

The revolutionists of Ecuador, who are under the command of General Maldonado, are not meeting with the success which the sudden outbreak in Guayaquil first promised. They have been arrested in their progress, and we hope that their country will soon see the end of them. President Borrero has issued a proclamation from which we take the following passages: "The new revolution is a criminal attempt to disturb the religious, social and political order which we now enjoy in Ecuador. It is on those men who deny the divinity of our Lord Jesus Christ, who pretend that the people are above God, who demand the abolition of religious marriage, and who have chosen as their leader a soldier who is a traitor to his duty, that the responsibility of this attempt lies. People of Ecu-

ador! if you are a Christian people, defend your God, combat atheism. If you are an enlightened people defend society which is menaced in Ecuador, rise against the International and the Commune, protect your families and reject civil marriage." It is reported that this proclamation has been productive of the happiest result. The people are cheerfully paying the war tax which is to cover the deficit caused by the seizure of the revenues of Guayaquil by the insurgents. As time goes on the people are becoming sensible of the dangers that are threatening their country, which the Catholic government of the martyred Garcia Moreno has made prosperous and happy, and which the leaders of the present rebellion would reduce to a state of anarchy and decay.

HISTORICAL! Vide "Jurors Reports and Awards, New Zealand Exhibition." Jurors: J. A. Ewen, J. Butterworth, T. C. Skinner. "So far as the Colony is concerned, the dyeing of materials is almost entirely confined to the re-dyeing of Articles of Dress and Upholstery, almost useful art, for there are many kinds of material that lose their colour before the texture is half worn. G. HIRSCH, of Dunedin (DUNEDIN DYE WORKS, George street, opposite Royal George Hotel) exhibits a case of specimens of Dyed Wools, Silks, and Feathers, and dyed Sheepskins. The colors on the whole are very fair, and reflect considerable credit on the Exhibitor, to whom the Jurors recommended an Honorary Certificate should be awarded." Honorary Certificate, 629: Gustav Hirsch, Dunedin, for specimens of Dyeing in Silk Feathers &c.
