FIRES

OUT before they put
you out!

Fight Fires the Modern Way
—with a BROWN BROS.'

FIRE FIGHTING UNIT

A small fire can develop and burn out a farmstead. Be prepared: our standard portable fire fighting unit (powered by a Briggs & Stratton engine) has won high praise everywhere for dependability in rural fire-fighting. It's always "at the ready"—and will not let you down when fires threaten.

M^cCORMICK INTERNATIONAL

N^o 45 PICK-UP BALER
NEW and FASTER
AUTOMATIC Baling

PRICE

It is estimated
will sell for
£500

F.O.R. Branches.
Subject to change without
notice.

Here is a NEW, precision-built baler, priced within the range of small farms. The No. 45 sets new high limits of capacity and money-earning ability, saves labour and lowers maintenance cost. These details show why —

● Operates from power take off shaft of tractor, Farmall H or its equivalent.

- Entirely automatic — no man required on baler. Bale Chamber, 14in. x 18in. turns out from 2 to 5 rectangular bales of sliced hay per minute, 30in. or 36in. in length.
- Adjustable tension for regulating density of bales.
- Adjustable pick-up height.
- Trouble-free knotters of entirely new design.

See the new Pick-up Baler at your local Agent or at

International Harvester Co. of N.Z. Ltd.

Auckland, Palmerston North, Wellington, Christchurch (Head Office) and Dunedin.
