Memorandum.]

Prisoners' Records.

As the letters "R and W" indicating the prisoner is able to read and write are in these days of a fair standard of education practically worthless and meaningless, in future the

precise degree of education (or lack of it) is to be entered in police records, and such descriptions as the following are to be used instead:—

Illiterate.
Standard I, II, III, or as the case may be.
Secondary School.
College.
University.

When a prisoner is a "fireman," this is to be defined as "Railway Fireman," "Ship's Fireman," or "Fire-brigadesman" as the case may be.

Commissioner of Police.
