

Over one million
PALLO
Cupboard Catches
in use
in New Zealand

If you want a cupboard catch that will stand up to wear and rough treatment and still maintain its good looks and efficiency, turn to PALLO—the Pallo single and double cupboard catches. After years of continual improvement the Pallo Cupboard Catch, with its fine quality chromium finish, is as sturdy and reliable as continual cupboard use demands.

Specify Pallo — Fit Pallo
Depend on Pallo.

PALLO CUPBOARD CATCHES are available from all Hardware Merchants and Builders' Suppliers. Manufactured by Pallo Engineering Ltd., Wellington.

LEADING FARMER
SAYS ABOUT —
ELASTRATOR
CASTRATION
AND TAILING

"HUMANE"
"QUICKER"
"SAFER"
"NO FLY STRIKE"
"NO SHOCK"
"LAMBS MOTHER-UP AT ONCE"

A BAY OF PLENTY
FARMER WRITES:—

"One of the best points about the Elastrator is that it does away with the knife. It cannot be anything like the shock of other methods, as the lambs 'mother-up' in a way I have not seen before, and go ahead without check. I do 900 lambs in 5 main drafts. I have had no fly strike. There was doubt about a new method when I bought the Elastrator, but many farmers here use it now and I predict that it will become general. Killing sheets and condition of lambs is a great advertisement for Elastrator."

THIS IS THE MODERN METHOD—

The rubber ring is affixed to the purse, above the testicles. Circulation is stopped. The testicles and purse atrophy and fall off, completing castration. Get full particulars from your Stock Agent, or direct from

ELASTRATOR CO. LTD., Box 26, Blenheim.

M'CORMICK INTERNATIONAL

No. 45 PICK-UP BALER
NEW and FASTER
AUTOMATIC Baling

Here is a NEW, precision-built baler, priced within the range of small farms. The No. 45 sets new high limits of capacity and money-earning ability, saves labour and lowers maintenance cost. These details show why—

● Operates from power take off shaft of tractor, Farmall H or its equivalent.

● Entirely automatic — no man required on baler. Bale Chamber, 14in. x 18in., turns out from 2 to 5 rectangular bales of sliced hay per minute, 30in. or 36in. in length.

● Adjustable tension for regulating density of bales.

● Adjustable pick-up height.

● Trouble-free knotters of entirely new design.

See the new Pick-up Baler at your local Agent or at

International Harvester Co. of N.Z. Ltd.

Auckland, Palmerston North, Wellington, Christchurch (Head Office) and Dunedin.
