*Use these Sprayers and stop
 having crops like this*

With an Alpha Sprayer you need not lose one apple through insect pests next summer. The Alpha saves labour, too—no continuous pumping. Simply compress the air at the start and the powerful spray lasts for a complete charge.

**ALPHA
 SPRAYERS**

save work, spray more efficiently and can't get out of order. There are no intricate parts, and no internal works at all. Alphas easily repay their original cost by the larger profits they bring.

Various sizes obtainable from all stores. Write for beautifully illustrated catalogue—interesting to every fruit grower.

TO
TOMATO-GROWERS !

I HAVE now a limited stock of the reliable Soil Fumigant—

MATADOLEO.

No more Sleeping-sickness.

No more Eelworm.

TOMATO-GROWING A PLEASURE.

Once used always used !

This is the specific about which Mr J. Paterson, of Timaru, gave such a glowing account in this Journal. Mr. Paterson attributes his success in eradicating all disease from his tomato-houses to the use of **Matadoleo**.
