

*The power that turns
the earth*

BBETTER cultivation methods have been man's constant aim since he first gained crops from the soil. And when Rotavator introduced complete cultivation with one implement men of many nations recognised its advantages at once. That's why the demand for Rotavator Power-driven Rotary Hoes has been so phenomenal. From the war's end to 1951—six short years—Rotary Hoes Ltd., of England, have supplied no fewer than sixty-five countries with these versatile machines—from the handy two horse-power Rotavators to the big powerful tractor driven models. And the demand is increasing all the time. It's this huge global need which keeps the large Rotavator factory busy . . . producing the Rotary Hoes that are constantly increasing and improving the world's primary production.

ROTAVATORS LTD

Obstinate cases need longer and stronger treatment—
—use Vetspen Cerate "100" (100,000 units penicillin) once or twice daily. Vetspen Cerate (25,000 units penicillin) is recommended for ordinary cases; for difficult cases use Vetspen Cerate "50" (50,000 units penicillin) or Vetspen Cerate "100".
All are made with prolonged action procaine penicillin.
AVAILABLE THROUGHOUT NEW ZEALAND.

**For only
1/6
per month
you can feed
a 2 oz. daily
ration of**

this highly concentrated food. It contains absolutely no fibre—that is why such a little is necessary to balance up your rough fodder with the essential food elements which are lacking at this season of the year. Keep your hoggets growing through the winter with a daily ration (1½ ozs. will work wonders).
