using the  
**ELASTRATOR**  
method—

Castrate Calves, lambs  
without setback — use

## ELASTRATOR

and the Rubber Ring.

Calves on the bucket or on the dam castrated with the Elastinator Rubber Ring go ahead without setback. The younger the better. Safe, bloodless, simple and effective. Widely acclaimed by American and Australasian cattlemen.

Sheep too! The ELASTRATOR is made to order for dairy farmers who run small flocks. Simply carry the ELASTRATOR and rings in your pocket, apply rings to new born lambs—the castration is easy, bloodless and effective.
