NEW DAIRY OINTMENT GIVES OUTSTANDING RESULTS

COOPER'S DAIRY OINTMENT is entirely different from anything else available and is a really outstanding veterinary healing ointment with more than usually powerful antiseptic properties. Already thousands of users are appreciating its unique advantages and finding it a most valuable multi-purpose remedy to have on hand.

Special Features of Cooper's Dairy Ointment!

- (1) It is an exceptionally effective anti-septic and germicidal product with a texture as smooth as vanishing cream
- (2) It has a non-greasy, water miscible base which enables it to combine effectively with skin secretions and watery discharges from wounds so that its active germicidal ingredients are brought into direct contact with infective bacteria and wounded tissue.
- (3) It does not form a hard, sticky film and can readily be washed off with warm water, without soap.
- (4) It assists in preventing mastitis.
- (5) It will not taint milk.

(6) Its lanoline content is absorbed into the surface layers of the skin and exerts protection against chapping.

(7) It is beneficial to milkers' hands.

(8) It is invaluable as a veterinary ointment for udder massage, treatment of chapped and cracked teats, skin wounds, cuts, abrasions, dermatitis, eczema, calving, lambing and general use.

(9) With all its advantages, COOPER'S DAIRY OINTMENT costs only a few pence per cow per year more than ordinary petroleum jelly.

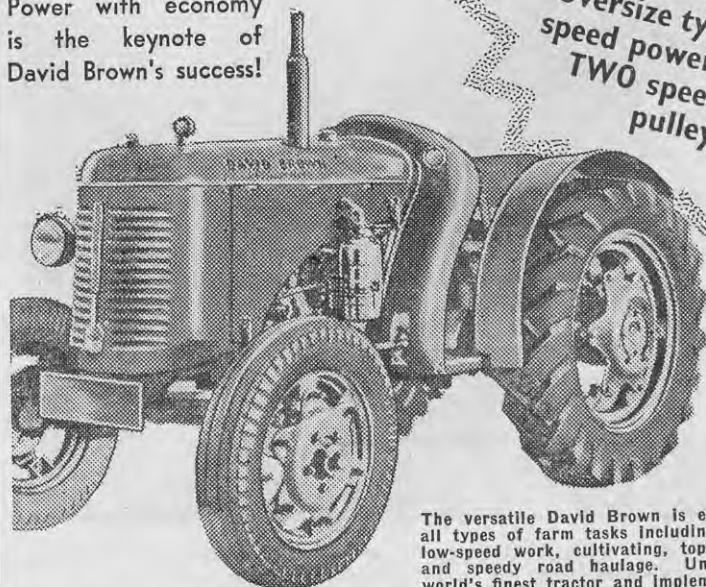

Make sure you get COOPER'S DAIRY OINTMENT next — a trial will prove the claims. Available in 2lb. tins from Dairy Companies, Stock and Station Agents, or Merchants.
