

Take good care of your

FRIGIDAIRE

Keep in touch with your Frigidaire Dealer

THE requirements of the armed forces today are so great that refrigeration for civil needs has almost been put in cold storage for the duration.

But Frigidaire dealers everywhere are still fully equipped for complete servicing of every Frigidaire they have sold. Every part of New Zealand, however remote, is covered by **Frigidaire service.**

Thus, even in war-time, Frigidaire keeps faith with Frigidaire owners.

A PRODUCT OF GENERAL MOTORS.
