

**...don't  
let yours stand  
idle!**

No Briggs & Stratton engine need stand idle when Brown Bros. can send you promptly any spare part required, whatever the model. If your Briggs & Stratton engine is not running satisfactorily, our service engineers can advise you (state clearly the "symptoms").

**MOST IMPORTANT:**

When writing state clearly the model letter and type serial number of your engine.

Only Oliver offers a choice of four track widths in a farm crawler — the Oliver Model "OC3", available in centre-to-centre track widths of 68, 60, 42, and 31 inches. You can pick the model that meets your farming requirements best. It's a real profit-producer on hard-to-work acres . . . an efficient, economical tractor in sand, muck and on high country. **The safest tractor ever built.**

The low centre of gravity in the Model "OC3" enables you to go up and down or along the contour of hillsides with safety.
