The open country—hilly, though not high,
and at present covered with heavy fern,
flax, koromiko, and other native plants,
possessing, as it does, good river bound-
aries, and being intersected by
numerous creeks, is capable of easy
improvement by burning and surface
sowing, and will, by proper manage-
ment, shortly carry a very heavy stock
of either sheep or cattle.

To Capitalists there is not a better or safer
investment in New Zealand than this Property
affords at the price demanded, and the oppor-
tunity of acquiring such is rapidly passing
away.
