

FACTS ABOUT SHEEP WORMS —

DO YOU KNOW

- That the female stomach worm can lay 5,000 eggs per day for many months?
- That an infested lamb can carry 1,000 female worms, producing a total of 5 million eggs per day?
- That in severe infestations these numbers can be higher?

Good feeding and management are essential factors in worm control, so also are **GOOD DRENCHES**.

**AND GOOD DRENCHES MEAN
COOPER DRENCHES**

**THERE IS ONE FOR EVERY PURPOSE
STOMACH and INTESTINAL WORMS . . . COOPAZINE LIQUID**

The COOPER brand of phenothiazine. This high grade liquid drench comes to you mixed and ready for use to save you time and trouble. Coopazine is also available in tablet and powder form with the same high Cooper quality.

TAPEWORMS . . . COOPER'S N.C.A. DRENCH

A scientific blend of Nicotine and Copper Sulphate to give positive kill of tapeworms and also general worm control.

LIVER FLUKE . . . COOPER'S FLUKE and WORM DRENCH

Based on Carbon Tetrachloride in high grade mineral oil, this is the recognised remedy against fluke.

WILMO LAMB CASTRATOR

Special features about this efficient and up-to-date instrument are that there is no changing position in the hand after removing the tail and cutting the purse for extracting the testicles; there is no continuous and tiring pressure to hold the testicles. The slightest touch on the lever closes the clams and once the strain of extraction starts the clams will not slip, tear or let go until the operation is completed. Then the clams automatically open, eject the testicles and are in a position for the next extraction. The blade is made of special steel and can easily be renewed when required.

The Wilmo Castrator is strongly constructed of heavily nickel-plated gun metal and will last a lifetime. It is hygienic and fast.

Repeater HYPODERMIC SYRINGE

The Wilcox Mofflin Hypodermic is a high quality precision instrument for fast, accurate and hygienic inoculation.

It is strong, light, durable and possesses several exclusive features that put it in a class of its own. 20 c.c. capacity and adjustable for 1 c.c. to 5 c.c. doses. Price 93/6 with two needles.

**ALSO AVAILABLE IS THE
VANDERMIC SYRINGE**

This is a light, unbreakable NYLON hypodermic graduated from 1 c.c. to 20 c.c. and fitted with double suction washers. Indestructible under any normal conditions and made to give long and satisfactory service. Supplied with needle. Price 18/9.
