"(6) For the purposes of the last preceding clause the Minister shall take into account the following road expenditure and liabilities, and no other, for the period of two years ending on the 31st day of March last preceding the date of the application made under clause (4) hereof, as certified by the Commissioner of Transport:—

"(a) The amounts expended to preserve such roads or keep them in a state or condition conforming as nearly as possible to the general features of their original condition without adding thereto or making replacements other than those necessary to a limited extent to preserve such condition:

"(b) The interest and sinking-fund charges on all loans or portions of loans raised by the local authorities solely for the improvement of the surface of such roads:

"(c) Such amounts expended out of revenue for the improvement of the surface of such roads as are apportioned to the above period by the Commissioner of Transport for the purposes of this clause.
