A PUBLIC APPEAL TO THE INHABI-TANIS OF DUNEDIN.

ADIES and Gentlemen .- Kindly allow us through this medium to ask you for your Practical Opinion and Personal Judament.

We believe there are few cities in the Colony where sterling worth, in any person or thing, is more appreciated than in Dunedin, and Practical tradesmen coming into the c ty, who are able to offer goods of Superior Styles and Qualities, and give Advantages in the Prices are sure to receive a good measure

of public support.

Envy and jealousy, less or more, among men of similar businesses always exist, and when we "came into" Dunedin several years ago, our "going out" was very soon wished for, and we believe, if inclined to go to-day, we might retire with a pension from several Boot Dealers. Our envious friends will not be surprised to hear that we are "going," but it is a going into the Boot Business. Stronger than ever. Harder than ever. Bigger than ever, and we mean to contest every inch of the Booting ground in the city more defiantly and more valiantly than ever.
We, the Great Public Benefit Boot Manu

facturing Company, 46 Princes street, respretrully call uron you to see and judge for yourselves whether we are not far above all competition, and out of reach of various
