

**THE SILVER MEDAL HAYSWEEP THAT IS
LOUDLY PRAISED BY N.Z. FARMERS—
Whether on flat or undulating country.**

**'ANDREWS'
HIGH SPEED
HAY SWEEP**

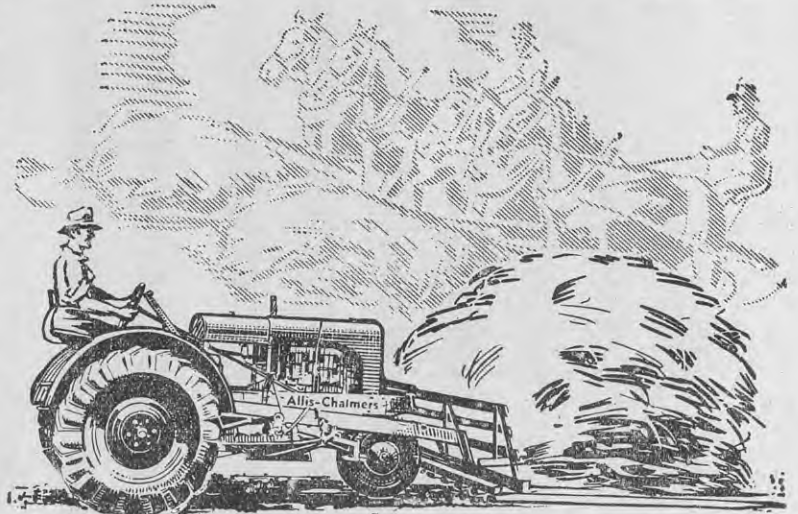

The tips of the tynes control the lay of the sweep to the contour of the ground. THE POINTS SKIM AND BEAR ON THE GROUND EVENLY. Gives CLEANER PICKING UP of hay, straw, etc. With this Sweep maximum speeds can be maintained with ease.

Saves Time, Labour and Money. KEEN EXPRESSIONS OF OPINION: Just a few of the many received—

"I have been operating one of your sweeps on a 101 Massey for some considerable time, and I have no hesitation in recommending it to anyone. It picks up clean and I can conscientiously say we have used it on all classes of country—furrows, gullies, etc.; and we have never broken a tyne, and can bring in huge loads. We have swept right after the mower without raking. It picks up perfectly clean. We have operated on lucerne, oat hay, rye grass and clover and also swept right after the Header Harvester."
(Signed) A. SAVIN, Ellesmere.

"I am pleased to say that I can thoroughly recommend the Andrews & Beaven Sweep which was sold to me by H.S. Motors Ltd. At the time I purchased this sweep I was using another sweep made by another company, and I was experiencing trouble with broken tynes. The paddock was a very rough one with quite a few drains. After fitting the Andrews & Beaven Sweep, I experienced no further trouble. I have pleasure in recommending this sweep to any farmer who requires one of these units.
(Signed) H. W. BARKER, "Acton," Hexton, Gisborne.

"The Hay Sweep I purchased for Allis-Chalmers, Model W.C., has given complete satisfaction. I have done quite a lot of contracting, and I have swept in about 300 acres of hay and 100 acres of grass seed. This was quite an experiment and was a great success. It kept a mill going quite easily; in fact, in one paddock it kept the mill and hay press going at the same time. I also swept in 80 acres of green grass, straight behind the mower, without raking, and made quite a clean job. I can thoroughly recommend this sweep to anyone."
(Signed) F. SOMERTON, Hexton, Gisborne.

**THE MOST OUTSTANDING AND EFFICIENT
HAYSWEEP ON THE MARKET**

**WORKS FASTER THAN
TWO HORSE SWEEPS**

Let your experience be the same . . . place your order without delay. The "ANDREWS" can be fitted to most tractors or trucks . . . all we require is the make and model details.
