

*Ripe on time* for a rising market

A glutted market . . . yet you feel fine! Your fruit is fresh from the trees . . . stored away from waste and rot in your Westinghouse Recold Cool Store. You can afford to wait for a rising market when extra pennies are paid for every pound of fruit . . . pennies that can mean a fat increase in every season's fruit cheque from now on.

If you haven't a Westinghouse Cool Store in your orchard, start things happening right away and beat the glut!

*Free*

It doesn't cost you a penny to have your orchard inspected and an estimate given for this money-making, fruit-saving project.
