'WEEDONE

Service

means real

WEED

CONTROL

WEEDONE research goes on continuously. Here in New Zealand, as in other parts of the world, WEEDONE products and methods are rigorously and ruthlessly tested in the field before they are offered for use. Season by season, more WEEDONE products are developed—many with highly selective properties. One or more of them will prove the answer to your weed problem. The WEEDONE SERVICE begins with skilled advice. Ask your nearest Weedone Service Distributor—he'll visit your farm and advise you on the spot.

FOR FREE EXPERT ADVICE . . . Consult your nearest Weedone Service Distributor.
