

Our fight for freedom is a fight for the right of a new generation to make a new world. In the world of to-morrow the good things of life, such as Onehunga Blankets, will be restored in plenty. Until then the Onehunga mills must weave for war and supply warmth and comfort for those on active service. Please remember this if you cannot buy Onehunga Blankets, and join with us in the hope that a new to-morrow will soon dawn in which peace and plenty return to our land.
