

Introducing
the first

AUTOMATIC phenothiazine DRENCHER

with built-in
Stomach Tube!

PREMIER PHEN-MASTER

It's the first of its kind . . . specially built, not merely adapted, for internal (oesophageal) drenching. The stomach tube is pre-directed and self-guided down the gullet. It's fast, clean and accurate. It ends wool-staining. There's no irritation or discomfort for the sheep. And it's safe—hundreds of thousands of sheep have been drenched by Premier pre-directed tubes without a single report of the tube entering the windpipe. Fully illustrated instructions supplied with each instrument. Available from stock firms everywhere.
