except for gala occasions, the Englishwoman, from her severe day clothes, blossoms out during the evening in the most ex-quisite creations. She usually has beautiful hair and a faultless complexion, and an air that distinguishes her from the women of any other nation, for in London she mingles with women of most of the other nations. Yet, with all the American smartness and the English distinction, I have come to the conclusion since my return to Australia that the Australian woman can well hold her own with either. She has a vivacity of manner that is utterly lacking in the American or the English. The long, tight skirts of New York (said the writer) were unknown, except when worn by American visitors, and looked queer beside the trim anklelength and comfortable straight lines Evening of the skirt from Paris. gowns were still trmimed with ostrich feathers, and a fashion just as charming was the bead trimming dyed by French experts to match the tone of the gown.

A shipment of American benzine is expected at Auckland about the second or third week of next month.

In consequence of a strong report by the Wellington city traffic inspector, the City Council has adopted a recommendation of the By-laws Committee that a by-law be framed to prohibit riding pillion on motor cycles.

An aeroplane arrived at Thames from Auckland, carrying the first air mail received in the goldfields town, shortly after midday on February 17. Later, members of the Harbour Board and the pilot inspected the wharf with a view to erecting a permanent landing stage.

"I am not a judge of speed, but I should say the motor car was going at a normal rate of speed—normal for the Hutt road," said a witness at the Wellington Supreme Court. "Normal for the Hutt road!" remarked his Honour, Sir Bassett Edwards, "but that is scarcely normal, I should say."

Mr. Clem Eberhard, well-known in Palmerston North motor circles, will leave for America and the Continent of Europe by the Moana this month. He will be away for some months, during which time he will gain knowledge of modern engineering as practised in the leading motor manufacturing centres.

At the Wairarapa Automobile Association's motor cycle sports at Tau, herenikau racecourse, P. Coleman (Palmerston North) won the championship and was second in the eight laps handicap; Gaisford (Bulls) won two races, R. Jones (Palmerston North) one, and J. Sweeney (Palmerston North) one. During the tenmile race Coleman, while rounding a corner at a speed of about 60 miles an hour, turned a double somersault, but was fortunate enough to escape with a severe shaking and some cuts on the face. His machine was badly damaged.

A candidate who had attended the Auckland Flying School recently applied to the Wellington District Repatriation Board for financial assistance. The application was considered at the last meeting of the board, when it was decided that the board had no power to make a grant, as flying schools in the Dominion were not deemed to be military camps within the meaning of the Repatriation Act. The provisions of the Act relate only to former members of the New Zealand Expeditionary Force, or to men who were in camp at the time of the signing of the armistice.

When the new by-laws of the borough of Palmerston North come into operation on March 30 it is likely that the motor traffic, as it is conducted at present, will undergo a vast change, says the "Manawatu Standard." At the last meeting of the Borough Council the effect of a sud-At the last meeting of the den and firm introduction of the bylaws was foreshadowed by Cr. Crabb. He suggested that in order to obviate friction as far as possible a precie of the by-laws in so far as they applied to motor vehicles and traffic should be drawn up, and copies hung in garages. If the new restrictions to be imposed were promulgated as widely as possible beforehand, motorists would have time to adjust themselves to the new conditions that will prevail. The proposal received general endorsement from councillors, and it was decided that it should be carried out.

A NECESSITY.

When you wake up with a parched tongue or a dry throat you will find a teaspoonful of Fluenzol (momentarily gargled and swallowed) most soothing. Fluenzol (1/6 and 2/6) aliays infiammation in the threat or nose and cools the system by dispelling fever germs. Invaluable and quite harmless for restless children.

The twenty-four per cent levy on Palmerston North Borough in respect of the upkeep of the Gorge road and bridge was commented upon by Cr. Crabb at the Borough Council meet-He urged that Palmerston North was not responsible for 24 per cent. of the traffic, and his remark was endorsed by Cr. Bryant. Both urged that a toll-gate should be placed on the road so that tourists who mostly used the road would be taxed. Cr. Hodgens objected, saying that such a proceeding would be an anachronism; and contended that nationalisation of the road was the more desirable thing to advocate. Other councillors were of opinion that the establishment of a gate would be the strongest argument in favour of ultimate nationalisation. Finally it was agreed that it should be a recommendation to the Board of Control that a gate should be established.

A deputation from the Motor Ambulance Committee recently waited on the Petone Borough Council to ask that the council enlarge the building, which was used to house the old

The record for a motor journey between Auckland and Wellington was broken on Friday, February 13, by a car driven by Mr. W. S. Miller. The journey was completed in sixteen hours, the actual running time being about fourteen hours. The previous record was 22 hours 6 minutes running time, spread over a period of three days. Mr. Miller, despite the extraordinarily bad roads to be traversed in the South Auckland district, beat the time of the through express in his dash from city to city. Mr. Miller left Auckland at 3 a.m. with two companions, his departure being checked by Mr. G. W. Hutchison, secretary of the Auckland Automobile Association. He travelled via Hamilton, Te Kuiti, New Plymouth, Wanganui, and Levin. The distance covered was 465 miles, the actual running time was 14 hours 8 minutes, and the average speed was slightly over 33 miles an hour. The engine of the car was not stopped during the jour-Short stays were made at several towns, and tyre troubles, due to the high speed on very bad roads, caused some stops. The roads were

The benzine shortage is reported to
be causing great alarm in the Franklin district. Already one dairy has
been forced to close down, while
others are threatened. Farmers fear
that, owing to the fact that manual
labour is not available, they will have
to dry their herds off when there is
no longer benzine to drive the machinery.

In pre-war days one of the most

strenuous European motor car road contests was the annual event over the mountainous Targo Florio course in Sicily. The event has again been revived, and the race provided a sensational finish. The fastest of the 17 cars competing was a Fiat driven by Ascari, but in the first circuit he went over a precipice, falling some 70 feet, fortunately without fatal results. The race resolved itself into a great duel between the two well-known cracks Andre Boillot and Rene Thomas. Both riders took tremendous risks, and it was not until the last lap that Thomas retired through mechanical trouble. Boillot, on a Peugeot (French), drove a great race, and reached the winning post in a state of exhaustion, and as he passed the grandstand his car skidded and dashed into the stand. With a last effort he reversed his car over the finishing line and then fainted. The course of 267 miles, some sections covered with snow, took 7 hours 51 minutes to negotiate-equal only to a touring average of 33 miles an hour.

Thus a correspondent to a Christchurch paper:-Now that the novelty of viewing an airplane flying over our city is diminishing, and considering that in the near future there will probably be a great increase in the number of machines in service. I venture to suggest that the attention of the authorities should be drawn to the matter of prohibiting stunting over cities and thickly-populated areas. Admitting that tremendous strides have recently been made in perfecting the various types of airplanes, it must not be forgotten that the heavier-than-air-machine is far from absolute safety with regard to combating the law of gravitation. Whilst appreciating the very daring feats performed by these very gallant birdmen. I view with great alarm the possibility of an accident happening when they are trick flying over our city. At Home and in America stunting is prohibited over cities and thickly-populated areas, and it would

horse ambulance, so that the new motor ambulance might be accom-Mr. W. B. Gough (secretary) acted as spokesman, and pointed out in support of the request that the committee had relieved the council of responsibility in connection with the van. They were going to spend £120 on renovating it, and had no place to house it, as the space promised in the fire brigade station had been devoted to some other purpose. The council indulged in a considerable amount of discussion regarding the best way to dispose of the request, and it was finally decided to ask the Fire Board to provide accommodation at the fire station for the van.

"These offences of stealing motor cars and motor cycles are becoming too common," commented Mr. Justice Herdman in a case at the Christ-church Supreme Court. "I am not sure that I am doing my duty in admitting you to probation," he remarked to the prisoner. "It is only because of the fact that you are a young man. If this sort of thing goes on in the community the punishment meted out to offenders will be severe."

south of Auckiand. Then they became extraordinarily bad, and remained bad until the car got into Taranaki. The Taranaki roads were very good, and the Wellington roads gave no cause for complaint. could not describe some of the roads," said Mr. Miller. "They were not roads at all. They were bullock tracks through the bush. The car had to climb stairs, bump over obstacles, wallow in creeks, and dash over hills and hollows. The ruts often were so deep that the body of the car touched the road. There were places where we could not exceed a speed of five miles an hour: order to maintain the average we had to travel much faster in other places, and the car was flung about in a manner that would scarcely be believed. It was a journey never to be forgotten, and its completion without a breakdown was a remarkable tribute to the endurance and efficiency of the car." The party reported itself on arrival to the officer in charge of the Wellington Post Office and to the officials of the Wellington Automobile Association. MOTORING & CYCLING.

(CONTINUED-)

The likelihood of accidents resulting from the practice of "pillion rid-ing" on motor cycles has been considered by the Auckland City Council. In order to check the practice the council framed a by-law, which came before it last Thursday night for adoption. The by-law will require to be confirmed as a special order before it can be brought into operation. In the event of a breach of the by-law, provision is made for both the driver and the passenger to be prosecuted. Mr. W. J. Holdsworth said he had been informed that "pillion riding" was not more dangerous than riding in a side-car. Had the council consulted an expert in regard. to the matter? he asked. The Deputy-Mayor, Mr. A. J. Entrican, said the Legal and Finance Committee would be willing to hear any evidence on the matter before the bylaw was confirmed. The by-law also empowers the council to establish 'safety zones" at various points for the protection, mainly, of people boarding, and alighting from, tramcars.

The death of Sir John Alcock, following a crash due to a heavy storm while flying a new machine to the Paris Exhibition, has resulted in the loss to Britain of one of her most famous and daring aviators. 'An idea of the determination of Sir John Alcock in surmounting almost insuperable obstacles in his meteoric career as an aviator is given in a recent issue of the London "Daily Mail," by a writer who witnessed the enthusiastic aviator start from Newfoundland on his trip across the Atlantic. "I lived with him for weeks in Newfoundland, when he was preparing to fly the Atlantic," says the writer in question, "and his difficulties then were enormous-nowhere to build his machine, and nowhere to fly it from, and yet he was unperturbed. When Raynham crashed in his attempt to follow Hawker, and determined to rebuild the Martinsyde and start again, Alcock offered the assistance of his mechan-The fact that Raynham was a rival for the £10,000 did not weigh with him. I was with him when he started across the Atlantic. The weather was ghastly for flying—fog, wind, and rain-but that did not disturb the equanimity of Alcock, or of Sir Arthur Whitten Brown, the navigator. If anything Alcock was amused to know that the wiseacres on the ground were predicting disaster. He started on the Atlantic flight having had only about 12 hours' sleep in the preceding 48 hours. He had a reputation for thoroughness in the service. Joining up as a warrant officer in the R.N.A.S. in 1914, he quickly became an instructor at Eastchurch. Obtaining his commission, he went East, and from Mudros was the first British airman to bomb Constantin-ople. His squadron became a terror to the Turks. When returning rom one of his numerous bombing raids one of the engines of his machinean early-type Handley-Page — failed and he came down in the sea. He and his two observers swam ashore, and after wandering about the foothills for 12 hours he was captured by the Turks, who kept him prisoner until the end of the war. While in Newfoundland he was full of a new machine his firm - Vickers-contemplated building—an amphibian, which would land on either sea or earth. It was in this machine that he met His last official appearance was at the presentation to the nation of the aeroplane with which he conquered the Atlantic. The ceremony took place at South Kensington Museum. "Jack," as his friends called him, seems to have had a foreboding of the end. A few days be-fore his death he said his luck as an airman had been great, and it was about time he gave up flying. "As Brown always says," he explained, "if you keep going long enough you are bound to catch it." Jack Alcock kept Jack Alcock kept on just too long.

According to "Motor Cycling," two enthusiastic London engineers are at work on the construction of an eightcylinder motor cycle engine.

It was decided at a meeting of the Hawera County Council to claim from the Government £1400 for damage done to the roads through excessive traffic during the railway cut.

In view of the departure of a Christ-church aeroplane for Ashburton one day last week, the Mayor of Christ-church has sent the following letter to the Mayor of Ashburton, to be conveyed by aerial mail:—"I have great pleasure in hailing you per aerial mail. Let us hope this new link may bring us all closer together. We must assuredly seize on to this yery expeditious means of mail and passenger service. With all the best wishes from my citizens."

The number of detachable wheels and rims on the market makes the question of the best and handiest way to deal with them on the road a matter of interest. It seems remarkable that while the motor car maker has provided us with the detachable wheel, he seems to have left us entirely to ourselves as regards the method of lifting our axle and supporting it while we make the change. The ordinary (and the extraordinary) jacks sent out with cars are totally inadequate in nine cases out of ten. They are clumsy to use, and waste so much time that even the easiest and quickest detached and attached wheel suffers by reason of the jack delay in getting out, adjusting, removing, etc. Why should not the car makers take a leaf out of the book of the side-car combination makers and fit a permanent quickoperated jack as part of each axle end? It would seem the sensible thing to do, and would save a deal of time, grovelling and temper.

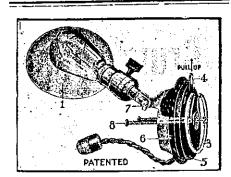

The journey from Cairo to the Cape, which is at present being undertaken by a number of daring young aviators, offers opportunities for romantic, if unpleasant, episodes, almost as vivid and varied as those written for the delectation of school-If the travellers will avoid some of the discomforts of ordinary African travel by remaining at a cool altitude during the heat of the day and flying over instead of trudging through the thorn brake of the steamy swamp, they will incur others. They must land before nightfall, perhaps at an emergency ground overgrown since it was cleared and without a ground staff. The unwilling airmen may disturb a family of lions or an army of warrior ants, while the least divergence from their course or an unchecked leak of petrol may necessitate a descent in the dominions of a cannibal king or in a village of mysterious dwarfs. Perhaps the landing will be on an island in a fierce river, or into a swamp alive with repulsive, underfed mammals, or on some such place as is described in Rider Haggard's stories. There are stages of Africa not yet surveyed, where one cannot see through elephant grass 20 feet high, and where there are forests into which sunlight never penetrates. The enterprise is, apart

A lorry without reliability is no use to the man who wants profit out of his business, who wants the work done well. The lorry which makes transport more reliable makes it more profitable. The lorry which reduces the cost per ton-mile increases profit. The "KARRIER" does it. The "GUY" does it.

Maximum service on a lower petrol consumption, minimum depreciation and minimum cost of upkeep. There is no secret in the reliability and long life of the "Guy" and the "KARRIER." it is due to unmatchable. All-British quality.

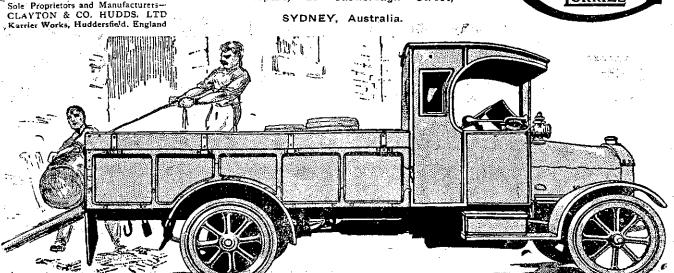

The "KARRIER" will carry a 3, 4 or 5-ton load at 15 to 16 miles per hour. The "Guy" will carry a 2-ton load at 15 miles per hour. As a keen buyer of motor transport reliability, you cannot do better than have a "Guy" or a "KARRIER."

ADEQUATE SERVICE.

The more exacting the test, the more marked is the Quality of the Crossley Car.

THIS was demonstrated during the war period in a manner which leaves no room for doubt. To-day the Crossley is rendering the same adequate service, The standard of the Quality Car is always maintained.

THERE are logical reasons for this. Right from the initial to the final stages in its building, the strictest supervision of every part is maintained to ensure that its mechanism is perfect, and in the selection of every piece of material the highest skill and care is exercised. The result in the finished car is summed up in the word Quality. Crossley manufacture and Quality are synonymous terms.

PERMANENT N.Z. CIRCUIT.

Mr. Allan Wilkie states that he is well pleased with his tour of over six months through New Zealand in pursuance of his scheme for a permanent stock company in the Dominion. He has just completed the purchase of an entirely new repertoire of recent London successes, and has specially engaged several new artists who are coming from Australia. Among those who have signed up is Mr. J. Castle who have signed up is Mr. J. Castle who have a lately returned to Australia after four years' active service. Mr. Castle Morris was formerly with the J. C. Williamson company in Africa and Australia. He will play the part of the Hun spy in Mr. Wilkie's forthcoming production of his newly-purchased great naval drama "The Luck of the Navy." This piece enjoyed a phenomenal run for two years at the New and the Queen's theatres. London, and is now appearing at the Manhattan Opera House, New York. Special scenery (an exact replica from photos, of the London production) is being prepared by Mr.

Another purchase of Mr. Wilkie's is "The Rotters," which will also be seen for the first time in New Zealand shortly. This comedy drama was originally presented in London four years ago, and has been revived there three times since, besides which no fewer than six separate companies have toured the English provinces with it. The author and the producer have netted £40,000 out of the play. A third play, the New Zealand rights of which have been secured by Mr. Wilkie, is "A Temporary Gentleman." demobilisation drama by H. F. Maltby, which is now running at the Kingsbury Theatre, London. The theme is one that is particularly timely, dealing as it does with a peculiar problem of the aftermath of the war, which involves the return of a military officer to civic life-back to the subordinate social plane which he occupied prior to enlistment

Mr. Wilkie has now demonstrated the fact that first-class healthy British drama is appreciated in New Zealand. He intends to continue to present only British plays by British authors.

Miss Mione Stewart, daughter of Mr. Richard Stewart, who was for so many years resident manager in New Zealand for J. C. Williamson. Ltd., is appearing in "As You Were" at the Tivoli, Sydney. Press comments on Miss Stewart's work are complimentary, and in "The Theatre Magazine" appears the following laudatory reference:-"Miss Stewart in the present production gives greater promise than ever of becoming a pronounced musical-comedy favourite."

"The Little Damozel," which J. and N. Tait are now staging with so much success at the Sydney Palace Theatre, was originally produced in England, where Emelie Polini had the principal part. Miss Polini has always been enamoured of the role of Julie; but it is only lately that J. and N Tait have been able to present the brilliant little artist in her former success. It is the intention of J. and N. Tait to tour the piece through Australia. In addition, Miss Polini will be seen in a couple of which have acquired by J. and N. Tait.

In almost every part of the world at the present time some artist has held a Fuller contract. Crossing the Pacific Ocean just now are the Princess Mysteria, a full-blooded Red Indian mystic, and Ferry the Frog. the famous contortionist, who will be well remembered in Australasia. Somewhere in the Indian Ocean are Eddie Martyn, the eccentric dancer: Quest and Newlyne, comedy specialists, and Alberto, the comic magician; while awaiting on the wharf in Capetown is George Ross, the upside-down planist. In San Francisco, with their luggage packed, and sandwiches cut for the voyage, are Goodhue and Oliver; there are La Rose and La Rose; and in London Mr. Ben. Fuller has signed up, and is still signing up. large numbers of large acts. Paris there is awaiting Mdlle. Defreve, a notable French dancer, who is expected to astonish vaudeville audiences in Australia.

Miss Emelie Polini's acting in "The Little Damozel" is said to be superb. As Julie Alardy, she is the girl member of a restaurant band whom Cavtain Neil Partington (Mr. Victor Fitzherbert) has been in love with, and has written to her many indiscreet letters. The play opens as Captain Partington has thrown over the Little Damozel, in order to marry a girl who is his social equal. Unable to buy back his letters, he bargains with Recklaw Poole to marry her, and promises to pay him £15,000. The Little Damozel agrees to marry Poole, and agrees to give back the letters. She is ideally happy with Poole for a time, but when she discovers he has been paid to marry her she is heartbroken. It is at this stage that Miss Polini shows how really great and tragic she can be. In the supporting cast are Messrs. Gerald Kay Souper, Cecil Brooking, Victor Fitz-herbert, and veteran W. J. Coulter.

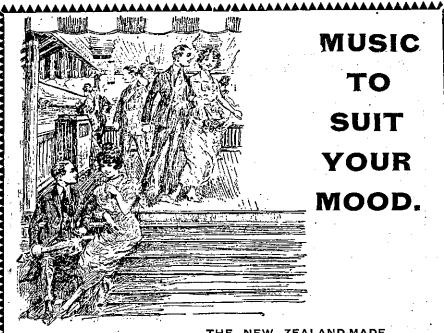

Uncle Garge: "'Ave yer got any good seats inside?" Box Office Clerk: "We've got a few stalls vacant, sir." Uncle Garge: "Now, look 'e 'ere young feller; I may be oop fra t' country, but I ain't no bloomin' hoss!"

MISS STRELLA WILSON, a talented member of the J. C. Williamson Grand Opera Company.

The new tenor of the Williamson Grand Opera Company, Walter Wheatley. hails from Joplin, Missouri, U.S.A. While very young, Madame Nordica advised him to take up an operatic career. He sailed for France in 1906, after having had considerable experience in operatic and concert work in New York and Chicago. He made his operatic debut at Covent Garden, London, as Turiddu in "Cavalleria Rusticana." under the direction of Campanini. Mr. Wheatley sang four seasons at Covent Garden and five seasons with the Royal Carl Rosa Grand Opera Company, appearing also in concerts at the Queen's Hall and Crystal Palace, London.

That the theatrical business has by no means escaped the upward tendency in the cost of production is indicated by figures relating to the recent increases made in the wages of the employees, apart from the enormous increase in the cost of materials of all kinds. The recent increase in the wages of musicians awarded by the Arbitration Court in Melbourne amounted to 20 per cent. At a conference between the managements and the Stage Employees' Association in Melbourne, the managements conceded an increase of 21 per cent., corresponding to the advance in the cost of living that had taken place since the last award of the Arbitration Court was made in 1917. The increases in the musicians' and stage employees' salaries amount to over £20,000 per year in the case of J. C. Williamson, Ltd., alone, £10,000 of which is distributed between Melbourne and Sydney. Australian playgoers, as has already been pointed out on various occasions, pay comparatively the cheapest prices of admission for their theatrical amusements of any country in the world; but how much longer these can prevail, in view of the additional burden the managements have to carry, is a question that, doubtless, the managements will have to consider before

Principal boys in the pantomimes will be girls once again this year, for that is an old stage convention from which there seems to be little chance of escaping. But do we really like these girl-heroes? writes a correspon-dent of the "Daily Mail." Should not we be better pleased with heroes played by men? The whole art of the stage should work for illusion. We should be made to believe in every character, made to forget that he or she is ever anything else but what he or she is at that moment on the stage. And it is just because the principal boy is so obviously not what she represents herself to be that she becomes a positive nuisance at times. She does not look in the least like a man, nor does she make any attempt to act the part. why not give the hero's part to a man? The part would not suffer, but rather gain. As played now our Aladdins and Robinson Crusoes are not the heroes of the stories that delighted us as children. And why, again, have Widow Twankies and Ugly Sisters who are men? However clever they may be they are never clever enough; strive valiantly as they may they never make us believe in their parts. They leave us thinking all the time. "It's only a girl," or "It's only a man," and that is to leave us cold or only half sympathetic.

WELLINGTON NOTES.

(By "Lorgnette.")

WELLINGTON, February 23.

Otto Hauerbach's clever play "The Silent Witness" was presented for the first time in Wellington last Saturday evening by the J. C. Williamson Muriel Starr Company, and was enthusiastically received by a very large audience. The author has succeeded in writing an enthralling piece, which, if it must be classed as of the melodramatic type, must be recognised as of a high order. "The Silent Witness" will be staged for four nights; and will be followed by the propaganda drama "Common Clay," which sensationally exposes the hypocrisy of a certain phase of The last three nights of the season will be given to the thrilling spy play "Three Faces East."

Mr. Ben. Mantle's dramatic company produced the historical Maori War drama entitled "The Kaiwhakakos" at the Grand Opera House last at the Grand Opera House last Monday evening. Given a professional cast the drama might be made to reflect some ideas of the hardships that were endured by the early settlers of New Zealand, but the impressions intended to be conveyed were not successfully done by the amateur company that essayed to produce the

Major Higginson, who died a few weeks ago in Massachusetts, was well-known as the founder of the Boston Symphony Orchestra. A wealthy banker, he, with remarkable enterprise, established this orchestra as a hobby, just as other men keep racehorses or yachts. With the offer of big salaries, he attracted the best players in Europe and America, and the organisation became famous. For a long time the balance at the end of the year was on the wrong side of the ledger, but Major Higginson cheerfully footed the bill until in due course the receipts overtook the expenditure. Some years ago he promised that he would leave £200,000 to ensure the permanence of the orchestra, but there is no such clause in his will, and there is speculation accordingly as to whether he did not before his death make some private provision which has not yet been publicly announced.

Mr. Warwick Braithwaite, of Dunedin, has won the Battison-Haynes prize, awarded annually by the London Royal Academy of Music for composition.

HIS MAJESTY'S THEATRE.

GRAND OPERA SEASON.

A GALA OPENING.

"FAUST." The long heralded season of grand. opera under the direction of J. C. Williamson opened at His Majesty's Theatre on Saturday night, Gounod's 'Faust" with its melodic beauties being performed before an audience that crowded every part, and accorded it a reception worthy its fine achievement. "Faust" was first produced in Paris in 1859, and in all parts of the world it has retained its supremacy as a sure magnet. Everyone knows the tragic story of Faust and Marguerite, and the infamous compact made with Mephistopheles for the soul of Faust in return for youth. Chief interest was centred in Miss voice last Castles, whose charmed Auckland audiences some few years ago as prima donna of the previous grand opera essay by the Williamson firm. Miss Castles' voice is of rare richness and compelling charm, and the heavy score of Marguerite gave it scope for brilliant In the famous "Jewel" handling. song she achieved a triumphant success with the beauty of her vocalisation, and her acting in the cathedral scene when her brother learns of her betrayal was markedly impressive in its intensity. Mr. Ralph Errolle as Faust delighted everyone with the quality of his lyrical tenor voice, his singing of the cavatina "All Hail, Thou Dwelling Pure and Holy," being outstandingly distinctive, while in the duet "The Hour is Late" with Marguerite he shared honours with the prima donna for an eloquent interpre-tation. Signor Alfredo Valenti, who has an expressive bass voice with an excellent range, made an effective Mephistopheles, his singing of "Clear the Way for the Calf of Gold" being charged with great dramatic power, while he was eminently satisfying in the duet with Faust, "Be Mine the Delight," and in the mock serenade "Catarina." Mr. Carl Formes' powerful baritone voice was used with artistic judgment in the numbers allotted Valentine, Marguerite's brother, his songs being rendered with heartfelt passion. Miss Thelma Carter as Siebel, and Miss Vera Bedford as Martha were well equipped for their parts, Miss Carter singing the "Flower Song" with nice apprecia-The choruses were given in spirited style, and the costumes and groupings were strikingly effective. The orchestra was under the direction of Mr. Gustave Slapoffski, whose control was superb.

"TALES OF HOFFMAN."

Seats were at a premium on Monday night, when "The Tales of Hoffman" was presented for the first time in Auckland. Full of delicacy and fantasy, seductively appealing in its musical note, Offenbach's piece was hugely enjoyed by the great audience, the three love episodes of the susceptible Hoffman, as told to comrades in Luther's wine cellar, forming complete miniature operas in addition to the prologue and epilogue. Mr. Ralph Errolle, in the exacting part of Hoffman, bore the main portion of each act, singing with warm feeling tempered by artistic restraint. The first tale was undoubtedly emphasised by the wonderful impersonation by Miss Eileen Castles of the doll, Olympia; the simper and the jerky, machine-like movements, and the doll business altogether being a masterpiece of skill. Even in her "Doll's Song," which revealed her as, a singer of exceptional beauty and melody, she managed to keep her voice handling deliberately mechanical, and a tremendous ovation was accorded her at the conclusion. the second act, with its haunting "Barcarolle," and its Venetian setting, Miss Elsie Treweek made a conspicuous success as the faithless Giuletta. Mr. Carl Formes had a rousing reception for his magnetic delivery of "As Jewels Divine," this being one of the outstanding features of the performance. In the third episode Miss Patti Russell, a young singer with a clear,

fresh voice beautifully modulated, distinguished herself by her singing and expressive acting in the role of the consumptive Antonia, Hoffman's last love, her romance, "Thou Art Flown," being marked with rare feeling. Mr. Alfredo Valenti was a weirdly dramatic figure as Dr. Miracle, his voice being used to potent effect. Miss Thelma Carter as Nicklaus, Hoffman's

followed her companion, master through all his phases, fulfilling her part with charm and vocal ease. The orchestra was an illuminating factor in the general fascination.

"LA BOHEME."

Puccini's enchanting opera "La Boheme" was given last night before a most enthusiastic audience. It will

MR. WALTER WHEATLEY, the experienced lyric tenor with the J. C. Williamson Grand Opera Company.

MISS MAGGIE FOSTER, a gifted young violinist who is proving very popular with Auckland Opera House audiences,

stand out indelibly during the season for Miss Amy Castles' superb work as Mimi, her representation of that loving unfortunate young person being one of moving pathos, her exquisite voice being modulated to express divinely tenderness, passion, love or sorrow. Mr. Walter Wheatley made an ideal Rudolph, the rich quality and sympathy of his tenor voice being apparent in "Thy Tiny Hand is Frozen," while his acting as the lover was fired with impassioned ardour. Miss Eileen Castles was a bewitching Musetta, and the presentation was further enriched by the understanding acting of Mr. Fred Collier (Schaunard), Mr. Alfredo Valenti (Celline), and Mr. Carl Formes (Marcelle), with Mr. Tom Minogue in two character studies.

OPERA HOUSE.

An all-vaudeville programme of high grade makes a special attraction at the Opera House this week and engages the close attention of patrons. There are a number of new-comers with their own particular line of goods to catch the eye and ear. Foremost is Eurasian, an Eastern necromancer, who mystifies everyone with strange tricks, some new and some old, but all neatly executed. An effective artist is De Sylvia, a graceful figure in black and silver spangled tights who does some skilful manoeuvring on skates and performs all manner of nimble evolutions. An agreeable performer on the banjo is Mr. Louis de Blois, who in a medley of popular ballads and ditties shows his mastery ever the instrument and has the house keeping time with him, Kelly and Aldous—a man with a proclivity for eccentric stepping and a vivacious girl-provide a merry quarter of an hour with singing, dancing and exchanging crisp patter. Clegg and Hart provide a bright little act in which they make a feature of ragtime. A clever retinue of stopovers help to make the bill a highly desirable one to see. These include dainty Maggie Foster and her violin, Celia Mavis in musical oddments, the Charlebert Bros. and Harry, in one of the best tumbling acts yet seen, La Belle Marie in truly sensational trapeze work, and the harmonising Falvey Sisters. Next week the Harry Burgess Revue Company are due to open.

Miss Gertrude Johnson, the Victorian soprano, who has caught the critics' ears and praise for her work in the title role of "Lucia Di Lammermoor," is now in her third Australian operatic season. Her first essay was with the company organised by Count Fillippini to tour Queensland. was also identified with the Rigo-Slapoffski season in Melbourne last year.

"South African Pictorial" (Johannesburg) praises a young Australian in its review of "The Babes in the Wood": Nellie Fallon, as Maid Marion, is the best principal girl His Maiesty's has had in five pan-

tomimes, extending over seven Christmases, and her daintiness and charm are decidedly one of the successes of the production.

It is a matter of great satisfaction to musical people throughout the Dominion that the Williamson Grand Opera Company's tour is proving such a pronounced success. The company is noted for its good all-round quality, rather than for the possession of many big stars, poorly supported in the smaller roles. In the present company all the smaller roles are well filled, the chorus is excellent, and the orchestra a worthy part of the scheme. No doubt, also, the company will become a permanent institution in Australasia. The material in it is too good to lose, not to speak of the good singing material that will be coming forward now that there is some real encouragement for Australian and New Zealand singers.

"CAVALLERIA RUSTICANA."

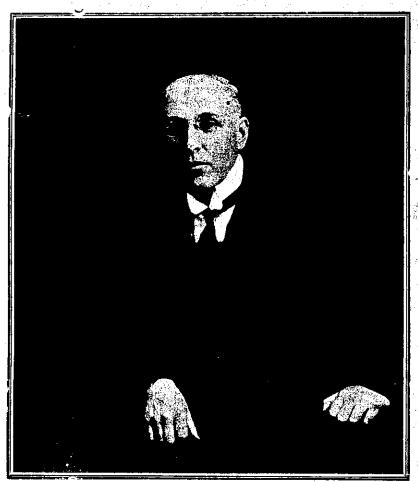

In "Cavalleria Rusticana" the curtain rises on Easter Day in a Sicilian village, and Santuzza, who loves Turiddu, thinks that her sweetheart has returned to his old love, Lola. Alfio enters and sings of his trust in Lola, his wife. Follows the Easter hymn by the peasants, after which Santuzza sings how Turiddu, return-ing from war, finds Lola, his plighting from war, finds Loia, his plighted bride, wedded to Alfio; how his love turned to herself; and how Lola would entice him away from her. There ensues the scene between Turiddu and Santuzza, the latter charging her lover with treachery. Lola appears and woos Turiddu from the side of the girl. Alfio enters and Santuzza tells him that Lola is unfaithful. The husband declares that he will be revenged. When the peasants come from the church, Turiddu gaily asks them to drink. Alfio refuses the cup, and Turiddu dashes the wine away. Alfo accepts the challenge, and they retire to fight, Turiddu first singing the farewell to his mother. With the agitation of the people on the stage, and the cry of "Turiddu is killed!" Mascagni's "Rustic Chivalry" comes to an end.

the misgivings of Suzuki, her faithful handmaiden, who does not believe in Pinkerton's promised return. The harbour guns announce the arrival of the man-of-war. Now Butterfly's transports know no bounds. She and her three-year-old baby, "Little Trouble," are adorned in their best. As night deepens the curtain falls on the pathetic figure of Butterfly, watching for the return of the husband who has forsaken her. The next day Pinkerton brings with him the girl whom he has married in America. Butterfly bears the blow with gentle dignity, but her heart is broken and taking her fathe sword tragically ends her life. father's

"I PAGLIACCI."

In "I Pagliacci" Tonio, the clown; appears in front of the curtain and sings the prologue. In the first act the pagliacci (strolling players) come to an Italian village. Canio (Punchi-nello) goes off to an inn, and the people, singing the Bell Chorus, retire. Nedda, Cario's wife, sings the Ballatella, or Bird Song. Tonio makes love to Nedda but is driven off threatening vengeance. Silvio, the girl's lover, enters, and their passionate duet is interrupted by the appearance of Canio. Silvio goes, and Canio is left facing his wife. Nedda refuses to tell the name of her lover, and, left alone, the tortured husband sings the magnificent "Vesti la Guibba." The second act shows the play of the pagliacci. It is a comedy of the loves of Columbine, Harlequin and Punchinello. But Canio, overwrought, forgets the comedy, and demands again the name of Nedda's lover. He sings the dramatic "No, Punchinello, No More!" and the stage audience, thinking that he is acting, cry "Bravo!" Calling again for the name of her lover, Canio rushes upon Nedda and stabs her. Silvio springs from the audience to aid the girl, and Canio, shouting "Ah, 'twas you!" kills his

"MADAME BUTTERFLY."

Lieutenant B. F. Pinkerton, of the United States Navy, contracts a marriage with Cho Cho San, known among her friends as Butterfly. After a month of happiness with his Japanese wife Pinkerton leaves for America promising to come back when "the robins nest again." Three years elapse. The curtain rises on a sadder little Butterfly, but one with faith unshaken in the return of her husband. She declines to listen to

Montague was the founder and director of the Auckland Shakespere Society over a number of years, and the very high standard of work attained by that society is still remembered by all enthusiasts. It is his intention, now that the war is over, to revive these readings during the coming winter season, and he invites all those who desire to become reading members to communicate with him at once. Apart from the usual readings during the season, Mr. Montague plans to present a great Shakesperian costume performance in the large Town Hall about July. He is also forming a Comedy Club in Auckland, to be called, probably, "The Comedy Players Club," with a view of presenting some of the modern comedies of the day. Those wishing to gain stage experience of the right kind are invited to send their names to Mr. Montague at once, as a performance of two short comedies is contemplated at an early date, and the casts are now being arranged.

Mr. Harry Cohen, son of Mr. Albert Cohen, of Dunedin, who is bringing over an American company to play "Scandal," left San Francisco by the Tofua, which is due in Wellington on March 3.

. Amongst the engagements made by J. C. Williamson, Ltd., for their forth-coming production of "Tilly of Bloomsbury" is that of Mrs. Robert Brough, who will have a congenial role in Ian Hay's wonderful comedy, which is one of the outstanding successes of the London stage. Mrs. Brough, needless to add, will be given a right royal welcome from playgoers, who have never ceased to keep for her a cosy corner in their hearts.

THE SUBMARINES AND BOVRI

During the War food supplies were greatly restricted in the United Kingdom owing to the submarine blockade, and Bovril was so indispensable to the soldiers, wounded, and the people that it had to be retained in the British Isles, where it is made, or sent to the fighting fronts.

Fresh supplies of Bovril have now arrived, and there is no longer any need to make shift with substitutes which lack its unique vital and energising properties.

Bovril is the food whose body-building rowers have been proved by independent scientific experiments to be from 10 to 20 times the amount taken.

Mr. Benno Scherek, who has introduced many musical stars to New Zealand, is on the musical staff of the Williamson Grand Opera Company. During the past five years he has been professionally engaged in England and America.

Mr. E. Pirie Bush, of the Williamson Musical Comedy Company, has received cabled instructions to proceed to Sydney by the first steamer. He is due to appear in a new comedy entitled "Tilly of Bloomsbury."

Clarkson, after a short stay in Australia, will leave by the Megantic for New York, via Panama. He will visit France and England before coming back to New Zealand.

At a conference of the Amateur Athletic Union of Australia and New Zealand at the Sports Club, Sydney, at which the full board of control was present, Mr. Richmond Coombes was elected president for the 23rd year in succession. Mr. Parkinson, of Victoria, in moving that Mr. Goombes be president, paid a high tribute to his labours in the athletic field, and Mr. Brown, of Queensland, the seconder, said that there did not exist in the world a better authority on amateur sport.

A member of the United States Senate, Mr. Theodore E. Burton, of Cleveland, Ohio, who is at present visiting the Dominion, is making a close study of social and political questions.

Mr. David Carter, manager for the Union Steam Ship Company for Fiji, has been on furlough in New Zealand, accompanied by his wife. They leave on their return to Suva by the Navua on February 28.

The red deer stalking season will open in the Wellington Acclimatisation Society's district on April 1, and will close on May 31. The Tauherenikau county, which has been closed for many years, will be reopened for the

The death was announced recently of Mr. Morris Marks, an old commercial identity of Sydney, at the age of 87 years. He was a prominent worker in charitable and philanthropic movements for many years, and one of his sons is Mr. George Marlow, the well-known theatrical manager.

The Hon. Edmund Parker, chairman of Dalgety and Co., Ltd., has arrived in Wellington. He is making a visit to the firm's branches in various parts of the Empire.

Replying to an address of welcome upon his arrival in Sydney this month, the world's champion sculler, Alfred Felton, said that all he had

After a trip to the Taupo district necessitated by ill-health, Mr. F. D. Opie, director of the Palmerston North Technical School, has returned very much benefited in health.

In recognition of its services during the war period, the military authorities are presenting the Palmerston North Band with a set of Boosey's silver band instruments.

"The only thing you can do on a slow train is to get out at every station and have a cup of tea and a sandwich," was the humorous manner in Mitchell, which Lieutenant-Colonel speaking to his constituents in Wellington, introduced a comparison of the extraordinary difference of prices charged for light refreshments on a railway station and in a city restaur-"We find," he said, "that the charge for refreshments on a Government station restaurant is twice as much as that for the same amount of food in refreshment rooms in the city of Wellington, with their high rents."

Mr. and Mrs. Richard Dwyer, of the Empire Hotel, Wellington, who left on a trip to England, Ireland, and the United States about eight months ago, returned to Wellington by the Moana last week.

Mr. W. Crow, for many years private secretary to various Ministers, has been appointed to a position in the Library and Information Bureau attached to the office of the New Zealand High Commissioner in London. He leaves for England next month by the Athenic.

When Mr. W. E. Caldow, Wellington, left London in November, the hotel bars were still observing wartime hours, and there was no sign of a reversion to the old hours. The bars are permitted to be open only from noon till 2.30 p.m., and from 6 p.m. to 9 p.m. "Invariably," said Mr. Caldow, "there was a queue outside each hotel at noon waiting patiently for the doors to open—and 75 per cent. of those in the line were women."

taking of deer this year. For the deer (Sambur) stalking season, Horowhenua has been added to the list of counties in which Sambur deer may be taken. The game shooting season will open on May 1, closing on July 31. The imported game to be taken only under a license includes cock pheasants, hares, Californian and Australian quail, while the native game which may be taken without a license include grey ducks, teal ducks, and black swan.

In a recent issue of the "Commonwealth Gazette" it is notified that as a precaution against disease the importation to Australia without a certificate of cleanliness of brushes of any description of toilet articles containing hair of animals which have been manufactured in Eastern or South-Eastern Asia, India, Ceylon, Japan, and East Indian Islands, or the Philippine Islands, has been prohibited. The exportation of birds of paradise or their plumage has also been prohibited.

ever learned about rowing was taught by ex-champion Peter Kemp. "To him," he went on, "I owe my successes, both in England and New Zealand. Dick Arnst's advice to me has always been most valuable. When I went to England I had no intention of rowing there, but feeling that was quite acclimatised I thought I would have a go at England's best. "On August 16 I met Ernest Barry, but a difficulty arose as to what the tide should be. Barry was very stubborn, and the first meeting did not bring about a match. The second time clinched the contest, but I had to give way on two big points. Barry was perfectly confident, even more so than in previous matches. In the "Daily Mail" office, London, we signed for a race on the Parramatta on September 1. Barry told me he expected to leave for Australia at the end of February." Jim Paddon, the Australian champion, has challenged Felton, and wants the event rowed within a month or two of the return Barry-Felton match.

The death is reported from South Australia at the age of 94 years of Major-General Stewart (father of Mr. J. H. Stewart, of Mount Pleasant Estate, Bathurst), who saw service under the Duke of Wellington in the Peninsula war against Napoleon's marshals, which commenced in 1808. He was in Spain with the British forces when Marshal Soult was defeated at Albuera; was with Wellington at the capture of Cindad Rodrigo; and at the defeat of Marshal Marshal Marshal at the defeat of Marshal Mar and at the defeat of Marshal Marmont at Salamanca in 1812. Major-General Stewart accompanied the British forces in their occupation of Madrid after the defeat of the French at Vittoria that same year. The Peninsula general came to Australia in 1833, died in 1845. He was buried in a magnificent vault on the top of Mount Pleasant.

The Paris correspondent of an American journal states:—American tourists are being urged by the Government to come to France. Hundreds of thousands of them, possibly a million, are expected to bring here mililons of dollars that will help to rebuild France. Aside from the idea of cementing the two nations' friend-ship through better acquaintance, the tourist movement is regarded by those interested as a great new business enterprise, immediately and immensely profitable, and one that will grow. Incidentally, it is said, the coming of Americans who can afford European travel at its present cost will aid in the various forms of foreign financial aid France is seeking. A definite plan to reserve rooms for coming tourists has been started already. All hotels in France, numbering about 25,000, have been asked to submit their rates and to pledge themselves not to charge more in the case of the Government-conducted travellers. The lodging difficulties and the high cost of everything are recognised by all, but it is believed a great flood of travel will come in spite of the cost. The Government's aim is to see that travellers are not charged more than the information agencies estimate, and that they are given benefit of advice and aid in making their stay in France enter-
