

BETTER for ALL FARM WORK

GOOD YEAR TRACTOR TYRES with Modern Scientific Tread SAVE TIME — MAKE MONEY

ALL TRACTION
Tractor Tyre
—
SURE GRIP
Tractor Tyre

Now — no matter where you farm, what kind of crops or the nature of your soil — if you operate a tractor you can multiply its benefits and uses many times by using *Goodyear Pneumatic Tyres*.

Their modern scientific treads have more grip . . . more traction — they do all work better, faster and easier besides saving a large percentage of your operating and maintenance costs.

A GOODYEAR TYRE FOR EVERY JOB — EVERY SOIL

Goodyear builds the world's most complete range of Tractor Tyres — with treads specially designed to give maximum traction in every type of soil and work.

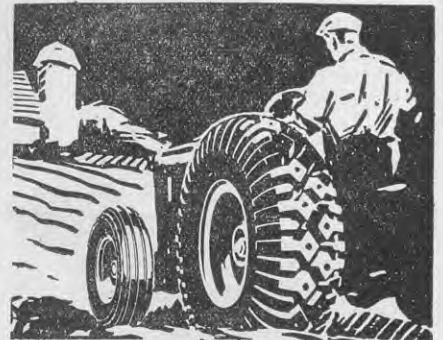

Let your Goodyear Dealer help you select the type to suit your needs.
