

'PHENOVINE'

(PHENOTHIAZINE)

**removes more worms
in one dose than any
other remedy**

WHY?

FIRSTLY because Phenothiazine gives wider and more efficient control than any other drug yet discovered.

SECONDLY because, unlike any other drug, it sterilises the worm eggs at dosing and for a period of 4 to 5 days thereafter. Consider that one infected sheep can deposit up to 40 million eggs on the pasture daily and you realise what this means . . . one dosing destroys up to 200 million eggs for every sheep dosed !!!

This extraordinary control explains why the demand for 'PHENOVINE' is exceeding the war-time supply.

(Registered pursuant to Stock Remedies Act, 1934.)

ALWAYS REMEMBER THAT YOUR GREATEST LOSS FROM WORMS IS NOT SO MUCH IN DEATHS AS IN THE SETBACK SUFFERED BY THE FLOCK IN GENERAL.

'PHENOVINE' IS THE ANSWER !!!

Obtainable from Stock and Station Agents.
