EARLY CLOSING ASSOCIATION.

"We believe that all that this movement needs, in order to commend it to the reasonable part of the community, is to set it in its true light. It is not a matter in which the question as to the relation of employers and employed to each other is involved. The promoters of this movement are the employes; but it is not in a spirit of antagonism to their employers, as if to relieve themselves from oppression, that they are going about it. Nor is it a matter involving the personal interests of the employers. Some of the heads of establishments, we are aware, are viewing the movement with a very unfriendly eye, as if it were a dead set made on them personally for the purpose of snatching the bread out of their hands. But really, this boon sought is for the heads and subordinates alike; and the boon is sought at the hands of the public, who, in this case, hold the reins, and drive both the shopkeepers and their assistants at their own sweet will. The whole thing is a movement to educate the public to do their shopping within reasonable hours, and if this could be accomplished no one would be a loser, but all—shopkeepers, assistants, and public—would be gainers in many directions.—Extract *New Zealand Christian Record*.

The leading firms have adopted the Early Closing Movement, because the bulk of the public desired this *Social Reform*. Now, Reader! Do you think the assistants who enjoy their Saturday evening, being themselves free, are content to see their brethren deprived the boon?

We respectfully urge you to make your purchases, as far as convenient, during the week, or certainly before 6 on Saturdays.
