# Automatic AGEE PRESERVER

Preserving is a pleasure instead of a problem when you use the AGEE Automatic Preserver. Simply bottle your fruit and vegetables, place the jars in the Preserver, set the **thermostatic control**, switch on and sit back.

With the Agee, you can take advantage of seasonal fruit and vegetable glut, and forget about shortages. The Agee takes eight standard preserving bottles at a time . . . convenient for half-gallon jars as well . . . which means that a year's bottling can be done in only a day or two.

Remember, too, that the Agee is fitted with a special tap and makes an ideal hot water urn, finished in burnished copper.

#### GUARANTEE

The Agee Automatic Preserver is guaranteed for 12 months and the high-speed 2,000 watt element for 2 years.
