The 42nd annual report of the New York Life Insurance Company has just reached us, and it will be seen from the figures in another column, is of characteristic brilliancy. The volume of its business is enormous, and the rapidity of its progress most remarkable. Indeed, it displays the mark of a century in a generation, therefore it is not for prolonged life that we can ascribe its greatness, and we can only liken it to the country to which it is indigenous, which, though one of the youngest among the family of nations, is yet one of the most flourishing and powerful of its race. This grand Company has now upward of £61,000,000 at risk, and has for 42 years discharged its obligations with honour to itself and in widespread relief to the recipients of its faithfulness.—*N.Z. Times*, 7th April, 1887.
