

Scientific proof that Phenzeen Plus gives Maximum Kill

Scientific tests were recently carried out by the Commonwealth Scientific and Industrial Research Organisation in Australia to determine how fine the phenothiazine particles must be for greatest effect.

Elliotts Fine Particle Phenothiazine, as used in Phenzeen Plus, was proved to have the correct sized particles necessary for **MAXIMUM KILL**.

Elliotts manufacture their own raw material and are thus always able to ensure fine particle phenothiazine of correct particle size for maximum effectiveness.
