

**Feed One Teaspoon
per calf each day**

**AND PUT BACK
THE BUTTERFAT VITAMINS**

The vitamins in CALF EMULSION replace the butterfat vitamins, the absence of which often leads to scouring. Vite-A-Dee Emulsion mixes right through the skim or whey and your calves find it so palatable, that quite literally, they lick it up to the last drop.

Three times more powerful, germicidally, than pure carbolic acid Dettol, as supplied to the Royal Veterinary College, London, has many advantages. Use Dettol for the cleansing of wounds; as a lotion in suppurative conditions; for vaginal irrigation; for the routine disinfection of udders; for sore and cracked teats. Dettol is gentle and safe on the tenderest tissues, and most agreeable to use.

'DETTOL'

THE MODERN ANTISEPTIC

Obtainable in one gallon tins from
your Chemist, Veterinary Club, or
Stock and Station Agent.

Reckitt & Colman (New Zealand) Ltd., Pharmaceutical Division, Bond Street, Dunedin.
