

Over one million
PALLO
 Cupboard Catches
 in use
 in New Zealand

If you want a cupboard catch that will stand up to wear and rough treatment and still maintain its good looks and efficiency, turn to PALLO—the Pallo single and double cupboard catches. After years of continual improvement the Pallo Cupboard Catch with its fine quality chromium finish, is as sturdy and reliable as continual cupboard use demands.

Specify Pallo — Fit Pallo
 Depend on Pallo.

PALLO CUPBOARD CATCHES are available from all Hardware Merchants and Builders' Suppliers. Manufactured by Pallo Engineering Ltd., Wellington.

A new use
 for
**TOMOANA
 DAIRY
 RATION?**

Research workers in America have recently had success in the prevention of bloat, by feeding cattle certain concentrates.

It seems that ingredients in Tomoana Dairy Ration may have the same beneficial effect. Numerous farmers have spontaneously testified to favourable results in bloat prevention, from feeding 2lbs. Tomoana Dairy Ration daily in the bails. The evidence so far is convincing, but would not warrant the claim that in all cases Tomoana Dairy Ration is a sure preventative.

If we can't find a preventative for bloat that will enable us to make full use of our clover, Mr. Bruce Levy has stated "It will be a national calamity".

It is hoped that the tests with Tomoana Dairy Ration this year will be conclusive.
