

The Police Gazette is a **CONFIDENTIAL** publication, and is issued for the information and exclusive use of Members of the Police Force and Prison Officials, and its contents **MUST NOT** be disclosed to other persons.

NEW ZEALAND POLICE GAZETTE.

PUBLISHED BY AUTHORITY.

WELLINGTON, WEDNESDAY, SEPTEMBER 26, 1928.

NOTICE.—For instructions as to the manner in which reports are required to be furnished for the compilation of the Police Gazette see Gazette No. 1 of this year.

The arrest of offenders described in the Police Gazette, or respecting whom crime reports have been forwarded for insertion in the Gazette, should be promptly notified by the members of the Force effecting the arrest.

When notifying the arrest of persons charged with theft, or suspected of theft, it should be stated whether the property stolen, or any portion of it, has been recovered.

A description of property supposed to be stolen, found in the possession of offenders, for which owners cannot be found, shall be furnished for insertion in the Gazette.

All communications concerning this Gazette should be addressed to the Commissioner of Police, Wellington, and the envelope marked "For Gazette." Members of the Force in charge of out-stations will forward them **DIRECT**.

PERSONS WANTED.

WHANGAREI.—27th ultimo, on **warrant** of commitment to Auckland Prison for fourteen days in default of paying £4 16s. 9d. fine and costs for failing to deliver up military uniform, **Richard Heron Dalhousie**, age twenty-two, height 5 ft. 11 in., labourer, native of New Zealand, slight build, fair complexion and hair, grey eyes. *Paia 25/11/28*

AUCKLAND.—30th ultimo, on **warrant** for false pretences, **Jack Aubrey Cecil Rodgers**, age twenty-two, height 5 ft. 4 in., labourer, native of New Zealand, medium build, fresh complexion, fair hair, grey eyes, clean-shaved, all teeth recently extracted, flag on right forearm, fish on left forearm; dressed in a brown suit, fawn overcoat with belt, grey felt hat, and

nigger-brown shoes. Accused obtained £5 10s. from Patrick Devlin, storekeeper, 223 Jervois Road, Herne Bay, by means of a valueless cheque, No. 519007. He may be in possession of a cheque-book on the Bank of New Zealand, Auckland, No. N 519001-519024. There are other charges pending. (See Police Gazette, 1925, page 641, and Photographs, page 3.) *see 2/10/28 arrested 10/10/28*

CHARLES FERGUSSON, Governor-General.

ORDER IN COUNCIL.

At the Government House at Wellington, this 17th day of September, 1928.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

In pursuance and exercise of the powers conferred on him by the Motor-vehicles Act, 1924, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby make the following regulations, supplementary to the Motor-vehicle Regulations, 1928.

REGULATIONS.**REGULATION 1. PRELIMINARY.**

(1) THESE regulations may be cited as the Motor-vehicle (Supplementary) Regulations, 1928.

(2) These regulations shall be read together with and form part of the Motor-vehicle Regulations, 1928 (hereinafter referred to as "the said regulations").

(3) These regulations shall come into force on the 1st day of October, 1928.

REGULATION 2. APPROVAL OF FITTINGS AND APPLIANCES

(1) The Minister may consider the suitability of any appliance, apparatus, or device or any type of appliance, apparatus, or device intended to be used on or in connection with a motor-vehicle in terms of the said regulations, and if such appliance, apparatus, or device, or such type of appliance, apparatus, or device is approved by the Minister for use in terms of the said regulations by notice published in the *Gazette*, the use of an appliance, apparatus, device, so approved, or of a type so approved shall, while such appliance, apparatus, or device is properly maintained in efficient working order, be deemed to be a compliance *pro tanto* with the said regulations.

(2) The Minister may approve in the manner aforesaid of any appliance, apparatus, or device, or any type of appliance, apparatus, or device for fitting to and use on a motor-vehicle, additional to the lamps or lights authorized or prescribed by Regulation 3 of the said regulations, and thereupon an appliance, apparatus, or device so approved, or of a type so approved, may be fitted to and used on a motor-vehicle notwithstanding anything to the contrary in clause (13) of the said Regulation 3.

(3) Any approval given under this regulation may in manner aforesaid be at any time withdrawn by the Minister.

REGULATION 3. LIGHTHOUSE SIGNS.

(1) Notwithstanding anything to the contrary in Regulation 16 of the said regulations, traffic signs (hereinafter referred to as "lighthouse signs") of the type in which the warning is conveyed partly by a flashing lamp or light, or by a reflector, and partly by appropriate words or approved symbols, or both, may, if they conform to the following description and requirements, be used in addition to the traffic sign of Class A and in substitution for the traffic signs of Classes B and C under the said Regulation 16.

(2) Of the said Regulation 16 only clauses (15), (16), (19), (20), (21), and (22) shall apply to lighthouse signs.

(3) The symbol to be used in a lighthouse sign to denote the proximity of a railway level crossing shall be the letters "R. R." No other symbol shall be used in a lighthouse sign unless the symbol is already approved by the Minister for use for traffic signs by notice published in the *Gazette*.

(4) Lighthouse signs shall be substantially in the form of the diagram in the Schedule hereto, and shall be of the measurements indicated and of the colouring described in the said Schedule.

(5) Where a lighthouse sign is proposed to be erected by any person authorized thereto by the controlling authority pursuant to clause (19) of the said Regulation 16, no such authorization shall have any force unless given by an agreement in writing (the terms of which are approved in writing by the Minister) made between the controlling authority and such person.

REGULATION 4. MODIFIED BRAKING REQUIREMENTS FOR SELF-LAYING TRACK VEHICLES.

In terms of clause (3) (e) of Regulation 1 of the said regulations, the type of motor-vehicle of the self-laying track type, having a continuous band or bands as its sole means of loco-

motion or traction, or having in addition thereto no more than two wheels in contact with the ground is hereby exempted—

- (a) From that requirement of clause (3) of Regulation 4 of the said regulations which provides that one brake on a motor-vehicle must be a hand-brake.
- (b) And from the requirement of clause (6) of the said Regulation 4.

REGULATION 5. REQUIREMENTS RELATING TO REAR REFLECTORS.

Clause (4) of Regulation 7 of the said regulations is hereby revoked and the following clause substituted therefor:—

“(4) No person shall operate any motor-vehicle which is not equipped with a fixed red reflector affixed to the rear thereof as near as possible to, or forming part of, the tail light, which reflector shall conform to the following requirements:—

- “(a) It shall have an effective reflecting surface of not less than two square inches in area:
- “(b) It shall be set perpendicularly:
- “(c) It shall be so set as to reflect directly to the source of light any light shining from rearward of the vehicle within a horizontal arc of not less than 40 degrees on either side of a line directly to the rear of the vehicle:
- “(d) It shall be of sufficient reflecting power to make visible under normal atmospheric conditions at any point within the said arc at a distance of at least 150 ft. from the vehicle a light which is directed towards it from that point, and which complies with the requirements of clause (12) of Regulation 3 of the Motor-vehicle Regulations, 1928.”

REGULATION 6. AMENDMENT RELATING TO STEERING.

Paragraph (a) of clause (8) of Regulation 13 of the said regulations is hereby revoked and the following substituted therefor:—

- “(a) Shall not, while the vehicle is in motion, remove more than one hand from the steering wheel, lever, handle-bar, or other steering control.”

REGULATION 7. AMENDMENT RELATING TO LOCAL SPEED LIMITS.

Clause (5) of Regulation 15 of the said regulations is hereby revoked and the following clause substituted therefor:—

“(5) Any controlling authority which has fixed, whether before or after the coming into force of these regulations, or which may hereafter fix, any speed limit for motor-vehicles or any class of motor-vehicles under any statutory power conferred upon such controlling authority independent of these regulations, shall forthwith erect on every road or portion of a road to which such speed limit relates, and at all times while such speed limit is in force shall maintain thereon the traffic-signs of Class D required pursuant to clause (12) of Regulation 16 hereof, and shall forthwith send to the Minister a sketch plan or map of the road or locality showing the position of the traffic-signs erected, and from time to time a sketch plan or map showing any alteration made in the position of the traffic-signs erected and for the time being maintained; and the provisions of clause (6) of this Regulation 15 shall apply in the case of any by-law or enactment whereby such speed limit is fixed.”

SCHEDULE.

DESCRIPTION AND MEASUREMENTS OF LIGHTHOUSE SIGNS.

The lighthouse sign is to consist of three parts, one part being hereinafter described as the head, and corresponding to the portion marked “A” in the diagram hereunder, the second part being hereinafter described as the neck, and corresponding to the portion marked “B” in the said diagram, and the third part being hereinafter described as the body, and corresponding to the portion marked “C” in the said diagram.

The head shall be approximately in the form of a circle, not more than 2 ft. 10 in. nor less than 2 ft. 4 in. in diameter, and shall be the portion from which the flash light shall shine through a coloured lens, or on which the reflector shall be placed (as the case may be). The reflector, or the aperture for the lens, as the case may be, shall be circular, and the diameter shall not be less than 10 in. On the head shall be conveyed the traffic warning by letters or an approved symbol, or both, through which also the flash light (if any) may shine in a white or approximately white colour. On the periphery parallel to the road may be displayed in the case of a sign on a main highway, a main highway number allotted by the Main Highways Board, and this number may be illuminated by the flashlight from within the head. The head shall be used

for no other purposes than the foregoing. The top of the head shall be not more than 10 ft. nor less than 8 ft. from the ground. The portion of the head facing traffic which approaches on the near side shall be that which carries the warnings, and shall be coloured yellow, but any letters or symbols used to convey a traffic warning shall be outlined in black or (if not perforated for the flash light to shine through) coloured black, and shall be plain and legible and uniform in size and of a minimum height of 3 in. The remainder of the head shall be coloured black. The lens or reflector (as the case may be) shall be coloured either red or amber according to the warning intended to be conveyed as follows:—

Red.—Where the warning refers to a bridge, railway crossing, or the close or termination of a road.

Amber.—Where the warning refers to a curve or curves, angle or angles, or a grade in a road, or an intersection, school, hospital, or any other similar need for caution of traffic.

Where the danger is of a compound nature then the colour of the flash light shall indicate the danger which the controlling authority shall decide to be paramount in the combination. Where, instead of a flashing lamp or light, a reflector is used, such reflector shall be efficient and permanent as regards material, construction, colour, and visibility.

The distance by which the neck separates the head from the body shall be at least 6 in., and the entire neck shall be coloured black and be without letterings or other markings.

The height above its foundation of the body of the traffic-sign shall not be more than 5 ft. 4 in. The body shall not exceed 2 ft. 6 in. in width nor 1 ft. 8 in. in depth. The foregoing measurements may be, exclusive of architectural mouldings, reasonable in dimensions. On the side of the body nearest to and parallel with the road may be displayed information relating to the maintenance of the traffic-sign (which shall be in letters not greater than 2 in. in height) and directional arrows, mileage, and information of historical interest relating to the neighbourhood. This latter side of the body shall be used for no other purpose.

Any colouring in the body shall conform to good taste, and shall not be of a violently contrasting nature. In the event of any dispute concerning the conformity of colouring to these requirements, the Minister's decision shall be final.

Return of Persons summarily convicted at Magistrate's Court, but not sent to Gaol.
