REGINA (CANADA).—A reward is offered for **Ladislav Y. He should have from \$5,000 to \$10,000 in cash and diamonds. He claims to have been an officer in Hungarian army; also claims to speak seven or eight languages. His features resemble those of a well-dressed Jew. He claims to have come to Regina, Saskatchewan, Canada, from Germany. He talks a great deal about the money he has made and about wealthy relatives. His teeth are in good condition and very prominent when he talks or laughs. He was selling real estate in Regina until he got well acquainted with the people, then he made collections and received money on property he did not own, giving bogus receipts, getting several thousand dollars in cash; then left here. This man is making a practice of winning the confidence of the people and getting money from them as deposits on real estate; also securing diamonds after winning the people's confidence, claiming that he has buyers for the same. During his stay of about six months in Regina he got away with about \$5,000. He is what would be considered a good mixer and a good dresser, wearing grey most of the time. For inquiry, and if located, report forwarded to the Commissioner of Police.
