**A CERTAIN CURE FOR CHOLERA AND ALL SUMMER DISEASES.**

**THIS WONDERFUL PREPARATION**

Acts directly upon the nervous system and allays the pain instantly, by virtue of its sedative properties. It is also a powerful diffusive stimulant, very penetrating in its nature, and when applied to any part of the system affected with pain or swelling, it finds its way at once to the seat of the disease, and assists nature to remove the cause. It restores the equilibrium of the fluids of the system by regulating the secretions and excretions, an obstruction of which is the immediate cause of all pain. Incredible as it may seem that one medicine should be adapted to the treatment of such a variety of complaints, it is nevertheless a fact that practice and experience have proved to be true what theory would seem to deny; for in hundreds of cases where this preparation has been used it has saved life, after science and skill had been completely baffled, all hope abandoned, and the patient's life despaired of. It is safe and sure, does its work quickly and effectually, and is the most reliable remedy in use for all painful affections, and just the article needed in every family,

Wherever this Medicine is freely and faithfully applied it is impossible for Pain to continue to exist for any considerable time.
