

# Railway Wagons and Tarpaulins

## How Do You Leave Them?

Mr. Wagon User! Do you fold the tarpaulins and close wagon doors after unloading at your delivery station? If you already assist in this direction, the Railways are grateful; but if you do not, your co-operation in the future would be appreciated. Unfolded sheets and open doors cause train delays, especially at flag stations. And nobody can afford to lose time these days. By leaving tarpaulins and wagons in proper order for quick pick-up you'll help the Railways to help wagon-users in general.

### Time Saved

Means More  
Wagon Journeys

### FARMERS EVERYWHERE

# A better BUTTER market through the

## Port of London

ONE of the advantages of the Port of London as a destination for dairy produce shipped to Britain, is its central position for distribution to the world's greatest consumer area. Produce such as butter is handled with efficiency and despatch; if required it can be stored in warehouses in the centre of the metropolis under the most suitable conditions.

Expert handling and ideal storage have helped to make the Port of London the Empire's premier port. If your goods are for Britain, ship them via the Port of London. A magazine telling you more about the Port is available. Write for your copy to the Editor, The P.L.A. Monthly, The Port of London Authority, London, E.C.3, England.

# AUSTIN LOADSTAR

## 2-3-5 TONNERS

## BIG POWERFUL DEPENDABLE

Another Austin triumph, the brilliant new Loadster is the truck you've been waiting for — it works harder because the driver's work is easier. New cab features include — All-steel cab; comfortable seating for three; adjustable driving seat; divided windows of toughened sheet glass; twin rear view mirrors.

Austin — you can depend on them.
