

gentlemen's, open-faced, hunting, double-cased, or half-hunting, the term "double-cased" being reserved for those watches whose outer case is removed in order to wind, "half-hunting" implying a very small glass in the metal cover of the dial. In describing bicycles the numbers should if possible be given, and whether they are ladies' or gentlemen's. All property should be described as minutely as possible. The age, height, breed, colour, particular marks, value, &c., of horses should be given, and the brands described as fully as possible, and their exact position stated. Cattle and sheep should be also carefully described, and earmarks given distinctly in writing. In forwarding the brands of horses and cattle per telegram it should be stated of what kinds of letters the brands consist, whether of Roman capitals or otherwise.

11. Returns of Persons dealt with at Supreme Courts.—These returns will be prepared at the conclusion of each fixed criminal sitting (see Police Gazette, 1924, page 7), and will contain a record of all criminal cases dealt with by the Supreme Court between the previous sitting and the expiration of the one for which the return is prepared, together with a complete description of every person whose name appears thereon, and shall be immediately forwarded to the Commissioner of Police for insertion in the Gazette.

The member of the Force in charge of any case committed to a Supreme Court shall record on the file relating to such case a complete description, including distinguishing marks, &c., and the last Police Gazette and Photographic reference, if any, of each person so committed.

12. Rewards.—No notice of rewards offered by any private person or persons will be inserted in the Police Gazette unless there be forwarded to the Commissioner's Office the guarantee of some responsible person that the reward shall be payable to the person who performs the service for which it is offered. If such notice be communicated by telegraph, the addition of the words "Guarantee received" will be sufficient; in such case, however, the guarantee must be forwarded to the Commissioner's Office without delay.

13. Stray Cattle, &c.—No notification of lost horses or cattle will be published in this Gazette unless they be Government property; but notices of horses or cattle believed to be stolen will be inserted.

14. Supplementary Reports.—In all reports respecting cases gazetted members of the Force will quote the year and page of the Police Gazette in which the previous notice has appeared, and in reporting arrests or locations of persons inquired for should state by whom effected. Supplementary reports of cases already reported, but not gazetted, where arrests are made or stolen property recovered, should at once be forwarded to the Commissioner's Office, and should contain such information as will clearly identify the case.

15. Warrants.—All reports of crime must state whether a warrant has been issued for the arrest of the offender, and by whom and where. Should a warrant not have been issued in the first instance, but one be subsequently obtained a supplementary report announcing the issue must be immediately forwarded to all places where the original report has been sent. The supplementary report should give the date of the original crime report, or quote the year and page of the Police Gazette in which the previous notice has appeared. Persons reporting crimes shall be requested to obtain warrants whenever practicable. Crime reports relative to commitment warrants should give the full amount due, including cost of warrant, the term of imprisonment in default, and the goal to which the committal is made.

(The Member of the Force in charge of each Station will see that these Instructions are complied with.)
